Respondents.)	

PETITIONERS' NOTICE OF FILING OF EXHIBIT 17 (PART 2)
TO VERIFIED PETITION

COME NOW Donald J. Trump, in his capacity as a Candidate for President, Donald J. Trump for President, Inc., and David J. Shafer, in his capacity as a Georgia Registered Voter and Presidential Elector pledged to Donald Trump for President (collectively "Petitioners"), Petitioners in the above-styled civil action, by and through their undersigned counsel of record, and give notice of the filing of **Exhibit 17 (Part 2)** to their Verified Petition to Contest Georgia's Presidential Election Results for Violations of the Constitution and Laws of the State of Georgia, and Request for Emergency Declaratory and Injunctive Relief.

Respectfully submitted this 4th day of December, 2020.

SMITH & LISS, LLC

/s/ Ray S. Smith, III
 RAY S. SMITH, III

Ex. 2 to Petition:
Braynard Declaration

AFFIDAVIT OF MICHAEL LACAGNINA

Comes now, Michael LaCagnina, and after being duly sworn makes the following statement under oath

1. My name is Michael LaCagnina.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] Georgia 30306.
4. Although I now reside in Fulton County, I am registered to vote in DeKalb County. During early voting, I arrived at the DeKalb County polling precinct on Sunday, October 25, 2020 around 3:00 p.m. at Coan Recreation Center located at 1530 Woodbine Avenue SE, Atlanta, Georgia 30317.
5. As I waited in line to vote, I watched as the man in line in front of me was questioned by the poll worker.
6. After the man showed the poll worker his ID, she asked him if he received an absentee ballot. I heard him tell her that he had received an absentee ballot. The poll worker then asked the man where his absentee ballot was. He responded that "It's in the car, should I go get it?" The poll worker shook her head indicating "no" and gave the man one of the plastic cards to use

in the voting machine. I watched the man proceed to the area with the voting machines.

7. After I voted at the voting machine, a different poll worker was waiting by the scanner where I was supposed to scan the ballot which the machine had printed. The poll worker beside the scanner took my ballot from me and looked over the candidates I had chosen. He then took my ballot and plastic card from me and thanked me. I did not see him scan my ballot.

8. The whole experience made me feel uncomfortable, and when I left the polling precinct I immediately called my friend, Mitchell Watkins, who is an attorney. At the time we discussed whether the man in line had been able to vote twice, and whether the poll worker beside the scanner had actually scanned my ballot after he had taken it from me and reviewed the candidates for whom I voted. I was concerned but only after the election did I see the significance of the activities I witnessed.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this ^{30th} ~~17th~~ day of November, 2020.

XXXXXXXXXXXXXXXXXXXXXXXXXXXX

Michael LaCagnina

State of Georgia
County of DeKalb

Appeared before me Michael LaCagnina, this 30th day of November 2020 and after being duly sworn, stated the forgoing statements are true and correct to the best of his knowledge and belief.

Notary Public – Ruthann P. Lacey
My Commission Expires: February 28, 2024

This Affidavit was notarized pursuant to Executive Order 04 09 20 01 using Zoom as real-time

in the voting machine. I watched the man proceed to the area with the voting machines.

7. After I voted at the voting machine, a different poll worker was waiting by the scanner where I was supposed to scan the ballot which the machine had printed. The poll worker beside the scanner took my ballot from me and looked over the candidates I had chosen. He then took my ballot and plastic card from me and thanked me. I did not see him scan my ballot.

8. The whole experience made me feel uncomfortable, and when I left the polling precinct I immediately called my friend, Mitchell Watkins, who is an attorney. At the time we discussed whether the man in line had been able to vote twice, and whether the poll worker beside the scanner had actually scanned my ballot after he had taken it from me and reviewed the candidates for whom I voted. I was concerned but only after the election did I see the significance of the activities I witnessed.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this ^{30th} ~~XX~~ day of November, 2020.

County of DeKalb

Appeared before me Michael LaCagnina, this 30th day of November 2020 and after being duly sworn, stated the forgoing statements are true and correct to the best of his knowledge and belief.

Notary Public – Ruthann P. Lacey

My Commission Expires: February 28, 2024

This Affidavit was notarized pursuant to Executive Order 04.00.00.01 using Zoom as real-time audio-visual communication technology.

AFFIDAVIT OF MICHAEL HOOVER LAWSON

Comes now, MICHAEL HOOVER LAWSON, and after being duly sworn makes the following statement under oath:

1. My name is Michael Hoover Lawson.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] Georgia 31788, in Colquitt County.
4. I arrived on election day at the precinct in Berlin, Georgia, at approximately 7:00 am to vote.
5. I presented my drivers' license to a poll worker at the check-in table who scanned it and provided me with a plastic voting card and directed me to the voting machines to begin voting. I put the card in the voting machine and it told me I had already voted. I took it out and put it in again and it said the same thing again. I tried a different machine but when I put the card in a different machine it told me again that I had already voted. A poll worker tried to clear the error message on the voting machine but was unable to do so.

6. I returned to the check-in table and the poll workers called someone on the phone and typed something in to the iPad and then gave me another plastic voting card and directed me to the voting machines again.

7. This time when I inserted the card, I did not get the error message. After I made my voting selections, I printed my ballot and carried the printed piece of paper to the scanning machines to cast my ballot.

8. This was a recurring problem while I was at the precinct as I saw several people being told they had already voted, either at the check in station or by the voting machines, and they all stated that was incorrect as they had not voted yet.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 18th day of November, 2020.

MICHAEL HOOVER LAWSON

Appeared before me MICHAEL HOOVER LAWSON, and after being duly sworn, stated the forgoing statements are true and correct to the best of HIS knowledge and belief. I verified HIS identity and witnessed HIS signature via FaceTime at 5:48 am/pm on the 18th day of November, 2020.

LORETTA T. McCRANIE, Notary Public

My commission expires 03/15/23

AFFIDAVIT OF MICHAEL STEVEN OPITZ

Comes now, Michael Opitz and after being duly sworn makes the following statement under oath:

1. My name is Michael Steven Opitz.
2. I reside at [REDACTED] Marietta, GA 30063. I have previously served as a Special Agent with the Office of Special Investigations (OSI) for the United States Air Force. I had the responsibility of investigating crimes on military bases that involved military personnel. As part of my job as a Special Agent, I understood the importance of security and chain of custody when preserving evidence.
3. On November 15, 2020, I served on the Vote Review Audit Panel for the Risk Limiting Audit of the November 3rd General Election in Cobb County, Georgia. The task of the Vote Review Audit Panel was to conduct a full manual tally of all ballots assigned to our group by county employees. The purpose of the election audit was to determine potential voter fraud as well as to determine any inaccurate tabulations.
4. The Review Panel consisted of four members: a Democratic representative, a Republican representative, and two county employees. I served as the Republican representative. At this time, I do not recall the names

of the other members. We conducted our review at the Jim R. Miller Park in Marietta, Georgia.

5. As part of our review process, we had to determine that the marks on corrected ballots matched those of flawed ballots. I was told that flawed ballots were those in which the machine would not count. I assume flawed ballots were corrected by county employees. Party representatives did not correct the ballots but were present to ensure that the corrected ballots matched the flawed ballots. We also completed and reviewed tally sheets showing how many votes each presidential candidate received as well as the number of flawed ballots that could not be corrected.

6. After our group of four members finished reviewing the first set of corrected ballots and annotating the total counts for the presidential candidates, I asked if we, the Republican and Democratic representatives, needed to sign or initial the tally sheets listing the total vote breakdown for each presidential candidate. Our table coordinator/manager who was a county employee told me that we did not need to sign or initial the count sheets.

7. The ballots and sheet totals were then placed all in an unsecured U.S. Postal Service tray rather than a sealed, tamper-proof container. The tray was then moved to another area. The area in which the ballots and tally sheets were moved was out of my sight and observation. The tray had an open lid,

making it easily accessible to anyone who wanted to access the ballots and tally sheets. Any individual could have altered the tally sheets or ballots.

8. I am concerned that the tally sheets were not placed in a secure box with a chain of custody document. There should have been a time and date stamp with witness signatures for each presidential tally sheet. Without a proper chain of custody, it is difficult to detect voter fraud and to prosecute those who commit voter fraud.

I declare under penalty of perjury that the foregoing is true and correct. Executed this 30th day of November, 2020.

Notary Public

My commission expires 03/15/2023

AFFIDAVIT OF MICHAEL J. STRUTTON

Comes now, Michael J. Strutton, and after being duly sworn makes the following statement under oath

1. My name is Michael J. Strutton.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at 8875 Meadow Walk, Villa Rica, Georgia 30180.
4. I arrived to vote on November 3, 2020 between 10:00 and 11:00 at Ephesus Church located at 8445 Ephesus Church Road, Villa Rica, Georgia 30180.
5. As I went to vote, I gave the lady at the precinct my identification. The lady issued me a digital card to vote in the voting booth, and as she was preparing the digital card, the lady took the card out of the computer and said something was wrong with the card. She stated: "That card doesn't work." The lady set the card aside and gave me different digital card to use which lead me to believe that she had configured the first card against the ballot and issued me a "dummy" card or something. I voted with the second card and got a printout. I took the printout to the ballot reader which rejected my printout three times in a row. Finally, they did something to the scanner, and the

scanner accepted my ballot. I don't know what the person did to cause the printout to go through the scanner.

6. I did look at the printout of my ballot, and the ballot appeared to be correct. However, the scanner didn't seem to want to accept the printout.

7. Since I was suspicious of the lady issuing the digital card, I made sure to vote in the booth closest to the lady. I wanted to see what she was going to do with that card. She just kept it in her left hand off to the side the whole time I voted. She registered another person and kept the first card to the left. She kept the card separate from the pile she had in front of her. When I left the voting precinct, the card remained in the lady's left hand.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 17th day of November, 2020.

A handwritten signature in dark ink, appearing to read "Valerie Mueller", is written over a horizontal line.

State of Georgia
County of Douglas

Appeared before me Valerie Mueller this 17th day of November 2020 and after being duly sworn, stated the foregoing statements are true and correct to the best of his knowledge and belief.

Notary Public

My commission expires 8/10/2021

AFFIDAVIT

STATE OF GEORGIA

COUNTY OF COBB

Personally appeared before the undersigned attesting officer, duly authorized to administer oaths in said State and County, Michelle Branton, who after being duly sworn, deposes and says upon oath:

1. My name is Michelle Branton, and I am a resident of Cobb County Georgia. I am employed by Georgia Republican party as a Field Organizer. I am over the age of 18 and make these statements based on my personal knowledge of the facts, matters and events described herein.
2. As I stated, I am employed by the Georgia Republican Party and so for the November 3, 2020 General Election, I was to be involved in monitoring the ballot counting process. On the night of the November 3rd election, I was assigned by Regional Field Director Brandon Moye to be a Poll Watcher and to report to the Fulton County Board of Elections Warehouse, located at 1365 English Street NW, Atlanta, Georgia, at 6:30 p.m..
3. After arrival, I was then reassigned to the State Farm Arena in downtown Atlanta to watch the processing of Absentee Ballots and arrived at around 8:15 p.m. At State Farm arena, I joined Mitchell Harrison, Field Organizer for the GAGOP. Mitchell and I entered the State Farm Arena at the same time as the news crew from Fox News which included their broadcaster, photographer, and producer.
4. Upon arrival in the processing room located on Level 5 of State Farm Arena, we were supposed to watch the processing of the Absentee Ballots from the observation area which was delineated by a fenced area of roping secured by posts. This observation area we were put in was very distant from the staff actually processing the ballots. The room where the ballot processing took place is a very large room, and this distance effectively prevented our actual observation of the process. In addition, other areas of this -- again very large -- room were not visible at all from our observation area.
5. For example, the machine that copied the UOCAVA electronically received ballots (sometimes called military ballots) onto a paper copy of same could only be viewed from the side and the

doors to that area were positioned in a way that prevented us from any viewing of this process. Additionally, the scanners that scanned the absentee ballots were not visible to us at all.

6. The only way we knew that the scanners were located across this large room and was that Regina Waller, Public Affairs Manager for Elections was onsite and she described the process to Mitchell and me. There were several different news crews that came and went that evening from this same observation area. The Chairman of the Fulton County Commission, Robb Pitts, was there most of the night along with his personal assistant, another lady, and his security guard. At the time, I thought it was unusual that the Commission Chairman would be personally involved in the processing of ballots. Chairman Pitts left before the processing stopped later that evening. Additionally, Joe Carn, another Fulton County Commissioner was also onsite. Mr. Carn stayed until right before the processing stopped and spoke with Mitchell and me. Regina Waller, Public Affairs Manager for Elections for Fulton County was also onsite for the entire time and was still onsite when we departed.

7. As the night progressed, most of the staff processing the removal of the inner envelopes and ballots from the outer envelope of the Absentee Ballots stopped working; however, there was one employee that continued working when the others had stopped. That last employee to finish was a younger woman. After that last employee completed her stack at approximately 10:30 p.m., a woman across the room where the scanners were allegedly located yelled to everyone to stop working and to return the next day at 8:30 a.m. This lady had appeared through the night and Mitchell and I believed her to be the supervisor. The supervisor was an approximately 35-35 year old female, with hair that was blonde and braided which came at least to the middle of her back in length.

8. After the "supervisor" gave her instruction, nearly all of the staff workers left, except the supervisor described above, another much older lady that had a shirt on that said "Ruby" on it, and one other lady that I cannot recall her appearance, and Regina Waller, the Public Affairs Manager for Elections. so, at the time that work stopped at about 10:30 I recall those four employees remaining.

9. At this same time,, we along with the Fox News crew were the only other persons as I recall left in the room. We had been instructed by Brandon Moye to obtain the number of ballots processed and the number that were still remaining to be processed We attempted to obtain

this information three separate times from Regina Waller and she would not give an answer and she also appeared to be calling someone asking them for advice on how to respond to our request. Afterwards, Regina Waller would only say "it could be obtained on the website".

10. After concluding that Regina Waller would not give us this information on the number processed versus the ones still left to be processed,, we along with the Fox News crew left the State Farm Arena shortly after 10:30 p.m. When we left, Regina, the "supervisor" and only two other people remained in the area of the scanners, the lady with the "Ruby" on her shirt was sanitizing the tables and tablecloths, and the third lady was further across the room and I could not tell what she was doing. Regina Waller was sending an email, as she relayed to us, when we left.

11. We were then told to return to the Fulton County Board of Elections Warehouse on English Avenue. Shortly after we arrived at the Warehouse Facility, Regina Waller entered the facility within 15-20 minutes of when we arrived. The English Avenue facility is a huge warehouse storing election machines, scanners and other election equipment.

12. Sometime thereafter while still at English Avenue, Mitchell Harrison and Brandon Moye advised they heard counting was still going on at State Farm Arena and Mitchell Harrison and Trevin McKoy, field organizers, were sent to confirm the ballots were again being counted at the State Farm Arena. I did not go with them on the return to State Farm.

FURTHER THE AFFIANT SAYETH NOT.

Michelle Branton

Sworn to and subscribed before me
this 8th day of November, 2020.

Notary Public

STATE OF GEORGIA

COUNTY OF CHEROKEE

I personally appeared before the undersigned arresting officer duly authorized re-appearance within the same and County Watched Hurdson who after being duly sworn, depose and say upon oath

1. My name is Kiersten Korman, and I am a resident of Cherokee County Georgia. I am a college student, but also work for the Georgia Republican Party as a Field Organizer. I am over the age of 18 and make these statements based on my personal knowledge of the facts, matters and events described herein.

2. As part of my assignment with the Georgia Republican party, I am to monitor ballot counting and processing in Fulton County. On the evening of election night, November 3, 2022, I reported to the Foreign Consulate office located at 1445 English Street in Atlanta. There I met with Brandon Moore, the Georgia Field Director. Brandon assigned Michelle Branson and I to go oversee the counting of absentee and military ballots at the State Farm arena location in downtown Atlanta. I understood that Michelle and I were to be involved in closely monitoring the ballot counting process.

3. After arrival at State Farm arena, Michelle and I were taken to an observation area located on level 3. Michelle and I arrived there was also a news crew from Fox News, Fox Business, and Fox Sports. For Fox News, this included their broadcaster, photographer, and producer. The observation area itself was raised off, leaving us very far away from the ballot counting activity we were assigned to oversee. Also, there were additional areas of the large counting room that we could not see or get close to enter, doors, and walk. We were specifically instructed by Fulton officials that we could not leave this area to observe from any other location or vantage point.

4. The room where the ballot processing took place was very large, open and there were a lot of employees working there. I am not sure of the exact number. Additionally, I recall that Scott Hays, the Chairman of the Fulton County Board, was in the counting room and stayed through

for most of the night. The fact that the FBI had a command center in the rooming house area, and kept going upon with all the

5 It was frustrating during the time Michelle and I were there because we were kept so removed from where the ballot processing and counting activity was actually taking place. The location and layout of the observation area, obviously, made it difficult to observe much that was going on in the ballot counting area.

6 For example, the machine that counted the ballots physically counted ballots, converted in paper military ballots into paper ballot counts only for removal from the box and the count. The machines were positioned in a way that prevented us from seeing of the process. Additionally, the screens that showed the absentee ballots were not visible to us at all.

7 The only way we knew that the screens were located behind this large room was that Regina Walker, Public Affairs Manager for Elections spoke to us at one point and she described the process in Michelle and my ear. There were several different news rooms that came and went that evening from the large observation room.

8 Sometime after 10 o'clock p.m. the counting activity slowed. Sherry Winters, a younger lady with long braided hair told her fellow staff that they should stop working and come back tomorrow (the next day, the Monday November 6th) at 8:30 A.M. Thereafter, at just a shortish interval later some 7 men, wearing just the black hooded lady pants shorts and I assumed was the supervisor, two older ladies and Reginald Walker at the console. The lady had appeared through the night and Michelle and I observed her to be the supervisor.

9 Another lady we had been given by Brandon was to inquire how many ballots had been produced and how many were still left to go. We posed these questions to Regina Walker, the Public Affairs Manager for Elections. She seemed uncomfortable at first answering us and she asked someone when we interpreted as asking for help on how to respond to us. Ultimately she refused to answer our questions and told us we had to "look it up on the internet" in all, we spoke Regina Walker for this information at least three separate times and she would not give us an answer.

10 After concluding that Regina Walker would not give us the information on the number processed versus the ones still left to be processed we stopped with the Fox News crew left the

C Document 1-3 Filed 12

with some other security after 10:30 p.m. When we left England, the "Security" consisted of other people remaining in the area of the scanners.

11. We were then told to return to the Fulton County Board of Elections Warehouse at England Street. Shortly after we arrived at the Warehouse Facility, Regina Walker entered the facility and the 15-20 minutes of which we arrived. The English Street Facility is a huge warehouse containing election machines, scanners and other election equipment.

12. Someone there told while still at English Street, we heard from news reports that ballot counting was still going on at State Farm Arena, even though we were told it had ceased for the night and would not resume until Wednesday morning. So, Brandon Moore asked Timon McCoy and I to go back to State Farm arena. Then we just before 10:00 AM on Wednesday morning.

13. When Timon McCoy and I arrived at State Farm, we were told that counting had been going on, but had just ended in the last few minutes. We asked the security representative to take us to the ballot counting area, initially he was hesitant and called his supervisor for instruction. This second person arrived, saying agreed to take us in. He told us the same was true. After we arrived at the same observation area, there were two counting tables. Again we were told that despite counting the ballots had "just finished" and that there had been about 5 people there. Timon and I thought this was odd because at 7:30 P.M., Regina Walker and the supervisor both had said they were done counting for the night and would not resume until 6 A.M. the next morning.

FURTHER THE AFFRANT SAYS THIS NOT.

Notary Public

AFFIDAVIT OF MITCHELL WATKINS

Comes now, Mitchell Watkins, and after being duly sworn makes the following statement under oath

1. My name is Mitchell Watkins.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] Georgia 30316.
4. I am registered to vote in Fulton County. However, I requested an absentee ballot, which was sent to my relatives' house at [REDACTED] Montgomery, Alabama 36111. I received the absentee ballot there sometime in early October. However, during that time I grew worried about whether the absentee ballot would be timely processed, and I decided to vote in person instead. I still have my absentee ballot, and have not opened the envelope in which it was sent.
5. During early voting and in the week before Election Day, I arrived at the Fulton County polling precinct located at the Georgia International Convention Center, 2000 Convention Center Concourse, College Park, Georgia 30337.

6. A friend, Michael LaCagnina, has described his voting experiences in a separate affidavit. When he voted in DeKalb County on October 25, 2020, he watched the poll worker question the man in line ahead of him after the man had produced his identification. The poll worker asked the man if he had received an absentee ballot, and after the man told her that he had received an absentee ballot, the poll worker asked the man where his absentee ballot was. The man told the poll worker that the absentee ballot was in his car and asked if he should retrieve it. The poll worker indicated that he did not need to, and the man proceeded to vote.

7. As detailed in my friend's affidavit, after he finished voting, a poll worker took his ballot from him and reviewed the ballot before my friend had a chance to scan the ballot. My friend was upset by this experience, and he called me as he left the polling precinct. He still does not know whether the poll worker ever scanned the ballot.

8. Because of my friend's experiences I have described above, I brought my absentee ballot with me to the Fulton County polling precinct. However, after I provided my identification to the poll worker, she did not ask whether I had an absentee ballot. She simply gave me a plastic card to operate the machine and pointed me towards the voting machines.

9. A sign beside the voting machines instructed voters first to return the plastic voting cards to the workers seated at the tables at the side of the convention hall before taking their ballots to be scanned. The scanner was located at the entrance to the hall. After I voted at the voting machine, I printed my ballot and began walking quickly to the scanner. By the time I was halfway across the convention hall, a poll worker seated at the tables on the side stood up and started waving at me. I ignored her and she began to run, not towards me but towards the scanner. I made it to the scanner and was able to begin scanning my ballot before she reached me. She then took the ballot from the bottom of the scanner along with my card. I believe that my vote was scanned, but I am far from certain it would have been had she reached the scanner first.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 17th day of November, 2020.

AFFIDAVIT OF MORGAN WHITE

Comes now, Morgan White, and after being duly sworn makes the following statement under oath

1. My name is Morgan White.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] GA 30062
4. I worked in Cobb County for the Parks and Recreation Department.
5. In April and into May, 2020, I was assigned to help process absentee ballot applications in Cobb County.
6. There were three rooms of people working to process the absentee ballot applications. There were 30 or more people in each room.
7. I worked this process for approximately five days.
8. I personally processed hundreds of applications a day.
9. During the work processing absentee ballot applications there were people assigned to separate ballot applications into stacks for Democratic and Republican applications.
10. I was given stacks of either Democratic or Republican ballot applications.

Page 1 of 3

11. My job was to continue processing the absentee ballot applications. Part of the process involved checking the signatures. For each application, I would scan a barcode. The signature would be brought up on my computer. The signature on the computer would be from a driver's license or other documents.

12. If the signatures matched, I would continue processing the application.

13. I was told to put to the side any absentee ballot applications where the signature did not match.

14. There were some applications I could tell the signatures did not match what was on the screen. There were some I thought there was no way the same person who signed the application signed the signature on the screen. I put any applications where the signatures did not match in a separate stack.

15. I called the supervisor to ask what to do with the stack of signatures that did not match. I showed the supervisor the signature from the computer and the signature on the application.

16. The supervisor, who was a man, said it is ok, go ahead and go forth with processing the application. In other words, go ahead and process the application in the same manner as the applications where the signatures matched.

17. I asked why we were putting applications to the side when the signatures did not match if we were going to process them in the same manner.

A handwritten signature in black ink, consisting of several loops and a long vertical stroke.

Page 2 of 3

18. The supervisor said that the people who process the ballots when the actual vote comes in would catch the mismatched signatures.

19. The environment to process absentee ballot applications was unsecure, and phones and bags were allowed.

20. It was possible for fraud to occur because of these lax security measures.

I declare under penalty of perjury that the foregoing is true and correct.

AFFIDAVIT OF NANCY M. KAIN

Comes now, Nancy M. Kain, and after being duly sworn makes the following statement under oath:

1. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
2. I reside in Marietta, Georgia.
3. I am credentialed to serve as a poll watcher at the Election Day Ballot Tabulation Center located at the Lower Roswell Road, located at Marietta, GA.
4. Around 10:00 a.m. on November 5, 2020, arrived at the Fulton County Board of Elections to witness the vote counting of absentee ballots, and vote review panel process.
5. Upon arrival, I was not asked to present my tabulation center credentials to an election official. I identified myself.
6. An election official supervisor told me where to sit, at a table next to other poll watchers and media cameras.
7. I observed a poll worker with a paper ballot voting in a voting machine.
8. There was no one verifying or supervising this procedure. To my knowledge, this does not follow the standard protocol.

9. I inquired about this nonstandard procedure to the Election Supervisor. I recorded this conversation and his explanation.

10. He said that was what they were doing with all of the ballots that are coming in and that are damaged.

11. The ballots were not being put into the scanning machine.

12. This happened for the remainder of the afternoon until I left a couple hours later at approximately 12:00 or 12:30 PM.

13. I left because I heard a supervisor say that the ballot counting was complete.

14. I then went to Dekalb County at the request of Georgia GOP by Chris Gardner's assistant because they needed help at that facility.

15. I arrived at the Dekalb County facility at approximately 1:00-1:30 PM.

16. Upon arrival I presented credentials and introduced myself to a poll watcher.

17. The poll watcher walked me around the facility and showed me where the provisional ballots were being counted.

18. I asked the supervisor what the poll workers were doing so I could understand the procedure.

19. I observed that the poll watchers were at least twenty (20) feet away from the tables where the military votes were being counted and some were duplicated so they could be in a format that could be scanned.

20. The poll watchers wanted to observe this process closer but were not allowed.

21. There were at least five (5) separate rooms where I saw they were counting, scanning, and sorting ballots, processing the Senate runoff and duplicating the military ballots.

22. I was not allowed in the room where they were scanning the ballots.

23. I wanted to go into the room where they were scanning the ballots.

24. There was a glass barrier approximately thirty feet away from the scanners that prohibited entry into the room.

25. I could not read or see the actual the ballots being scanned.

26. I wanted to read and see the ballots being scanned.

27. I spoke with the other poll watchers who could not see the process as well.

28. An attorney from the Dekalb County arrived and he told me to move away from where I was standing.

29. I told him that as a poll monitor, I had the right to observe the ballot counting process closer and walk around the tables.

30. I showed the attorney my credentials.

31. I showed the attorney the statute OCGA Section 21-2-483 which states my right to be able to walk around and observe process closer.

32. I was then able to observe the process closer, next to the tables.

I declare under penalty of perjury that the foregoing is true and correct.

AFFIDAVIT OF NANCY SPICCIA

Comes now, Nancy Spiccia, and after being duly sworn makes the following statement under oath:

1. My name is Nancy Spiccia. I am over the age of 21 years, and I am under no legal disability that would prevent me from giving this declaration. I have personal knowledge of the following facts, and if called to testify, I would testify under oath to these facts.

2. I reside at [REDACTED] Georgia 30009, and I am a registered voter in Fulton County, Georgia.

3. I was a Fulton County poll watcher. I observed early voting at Newtown Park on October 24, 2020. While there I observed the poll manager giving a clipboard and a list of information to the assistant manager who used the keyboard to input that data into the poll pad (iPad) used to scan voter ids. I spoke about this with an experienced poll worker (has worked multiple elections) in another precinct, and he said he could not think of any reason for inputting information from a clipboard into the poll pads (iPads).

4. I observed voting on election day at Shakerag Elementary. I observed numerous voters over a period of several hours who scanned their ids, got a green card, placed the green card into a BMD, made their selections, retrieved their printed ballots from the BMD, and then had their printed hallots rejected by both scanners on the site. When that occurred, the poll worker did not place the rejected ballots into the emergency bin on the scanner. Rather, the poll worker spoiled the rejected ballot and directed the voter to start over again. This happened to some voters up to three times before the poll worker, stating the EM code as the reason, eventually asked the voter to complete a provisional ballot. I do not know what happened to the "spoiled" ballots.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 27th day of November 2020.

DECLARATION OF NATALIE CATHERINE STARLING

Pursuant to 28 U.S.C. § 1746, I, Natalie Starling, make the following declaration.

1. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.

2. I am a voter in Screven County.

3. I reside at [REDACTED] Georgia 30467.

4. At approximately 6:40 a.m. on November 3, 2020, I arrived at the voting precinct located at the Hunters Community House, 312 Hunter's Road, Sylvania, Georgia 30467.

5. I was one of the first individuals in line to vote.

6. When I entered the voting area, there were two tables in the front that each had one tablet.

7. The poll workers at these tables were scanning our IDs.

8. I noticed that the man in front of me was confused.

9. I heard the poll worker tell him that "He had already voted."

10. Then, I noticed to my right, the same issue was occurring with the citizens at the second table.

11. These citizens could not cast a vote because they too appeared to have already voted.

12. I heard poll workers tell these citizens that they had already voted.

13. I thought maybe these incidents were a coincidence, and assumed that I could cast my ballot without a problem.

14. I have voted at this same location multiple times.

15. I have never had an issue until today for the 2020 Presidential Election.

16. As they pulled the man in front of me to the side, I noticed a woman who had received a card to vote.

17. She went to the voting booth and inserted her card.

18. The machine told her that she had already voted.

19. She returned the check-in table because the machine said she could not vote.

20. Then, it was my turn in line.

21. I came up to the check-in table and handed the poll worker my valid Georgia Driver's License.

22. The poll worker asked me verify my address.

23. I verified my address at [REDACTED] Georgia 30467 by signing the tablet presented by the poll worker.

24. The poll worker then began to ask me a series of questions: "Did you vote early?"; "Did you vote Absentee?"; "Did you request for an absentee ballot?"

25. I shook my head back and forth stating "No" to each question.

26. I did not vote early.

27. I did not vote absentee.

28. I did not request an absentee ballot.

29. At the time I presented myself to vote, I had not yet cast a ballot in the present election.

30. The poll worker also asked if I had ever resided in multiple cities, including Macon, Georgia.

31. I have never resided in Macon, Georgia.

32. My permanent address has been in Sylvania, Georgia since 2005.

33. After signing the tablet and verifying my address, the poll worker informed me that I had already voted and requested my license.

34. At this point, more and more people were being denied the ability to vote for the same reasons: poll workers were informing them that they had already cast a ballot.

35. When it became apparent that each person had the same issue, the Poll Manager took our IDs to the back in order to try to call someone and sort out the problem.

36. I witnessed poll workers inform multiple voters that they had "already voted."

37. I also witnessed voters attempting to vote and receiving a message from the voting machines and printers that said, "Printer not ready. Contact the poll worker for assistance."

38. I witnessed a voter insert her card into the voting machine.

39. The voter told me "the machine stated that she had voted twice already" and that she could not cast her ballot.

40. She informed a poll worker of this issue.

41. I could not hear exactly what the poll worker said.

42. In less than an hour, multiple people had the exact same problem: the voting machines stated that the voters had already voted.

43. I know this because I could hear the poll workers discussing this problem with other voters.

44. While waiting for the Poll Manager to return with my driver's license, I collected the names and numbers of the following individuals who had the same

obstacles to voting: Charles Hendricks, Laura Hendricks, Chris Tillman, Larry Rovers, Betty C. Lee, Tonya James 'Burroughs, Benny Weathers, and Michael Taylor.

45. The Poll Manager eventually returned my ID and instructed me to cast a provisional ballot.

46. People who had been waiting with me for their ID walked away without casting a provisional ballot.

47. At approximately 8:14 a.m., I cast an Official Provisional Ballot.

48. I also filled out additional documents such as the Absentee Cancellation Affidavit.

49. Although I did not request an absentee ballot and told the poll worker I never requested an absentee ballot, the poll worker told me to sign the Absentee Cancellation Affidavit.

50. I also received a Screven County Elections Office letter stating: "Please be advised that your ballot will be returned to the Registrar's Office where we will make every effort to determine whether or not your vote can be counted."

51. Out of a room of ten people, only two of them were able to vote electronically without any issues.

52. Only 20% of the people in the room were told that they could vote while the other 80% were told that we had already voted.

53. After I exited the precinct, I called the county registrar.

54. Specifically, I called Debbie Brown at (912) 564-2783.

55. I spoke to the secretary for Ms. Brown.

56. The secretary informed me that, across the county, voters were being forced to cast provisional ballots because the records stated they had already voted.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 3rd day of November, 2020.

DECLARATION OF PETER W. CHRISTIAN

Pursuant to 28 U.S.C. § 1746, I, Peter W. Christian, make the following declaration.

1. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration.
2. I reside at [REDACTED] Florida, 32746.
3. Around 11:00 A.M. on November 4, 2020, I went to witness the vote counting, duplication, and vote review process at Henry County Board of Elections, located at 40 Atlanta Street, McDonough, GA 30253.
4. At 11:45, while I was sitting in the lobby of the Board of Elections, an election official demanded that I leave the building.
5. I informed the election official that I had a right to witness the tabulation process.
6. She again demanded that I leave.
7. I refused her demand and remained at the tabulation center.
5. While I was at the tabulation center, ballots were being duplicated in a room separate from the room in which the ballots were being scanned and counted.
6. I attempted to watch the ballot duplication process, but I could not see the ballot duplication process because it was being conducted behind closed doors.
7. I also attempted to view the vote review panel process.

8. The vote review panel process was also being conducted in a room different from the ballot counting process and behind closed doors.

9. After attempting to view the vote review panel process, the election officials forced us to move to a back room in the Henry County Board of Elections Office.

7. From the area in which we were placed, it was impossible to view or witness the vote review panel process.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 5th day of November 2020.

AFFIDAVIT OF PRISCILLA JACKSON

COMES NOW Priscilla Jackson, who having been first duly sworn before an officer authorized to administer oaths, deposes and states as follows:

1. My name is Priscilla Jackson. I am over eighteen years of age and competent to testify to the matters contained herein. I voluntarily and freely make this Affidavit on my own personal knowledge for any and all uses and purposes authorized by law.
2. I am a resident of Henry County, Georgia.
3. On November 3, 2020, during the November 3 general election, I went to vote at Locust Grove United Methodist Church.
4. Officials at Locust Grove United Methodist Church told me to vote at Harvest Point United Methodist Church.
5. Once I arrived at Harvest Point United Methodist Church, after the poll worker scanned my driver's license, I was told that I had requested an absentee ballot and had already voted.
6. I did not request or receive an absentee ballot, nor did I vote in-person during the early voting period for the November 3 election.
7. At the poll workers' direction, I then went to another area to wait for assistance and was told again that I had already voted.
8. I watched while the poll workers made a phone call.

9. A poll worker then asked me to confirm whether I had a different last name.
10. Another poll worker then came to me and took me to another area to vote using a provisional ballot. I completed the provisional ballot and returned it to the poll workers, as directed.

Sworn to and subscribed before me
this 5th day of November, 2020.

AFFIDAVIT OF REBECCA A. MOORE

Comes now, Rebecca A. Moore, and after being duly sworn makes the following statement under oath:

1. My name is Rebecca A. Moore. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.

2. I reside in Enigma, Georgia in Berrien County. On election day, I was working as a poll worker at the precinct in Enigma, Georgia.

3. While I was working at the precinct that day, I saw several people being told they had already voted, either at the check in station or by the actual voting machines, and these people all stated that this was incorrect as they had not voted yet. They seemed to be having this problem for a lot of people in the precinct all throughout the day.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 19 day of November, 2020.

1. My name is Robert Cole.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] GA 30315.
4. I arrived on November 3, 2020 at approximately 2:00 PM at the Praysmill Baptist Church precinct in Douglasville, GA.
5. I presented my ID to vote, received my voter card, selected my choices on the touch-screen, and received a printout of my choices.
6. I inserted my printout into the scanner. The printout went into the machine and was ejected. After the ejection, the machine said "Processing."
7. I asked the poll worker "Is that it?" and she said "Yes."
8. The poll worker took the printout from the scanner.
9. I left the polling station.

I declare under penalty of perjury that the foregoing is true and correct.

18. After 15 more minutes the poll manager returned and informed us again that only one of us could be inside the polling location. We did not comply and both went into the polling station.
19. I again observed the Democrat Poll Watchers using iPads and recording voters and voter information inside the voting area.
20. We repeatedly implored the poll manager to review Georgia Statute §21-2-408 which would have informed her about the legality of our presence and the illegality of the use of electronic recording devices within the voting area.
21. The poll manager then told Robert Sinners to “stop speaking” to her and stated he was not allowed to speak to her. She then walked away.
22. We followed her back into the polling area where we asked for her to return our appointment letters. She refused to return our letters, however after I demanded she do so she ultimately relented and returned the letters.
23. We departed approximately 45 minutes after our initial arrival.

AFFIDAVIT

I, Robert Alexander Sinners, after being first duly sworn appeared before the undersigned notary public and under oath make the following statements:

1. My name is Robert Alexander Sinners. I am over the age of 18 and am competent to testify.
2. I have been credentialed by the Georgia Secretary of State as a State-Wide Poll Watcher and am credentialed to poll watch during the Advanced Voting Period.
3. This morning at approximately 10:58 am I attempted to execute my duties as a Poll Watcher at the Buckhead Library along with Joseph Proenza who is also a commissioned State-Wide Poll Watcher.
4. Upon arrival at the Buckhead Library we were greeted by a woman with an elections official badge and asked her to take us to the poll manager so we could present our credentials.
5. At that point we identified two Democrat poll workers one of whom was inside the voting area, sitting at the voter check in table.
6. This Democrat Poll Watcher was using her iPad and cellphone to take pictures of elections proceeding and check in processes.
7. We presented our credentialling letters to the manager, however the manager would not immediately allow us to watch the polls. She insisted that because we were not on her list of poll watchers approved by the county Board of Elections we would not be allowed inside.

8. Further, she insisted that there were already two poll watchers on site and no more would be permitted.
9. I explained to her that I would not be on that list as we received our commissions from the Georgia Secretary of State Pursuant to Georgia Statute §21-2-408 and that the statute allows for two State-Wide Poll Watchers in addition to those on a county appointed list.
10. The poll manager then left to make a phone call to an unknown person.
11. We were then approached by one Democrat poll watcher named Lori.
12. Lori informed us she had been instructed to record from inside the voting location and upload such recording into the "LBJ" system.
13. By information and belief, the "LBJ" system in the Democrat Party's Election Day operations program.
14. After approximately 15 minutes she returned and told us that only one of us would be allowed into the voting area. The other would be required to wait outside.
15. We informed her that was not the law and refused to go back outside. She then made another phone call to an unknown person.
16. Upon seeing our refusal to leave Lori, the Democrat poll watcher, asked us our names which we refused to give.
17. The Democrat poll watchers then went outside the polling station and while on the phone with an unknown individual claimed we were being "very intimidating". Joseph Proenza followed them outside and overheard this comment before returning.

18. After 15 more minutes the poll manager returned and informed us again that only one of us could be inside the polling location. We did not comply and both went into the polling station.
19. We again observed the Democrat Poll Watchers using iPads and recording voters and voter information inside the voting area.
20. We repeatedly implored the poll manager to review Georgia Statute §21-2-408 which would have informed her about the legality of our presence and the illegality of the use of electronic recording devices within the voting area.
21. The poll manager then told me to "stop speaking" to her and stated I was not allowed to speak to her. She then walked away.
22. We followed her back into the polling area where we asked for her to return our appointment letters. She refused to return our letters, however after a demand from Joseph Proenza, she ultimately relented and returned the letters.
23. We departed approximately 45 minutes after our initial arrival.

AFFIDAVIT OF ROCKY MOORE

Comes now, Rocky Moore, and after being duly sworn makes the following statement under oath:

1. My name is Rocky Moore.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] GA 30004, County of Fulton.
4. I arrived on October 12, 2020 at 9 am. at Milton Library early voting location at 855 Mayfield Road, Milton, GA 30009.
5. I presented my id to a poll worker and was directed to go to the voting machine,
6. While filling out my ballot at the machine, I was approached by the poll worker, and she told me that according to the system I had already requested an absentee ballot, which had already been received on that same day, October 12, 2020.
7. I told the poll worker I never requested an absentee ballot.
8. The poll worker told me to complete the computer ballot but to sign a form that would hopefully cancel out the prior ballot.

9. I signed the form as directed by the poll worker.
10. The form required that I identify as a Republican or Democrat.
11. The poll worker told me that signing the form would cancel the requested the absentee ballot that was previously reported as received.
12. I completed filling out my ballot at the voting machine, printed and deposited the ballot on site.
13. I also witnessed the poll worker say that the polling location had multiple reports of similar issues that day.

I declare under penalty of perjury that the foregoing is true and correct.

GENERAL AFFIDAVIT

STATE OF GEORGIA; County of Carroll

Rosemarie Parrish, who is a resident of Carroll County in the state of GEORGIA, personally came and appeared before me, the undersigned notary, and makes this her statement and General Affidavit upon affirmation of belief and personal knowledge that the following matters, facts and things set forth are true and correct to the best of her knowledge:

1. I was a Poll Watcher for the General Election dated November 3, 2020. I was at the West Carrollton precinct in Carroll County, Georgia.
2. After the polls closed, I witnessed approximately 600 unused, provisional ballots were placed in compartments under the two scanners. The ballots were not locked nor sealed. I asked the poll workers three times if the ballots were going to be locked, no one answered. The ballots remained unsecured in the facility after the poll workers left. There were other people still in the building.
3. Earlier in the day, I had asked the Poll Manager if she had received a number for how many provisional ballots she received. She said no, that they had always given her a count for every other election, but for some reason they did not give her a count for this election. I estimated the number of provisional ballots to be close to 600. Only 3 provisional ballots were used, the rest remained unsecured in the building.
4. After the scanning machines were opened and the cast ballots removed, there were ballots in the 'trap drawer'. The young man took those ballots put them with the scanned cast ballots. The Poll Manager told him he was not supposed to do that. She allowed him to grab a handful of ballots from the cast pile, and place them in a plastic bag. At first the young man said there were about 10 that had been in the trap compartment, but it appeared they grabbed many more than 10 ballots. They did not count how many they removed. This only happened with one of the two machines.
5. The cast paper ballots were removed from the scanner machines and placed in a case. The case was not locked nor sealed. I asked the Poll Manager if she was going to lock the case. She said no, that she didn't have to lock them because the ballots were not going to leave her custody. The ballots were placed in a vehicle unsecured.
6. During the day, I noticed some of the poll workers who were stationed by the scanning machine make a motion as though they were pushing a button on the scanner. I watched to see if they did that for every voter. They did not. When there were no voters by the scanners, I went over there to see if there was a button that they were pushing. I did not see a button so I shrugged it off. The next evening, I read that the Trump team was asking voters in another state if they noticed any of the poll workers "pushing a button" on the display screen of the scanners. It occurred to me that may have been what I witnessed. I was looking for a traditional button, not one on the screen.
7. People came in to vote who, it sounded like, had already voted absentee. The Poll Manager took them to another room then they came back and voted. I was restricted as to where I was allowed to be and did not witness what occurred in the other room. The poll manager tried to prevent me from roaming (and witnessing) the process.

NOTARY PUBLIC

AFFIDAVIT OF ROSLYN GREGORY

Comes now, Roslyn Gregory, and after being duly sworn makes the following statement under oath:

1. My name is Roslyn Gregory.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] Georgia.
4. I received an absentee ballot to vote in the November 3, 2020 general election.
5. I decided to vote in person instead, so on October 16, 2020 I went to the East Cobb Government Center at 4400 Lower Roswell Road, Marietta, Cobb County, Georgia to cast my vote.
6. When I checked in I gave the poll worker my unopened absentee ballot. She called someone over (perhaps a supervisor), who took the ballot away.
7. Neither individual marked it "void" or tore it in half or shredded it or otherwise defaced it.
8. The poll worker adjusted my information on her computer and told me that I was taken off of the absentee ballot list and if I wanted to vote absentee in the future I would have to reapply.
9. When I asked what would happen to the absentee ballot the poll worker told me that it would be placed in a box along the wall behind where the poll workers were sitting, and at the end of each day they are shredded.

10. In hindsight I question how this was handled. In the hands of a dishonest poll worker my ballot, and the ballots of others similarly situated, could be weaponized.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 29th day of November, 2020.

Roslyn Gregory

My Commission Expires: 12/26/2024

STATE OF GEORGIA

COUNTY OF COBB

AFFIDAVIT OF SALLEIGH GRUBBS

Personally appeared before me this 18th day of November, 2020, the Deponent Salleigh Grubbs and hereby swears and affirms pursuant as follows:

My name is Salleigh Grubbs and I reside in the State of Georgia.

On Friday November 13th, 2020, I was a Republican monitor in Cobb County, Georgia at Jim R. Miller Park, related to the recount for the 2020 United States Presidential Election. I was concerned that there was no Republican representation on the floor monitoring the process. I found this out through a video received from another concerned citizen.

I had previously submitted to be a monitor to the website for the Georgia GOP as directed. I was told it was all being handled by the Georgia GOP and not our local Cobb GOP. I was never contacted by anyone. Therefore, I showed up unannounced to Jim R. Miller Park on November 13th, 14th, 15th and 16th, 2020.

When I arrived at the Jim R. Miller Park there were three exhibit halls delineated A, B, and C. I asked a poll official, as to which hall I was supposed to report. I asked if I could report to Hall B. The poll official said, "no, you need to stay in hall C". "That is where all the action is".

Hall C is where the recount was being conducted. There were printed ballots from machines being reviewed, not "absentee ballots" at that time. These printed ballots were printed from early, in person voting days prior to and including the election day of November 3, 2020.

I contacted a friend at the Georgia GOP who saw that I was given the appropriate credential to give to the Cobb Board of Elections Personnel.

I observed ballots were sorted and placed in different postage type bins. There were forty (40) tables of teams of two sorting people with occasional supervisors. I observed three tables where there were different color ballots and different weight (thickness) of ballots. There were inconsistencies in ballots. When a different looking ballot appeared, I observed they were all Biden ballots. I was not the only one to notice this. Even workers at the tables noticed. They called a supervisor over to see the difference in paper and were told, "it's fine -- include them". The group of ballots were from Team 12 which was sorting ballots from the main voting location on October 19, 2020. There were also different colored ballots from the main location from October 21, 2020 being sorted by Team 15. After the ballots were sorted, they were taken to electronic counting machines to be tallied. Every different colored ballot I saw happened to be a vote cast for Biden. There was another table with the same issue that I observed but I was not able to notate it.

At Table 39, I witnessed counting without separating out the "mail in ballots";

Voter review, which is comprised of two county employees, one Republican and one Democratic reviewer, review military ballots and damaged ballots to ensure where the votes are being cast, was taking place in Hall B, in which there were no Republican Monitors. No one informed us that there were no Republican Monitors in Hall B. I believe the aforementioned poll official intentionally misled me so that as a Republican Monitor, I would be denied access to Hall B.

On November 15th, 2020 I found out the voter review panel met without any Republican representatives.

Throughout my time at Jim R. Miller Park, I also noticed discrepancies in the military absentee ballots related to the water marks. Debbie Fisher, who is a Voter Review Person for the Republican side, and I saw discrepancies in the watermarks on some of the ballots. Specifically on ballot SO02604 - K3024, OST Def. the watermark was off. This needs to be investigated. There were ballots with incorrect precinct numbers on them as well.

I observed a Democrat on the voter review panel, fill in a ballot with a felt tip pen.

I observed a person work as a ballot sorter for two days who then became a Democrat monitor.

I witnessed several instances of unfair treatment by Board of Election workers toward Republican Monitors.

We were told to stay back six (6) feet from any worker yet they didn't observe their own rule.

There were black and blue pens and Sharpie markers on the tables. I was later told they were to have no black or blue pens on the tables. The black and blue pens, as well as markers were not removed from the tables.

A friend of mine who had not been to the location, accidentally got into the line where the workers enter. There were no signs saying "employees only". She thought she was entering the building at the same location where other concerned citizens entered. No identification was requested. When she came in the door, the person at the table told her to sign in and jot down her cell phone number, which she did. She was then given a Cobb County badge and seated at a table where the ballots were being sorted and counted. A conversation ensued between she and another lady at the table who told her that she would be paid for her work there. She asked if my friend had submitted her I-9. She told her no, and that she was just there as an observer. At that time they called a supervisor over to ask where observers were to go. She was then directed behind the caution tape. At no time was she asked for identification. Had she not been an honest person, she would have access to ballots without any proper credentialing.

There was a large group of non-profit people (Carter Center and ACLU) available for the Democrats at the location. We Republicans were stuck with 4 people on the floor at all times.

We did not have any non-profit representatives on our side.

We were told that only one Monitor could enter the Voter Review area.

Janine Eveler who is the Director of the Cobb Board of Elections, explained to me that what happened on the days I was there was a recount, and was not an audit. At this time, the Secretary of State is saying that it was an audit. There seems to be confusion and miscommunication between the office of the Secretary of State of Georgia and the local Director of the Cobb Board of Elections. I am not confident the appropriate process was performed as required by law.

On Monday, November 16, 2020, I requested tallies for the Voter Review Panel ballots. I was told they did not have them. I was told that she didn't know when the totals would be available.

The military ballots were of concern. Ballots are emailed to service or foreign personnel, printed out, marked and then sent back to the county where someone transferred that information to a ballot that could then be scanned into a scanning machine. I am concerned about the process and the accuracy of marking ballots without appropriate representation of respective political parties.

Sandra W. Dominy

NAME

[Signature]
NOTARY

AFFIDAVIT OF SANDRA METTS

Comes now, Sandra Metts, and, after being duly sworn, makes the following statement under oath:

1. My name is Sandra Metts.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] GA 30605.
4. I was assigned to be a poll worker at the 1B Tennis Center in Clarke County, GA.
5. At this location, there was a manager and two (2) assistant managers.
6. Every hour the manager would do a count of the number of voters recorded on each issued IPAD; then compare it to the number of ballots that had been run through ICP.
7. Our numbers were not matching up.
8. A young lady doing the same job I was, mention to me to not use a card because a voter told her it had already been used.
9. Without permission, she issued another card. This happened more than once.

10. Later, someone from the county office came by and said that the iPads were supposed to be communicating with each other. This would make it so that no one could come back and vote twice because the records would reveal the duplication.

11. Our iPads were not communicating with each other.

12. This is why the numbers on the iPads and the number recorded on the ICP did not match. She was giving voters multiple voting cards.

13. The manager nor the two assistant managers had no idea that the iPads were supposed to be communicating with each other.

14. While I was working as a poll worker on November 3, 2020, I noticed a woman went to her voting station with her adult son. Neither the manager at the polling station or any of the polling workers said anything to her about her adult son accompanying her.

15. While I was working as a poll worker on November 3, 2020, a man entered the polling station and stated that (a) he lived in Florida and (b) he wanted to vote. The manager at the polling station tried to figure out a way for him to vote. I objected to the manager's actions. The man left the polling station without voting.

16. While I was working as a poll worker on November 3, 2020, a truck driver came to polls and stated that (a) he was not registered and (b) he wanted

to vote. The manager at the polling station made several phone calls and, after them, allowed the truck driver to vote. The manager at the polling station was on speaker phone. I heard the person on the other end of the call say that she deserved a Christmas present for helping the polling manager with this situation. The truck driver said that he would bring her a flat screen TV.

17. While I was working as a poll worker on November 3, 2020, a woman came to the polls and stated (a) that she had voted on two (2) absentee ballots and (b) that she wanted to vote in person as well. The polling manager just looked at her. The person left without voting in person. The polling manager did not investigate the claim that the woman had voted on two (2) absentee ballots.

18. While I was working as a poll worker on November 3, 2020, many people stated that they had applied for absentee ballots but had not received them.

19. I filed a complaint with the Secretary of State's office regarding the polling pad issue. After filing the complaint, I called the Board of Elections in Clarke County to sign up to work at the polls for the January 2021 runoff election. The person with whom I spoke at the Board of Elections knew that I had filed a complaint with the Board of Elections.

20. I was a monitor for the Clarke County GOP during the recount of the November 3, 2020 election. I was told to stand in the middle of the room. Consequently, I could not verify either (a) who the voter had voted for or (b) if the tally of those doing the recount was accurate. I also noticed an issue with the green bag.

21. During the election on November 3, 2020, at the end of the evening, we took all of the ballots out of the ICP machine and sealed them in the green box.

22. The green box that held the ballots was sealed with a tab.

23. That tab number was recorded the evening we closed the we closed the precincts.

24. During the recount of November 14, 2020, the paperwork with that tab number was not available to match the tab being removed on November 14, 2020 to ensure the green box had NOT (*emphasis added*) been opened since November 3, 2020.

25. As I was monitoring the count, one table came up short twelve (12) ballots.

26. The table's counters asked for someone from the back room to come over to the table and speak with them concerning the missing ballots.

27. The person who came over was an employee of the Clark County Election Office. They told the employee of the Clark that they were 12 ballots short of the number written on the green box.

28. The Election Official left the room and returned with a file folder that contained 12 ballots.

29. I was concerned that if the green box had truly been sealed since November 3, 2020 and was just opened on November 14, 2020 for the recount, that there were 12 ballots out of the box that was sealed on November 3, 2020.

30. At the close of the precincts on November, there was a receipt printed off the ICP machine. This receipt listed exactly how many votes were cast and for whom they were cast.

31. The green boxes that held the ballots did not have the receipt on top on November 14, 2020 to confirm the actual count of November 3, 2020.

32. I saw that there were handwritten numbers instead of the copy of the receipt printed off election night on that box to ensure the validity of the count.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 17th day of November, 2020.

AFFIDAVIT OF SARAH CAROLINE BLOUNT
TAYLOR

COMES NOW SARAH CAROLINE BLOUNT
TAYLOR, who having been first duly sworn before an
officer authorized to administer oaths, deposes and
states as follows:

1. My name is Sarah Caroline Blount Taylor. I am
over the age of eighteen (18) years, I am suffering from
no legal disabilities, and I am competent to make this
Affidavit. I voluntarily and freely make this Affidavit
on my own personal knowledge for any and all uses
and purposes authorized by law.

2. I am a registered Georgia voter. My address is

3. On November 3, 2020 at approximately 2:30
P.M., I arrived to vote at the Clairmont Presbyterian
Church at 1994 Clairmont Rd, Decatur, GA, 30033.

4. I told the poll worker that I never got my
absentee ballot and asked who I could talk to about
signing affidavit.

5. The poll worker called someone to void an
absentee ballot. They had to read off my license
number to find the information. The poll worker said
the computer showed it was delivered in mailbox and
returned. I think she said it was delivered on October
18th, and I think date it showed it was received back
was October 22.

6. I never received or submitted the absentee ballot.
I wonder if someone took my ballot out of the mail
and submitted it.

7. I signed an affidavit saying I never received the
absentee ballot and voted by a provisional ballot.

8. The poll workers told me that my vote should be
counted by Friday, November 15 at the latest.

9. This situation is upsetting to me. It is very
important to me that my vote is counted.

FURTHER AFFIANT SAYETH NAUGHT

Sarah Caroline Taylor

Sworn to and subscribed before me
this 4th day of November, 2020.

AFFIDAVIT OF SCOTT WALTER IN SUPPORT OF VERIFIED PETITION TO CONTEST
 ELECTION RESULTS
 AND REQUEST FOR EMERGENCY DECLARATORY AND INJUNCTIVE RELIEF

Comes now, Scott Walter, of 1511 Sixteenth Street, NW, Washington, DC 20036, having personal knowledge of the facts herein, to declare under penalty of perjury that the following is true and accurate.

I. I am President of the Capital Research Center in Washington, D.C., a think tank founded in 1984 that specializes in the study of persons and institutions that influence public policy. We are known as a “watchdog” of the nonprofit world, and our research has been cited in countless publications, including the New York Times, the Wall Street Journal, the Washington Post, and the Chronicle of Philanthropy. I have personally studied the nonprofit world for decades, including five years as Vice President for Publications and Research at the Philanthropy

Roundtable, before serving in a previous presidential administration as Special Assistant to the President for Domestic Policy.

2. My most recent research report studied the results of millions of dollars of grants made to Georgia election officials in dozens of counties by the Center for Tech and Civic Life, a 501(c)(3) nonprofit, which used monies the Center received from Mark Zuckerberg and his wife Priscilla Chan. This report is attached as “Exhibit A” and is also available online at our website at <https://capitalresearch.org/article/center-for-tech-civic-life/>. “The Report”

3. After *The Report* was published, I was asked by Petitioners’ Counsel, as the author of *The Report* and as an expert in the field of nonprofits, to submit this affidavit and the accompanying Report regarding the Center for Tech and Civic Life’s grants in Georgia.

4. *The Report* was prepared as part of the charitable mission of the Capital Research Center to educate the public. Neither I nor the Capital Research Center have received any compensation from Petitioners or Petitioners’ Counsel, and we would not accept it if offered. Capital Research Center has a public charitable mission to conduct and publish research on matters such as the topic of the article.

5. Further, as a 501(c)(3) tax-exempt public charity, the Capital Research Center does not engage in partisan campaign intervention. *The Report* referenced herein does not favor or oppose any candidate for public office; rather, it examines the receipt and expenditure by government agencies and political subdivisions in the State of Georgia of substantial sums of

money from a private interest group and a single donor and the potential impact of those funds on the outcome of the November 3, 2020 General Election.

Scott Walter

State of Virginia
County of Loudoun

Appeared before me Scott Lucia Natali Rios this 1st Day of December 2020 and after being duly sworn, stated the forgoing statements are true and correct to the best of his knowledge and belief.

Exhibit A

SPECIAL REPORT

Georgia Election Officials, a Billionaire, and the “Nonpartisan” Center for Tech & Civic Life

by Scott Walter

NOVEMBER 27, 2020

The first in an occasional series on the Zuckerberg election grants.

This year, left-leaning donors Mark Zuckerberg and wife Priscilla Chan gave \$350 million to an allegedly “nonpartisan” nonprofit, the Center for Tech and Civic Life (CTCL), which in turn re-granted the funds to thousands of governmental election officials around the country to “help” them conduct the 2020 election.

The Capital Research Center is beginning state-by-state investigations of these unusual grants in order to educate the public on the ways these grants may have influenced the election. This, our first report, will focus on Georgia, where the election results were unexpected and very close, and where two more runoff elections are still to be held, with the Center for Tech and Civic Life now offering additional funding to election officials for those contests.

Even before the 2020 election, the *New York Times* and the Associated Press ran articles on these grants. The stories expressed great sympathy for local election officials scrambling to conduct balloting under difficult circumstances, but even these two left-leaning media outlets noted how odd and suspicious the operation was. The *New York Times*’ respected reporter, Ken Vogel, observed,

The prospect of election administrators tapping large pools of private money has raised new legal and political questions. That is partly because it is unusual for elections to be subsidized by nongovernment funding at this level, but also because most of the cash is coming from nonprofit groups that have liberal ties, and the biggest source of the cash, Mr. Zuckerberg, has drawn fire from across the political spectrum.

Similarly, writing on September 16 for the Associated Press, Nicholas Riccardi reported, “The cash comes with a new set of questions about donor transparency, motivations and the influence of groups and figures that are not democratically accountable.” He also reported without objection that conservatives were concerned because of “the Democratic origins of CTCL and that its donations have predominantly been in areas where Democrats depend on votes.” Riccardi even quoted my skepticism: “I cannot believe people of such partisanship will put their partisanship aside while taking hundreds of millions of dollars and distributing it to election offices.”

For this present report, we will analyze election results and compare what is known about CTCL’s grants in Georgia. The picture is notably partisan, even though we have only incomplete data on where CTCL’s money went. As the AP’s Riccardi reported, “The CTCL declined to disclose its other donors” besides the Zuckerbergs, who made their donation public, or to “itemize all its contributions to local offices.”

The CTCL’s website lists only the counties in Georgia that received grants, but not the level of funding, though that would hardly be difficult to include. CTCL, as a 501(c)(3) nonprofit, is legally obligated to report on its IRS filings when it grants or provides other assistance of \$5,000 or more to “domestic organizations and domestic governments” (see Schedule I of IRS Form 990). It is notable that CTCL has not, in something as public and controversial as the 2020 election, made these grant numbers public. Were its operatives and massive funding from the opposite end of the spectrum, one doubts the cosmos would have enough electrons to power the outrage vented on NYTimes.com and CNN.com, much less to post the objections by left-wing critics of “dark money” like Sens. Sheldon Whitehouse (D-RI) and Chuck Schumer (D-NY).

For this preliminary report, in lieu of self-reporting from CTCL, we will rely on Ballotpedia's tracking of these grants based on news reports, as well as our own additional research in news databases. This accounts for grant amounts in 18 out of the 43 Georgia counties that received funds. If CTCL ever provides more information, we will update our reporting.

Major Data Points for CTCL Funding in the Georgia Election

- CTCL did fund more counties won by Republican presidential candidate Donald Trump than by Democratic candidate Joe Biden: 27 Trump counties vs. 17 Biden counties.
- But that's a function of how many more Georgia counties went for Trump. A better comparison: CTCL funded 21 percent of Trump counties vs. 55 percent of Biden counties. So a Biden county was over two-and-a-half times more likely to receive funding.
- Nine out of ten of CTCL's largest known grants in Georgia went to Biden counties.
- Even more ominous, CTCL gave grants to nine of the ten counties with the greatest Democratic shifts in their 2020 voting. Those nine grantees averaged a 13.7 percent shift blue-ward, and two of those counties (Cobb and Gwinnett) were in the four counties that delivered Biden the most votes.
- Of the four counties won by Biden that delivered him votes in six-figures, CTCL funded all four.
- Of the 29 counties won by Biden that delivered him votes in five-figures, CTCL funded 19, or 66 percent. (No counties delivered either candidate more than six-figure vote totals.)
- So Biden carried 33 counties that delivered him votes in five- and six-figures, and 70 percent received CTCL grants.

- By contrast, 46 counties carried by Donald Trump delivered him votes in five-figures (no county supplied the president a six-figure vote). CTCL funded only nine such counties, or 20 percent.
- So the most vote-rich counties for Biden were three-and-a-half times more likely to be funded than the most vote-rich counties for Trump.
- Nine counties were both top vote-producers for Trump and also received CTCL funds. *Five of these counties were among the top ten most blue-shifting counties in the state.*

This pattern of grant-making by a 501(c)(3) nonprofit may or may not be illegal, given the murky laws governing nonprofits. The IRS states:

Under the Internal Revenue Code, all section 501(c)(3) organizations are absolutely prohibited from directly or indirectly participating in, or intervening in, any political campaign on behalf of (or in opposition to) any candidate for elective public office. . . .

Certain activities or expenditures may not be prohibited depending on the facts and circumstances. . . . [A]ctivities intended to encourage people to participate in the electoral process, such as voter registration and get-out-the-vote drives, would not be prohibited political campaign activity if conducted in a non-partisan manner.

On the other hand, voter education or registration activities with evidence of bias that (a) would favor one candidate over another; (b) oppose a candidate in some manner; or (c) have the effect of favoring a candidate or group of candidates, will constitute prohibited participation or intervention.

Whether or not CTCL has crossed a legal line, the starkly partisan outcomes from its giving in the Peach State should lead the appropriate authorities in Georgia and Washington, DC, to determine just what has happened. Not only should CTCL be

investigated for its adherence to nonprofit law, but the local election officials should also be asked many questions on their role, such as,

- How were temporary election staff hired? Where were they recruited from? What were the interview questions, who served on the interview panels, and what percentage were hired?
- What training did new and old staff receive? Were there written training manuals? What other training curricula exist? Are they publicly available?
- Who did the training? How were *they* selected? Did CTCL or other nonprofits assist in any way with the training or curricula?
- Were state and local laws governing the receipt of private funds followed? Was all spending in accord with state and local laws and budget procedures?
- What precisely was the amount of money received, and what exactly was it spent on?
- Is the contract between the government and CTCL publicly available?
- Did the government spend any of the money on tasks that would help prevent voter fraud, such as how properly to match signatures?

Some states prohibit outside funding of governmental functions like elections, and such a law seems ripe for consideration at all levels of government and by all citizens, regardless of political affiliation.

Appendix: The Partisan Ties of the Center for Tech and Civic Life

The Center for Technology and Civic Life (CTCL) was founded in 2012 by Tiana Epps-Johnson, Whitney May, and Donny Bridges. All three remain the group's leaders, and all three worked together for years at the New Organizing Institute, a 501(c)(4) or "dark

money” nonprofit whose partisanship is beyond dispute. The institute was described by the *Washington Post* as “the Democratic Party’s Hogwarts for digital wizardry.” It trained activists, campaign staffers, and nonprofit employees so they could conduct voter outreach via email lists and social media ads, spread online video content, and produce eye-catching online messaging.

The *Post* reported that the institute was created because Democratic Party operatives wanted their field workers to be trained in the digital techniques perfected by the 2012 Obama presidential campaign, in hopes of giving a lasting advantage to Democrats. “Graduates of NOI’s boot camp,” the *Post* wrote, are “subtly influencing the tone and the strategy of hundreds of campaigns and nonprofits at every scale.” While “political technology tends to make the most difference on the margins,” still, “in the aggregate, all that nudging can add up.”

The institute was co-founded by Judith Freeman, a long-time strategist for the Democratic Party and allied organizations. In 2004, Freeman worked for M+R Strategic Services and on then-Senator John Kerry’s (D-MA) presidential campaign. In 2005, Freeman began serving as a senior political strategist for the AFL-CIO labor union federation and co-founded New Organizing Institute. In 2008, Freeman worked as a digital field director for Barack Obama’s presidential campaign. From 2004 to 2015, Freeman served as president of New Organizing Institute.

In 2013, Ethan Roeder became the executive director of New Organizing Institute. Roeder had served as a voter file manager and the national data manager for Barack Obama’s 2008 campaign. He then worked at New Organizing Institute as director of data, technology, and election administration for three years until he returned to President Obama’s re-election campaign as director of data.

While the Center for Tech and Civic Life today may have a few members of its governing and advisory boards with Republican affiliations, its leading donors and partner organizations lean exclusively to the left. No conservative-leaning donor, individual or institutional, is ever known to have supported its work, but it has received grants from the left-of-center Rockefeller Brothers Fund, a significant supporter of the Iranian nuclear deal brokered by President Obama and ended by

President Trump, and it has received at least \$690,000 from the Democracy Fund, a foundation controlled by eBay founder Pierre Omidyar, who is a primary funder of numerous NeverTrump political efforts.

On its “Key Funders and Partners” web page, the Center for Tech and Civic Life credits these organizations as having “supported” its work:

- Google
- Facebook
- Rock the Vote
- Center for Civic Design
- Women Donors Network
- Center for Democracy and Technology
- The Voting Information Project (project of Democracy Works)

Capital Research Center has documented the left-wing ideology and sometime-partisanship of these groups. For instance, Rock the Vote in 2014, ahead of the midterm elections, released an advertisement featuring celebrities encouraging young people to vote for left-progressive agenda items like abortion rights, and in 2019 it circulated a petition in support of abolishing the Electoral College. Its president, Carolyn DeWitt, formerly served as a project manager at the 2012 Democratic National Convention. Its board co-chair Amanda Brown Lierman is the former political and organizing director of the Democratic National Committee. Board co-chair Frank Smith is a senior political advisor to the George Soros–founded donor group Democracy Alliance, a political consultant for the Blue Impact Network, and has been involved with multiple political campaigns, including two presidential candidacies.

Similarly, the Women Donors Network directs money only to left-of-center organizations. Working with other left-wing donor networks, it launched the Emergent Fund project as a response to President Trump's election in 2016. The fund's grantee ItTakesRoots says it "organized direct actions within the first 100 days of the Trump presidency. This included the Women's March and Climate March." The Women's Donors Network has been a client of the left-wing political consultancy Democracy Partners, a highly controversial firm best known for firing Bob Creamer and Scott Foval shortly before the 2016 election, when videos surfaced that suggested their work for the Hillary Clinton presidential campaign included improperly coordinating between the campaign and multiple supposedly "independent" activist groups, and also training persons, sometimes mentally ill, to produce chaos at Trump rallies.

The Voting Information Project, like CTCL itself, is funded by NeverTrump stalwart Pierre Omidyar. The Project's parent organization, Democracy Works, also receives funding from the Rockefeller Brothers Fund (itself a CTCL funder) and George Soros's Open Society philanthropies. It is best known for increasing voter registration among Democratic-leaning constituencies like college students. In this work, it partners with universities as well as with left-leaning companies like Google, Facebook, Twitter, and Amazon.

Much of the material in this appendix derives from information on InfluenceWatch.org.

Scott Walter

Walter is president of the Capital Research Center. He served in the George W. Bush administration as Special Assistant to the President for Domestic Policy.

AFFIDAVIT OF SHANNON HOLT

Comes now, Shannon Holt, and after being duly sworn makes the following statement under oath:

1. My name is Shannon Holt.

2. I am over the age of 21 years, and I am under no legal disability that would prevent me from giving this declaration. I have personal knowledge of the following facts, and if called to testify, I would testify under oath to these facts.

3. For about 30 months before election day (Nov. 3, 2020) I resided at 345 Huntarin Place, Newnan, Georgia, and I am a registered voter in Coweta County, Georgia. Near the end of October 2020, I moved to 103 Pine Point, Peachtree City, Fayette County, Georgia. Before election day I called Coweta County Board of Elections, informed them that I had recently moved, and asked them where I should vote. They told me to go to my regular polling location in Coweta County.

4. On November 3, 2020, I went to the Newnan Center polling location on Lower Fayetteville Road in Coweta County, the same place I had voted several times before while I resided at the Huntarin Place address.

5. I presented my ID to vote, which still showed my address at 345 Huntarin Place. The poll worker scanned my ID into what looked like an I-Pad, told me I was good to vote, and produced the small card to be inserted into the ballot marking device. I took the card to a BMD and inserted it. The screen then showed the message "this registrar has already voted." This message was incorrect. I had not already voted. I tried this procedure on 3 different BMDs and got the same message on all 3 of them.

6. I then went to see the person who appeared to be in charge and told her what was happening. She said it had been happening all morning. She then put some information into her I-Pad and produced another card, which was different in color from the card I had used earlier. I took the new card and inserted it into a BMD, which allowed me to vote. I retrieved my printed ballot, reviewed it to be sure my selections had been accurately recorded, and took the ballot to a scanner.

7. I inserted the ballot into a scanner, which rejected the ballot as "misread." I inserted the ballot into the other available scanner, which also rejected it as "misread." The poll worker at the scanner said the same thing had happened to about 25 other people that day. He had me insert the rejected ballot into the slot towards the rear of the scanner and said that my vote would count.

8. No one suggested that I could file a provisional ballot.

9. I had not applied for or received an absentee ballot, and I had not voted early.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 1st day of December 2020.

Shannon Holt

State of Georgia

County of Fayette

Appeared before me Rechelle Cammlarie this 1 day of December 2020 and after being duly sworn, stated the forgoing statements are true and correct to the best of her knowledge and belief.

Notary Public

My commission expires June 17, 2022

AFFIDAVIT OF SHIRLEY JEANETTE MILES

Comes now, Shirley Jeanette Miles, and after being duly sworn makes the following statement under oath:

1. My name is Shirley Jeanette Miles.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] Loganville, GA 30052 in Gwinnett County with my husband.
4. My husband and I arrived on October 29, 2020, at Lenora Church Park in Snellville, Georgia at approximately 5:00 or 6:00 pm to vote.
5. I presented my drivers' license to someone sitting at the very last table on the right hand side with a computer iPad in front of him. He told me that according to the system I had already requested an absentee ballot that had been issued. I told the poll worker I had never requested an absentee ballot and had not sent in an absentee ballot to vote at any time.
6. The poll worker told me that they would mark that I never received an absentee ballot and that it got lost in the mail so I could vote in person. He gave me a form to sign stating that I had not mailed in a ballot, which I completed and signed.

7. I was given a plastic voting card and proceeded to the machine. After I made my voting selections, I printed my ballot and carried the printed piece of paper to the scanning machines at the exit.

8. A gentleman at the scanning machine took my ballot and my plastic voting card and handed me a voting sticker.

9. I verified with my husband that my husband had never requested an absentee ballot for me and he confirmed he had not done so.

10. My husband was not told at the precinct that an absentee ballot had been requested in his name either.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 18th day of November, 2020.

SHIRLEY JEANETTE MILES

Appeared before me SHIRLEY JEANETTE MILES, this 18th day of November, 2020, and after being duly sworn, stated the forgoing statements are true and correct to the best of HER knowledge and belief. I verified HER identity and witnessed HER signature via FaceTime at 5:59 am/pm on the 18th day of November, 2020.

My commission expires 03/15/23

AFFIDAVIT OF SPENCER KURTTI

COMES NOW SPENCER KURTTI who having been first duly sworn before an officer authorized to administer oaths, deposes and states as follows:

1. My name is Spencer Kurtti. I am over the age of eighteen (18) years, I am suffering from no legal disabilities, and I am competent to make this Affidavit. I voluntarily and freely make this Affidavit on my own personal knowledge for any and all uses and purposes authorized by law.

2. I am a registered Georgia voter. My address is [REDACTED]

[REDACTED] Georgia, and my phone number is [REDACTED]

3. On November 3, 2020 at approximately 3:30 P.M., I arrived to vote at the Parkside Elementary School at 685 Mercer Street SE, Atlanta, GA 30312.

4. I walked into the polling place with my fiancée and went to the check-in table. After the poll worker looked at my ID, he told me it said that I had voted by absentee ballot and delivered it in person on October 13. However, I did not do that and had not yet voted in any way.

5. The poll worker referred me to a woman who appeared to be in charge. She told me she was calling "downtown," which I assume meant the office overseeing things.

6. She told me I had to vote by provisional ballot because they couldn't do anything to change what was in the computer. She gave me a paper ballot, which I filled out and returned.

7. I did not feel any pushback from the poll workers. They were scratching their heads over what happened and were trying to help me do my civic duty that day.

8. After I left the polling place, I spoke with a woman who said she was with the Democratic Party of Georgia. I told her what happened and she gave me the number of a voter protection hotline. I called the hotline and explained the situation.

9. This is my first time voting in Georgia. I registered to vote on about October 3rd or 4th, 2020. I never applied for an absentee ballot and never voted or attempted to vote in person before November 3, 2020.

10. I want to make sure that they count the ballot that I filled out with my own hands. That is my name and my voice.

11. I am also concerned that someone will think that I attempted to vote twice when I did not.

DocuSigned by:
Spencer Kurtti

FURTHER AFFIANT SAYETH NAUGHT

Sworn to and subscribed before me
this 4th day of November, 2020.

Tanya C. Reed
NOTARY PUBLIC
My Commission Expires:

AFFIDAVIT OF STEPHANIE D. ZIMMERMAN

Comes now, Stephanie D. Zimmerman, and after being duly sworn makes the following statement under oath

1. My name is Stephanie D. Zimmerman.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] GA 30022, in Fulton County, Georgia.
4. I arrived for EARLY VOTING on October 17, 2020, around Noon at the Spruill Library Precinct in Fulton County.
5. I had previously requested and received an Absentee Ballot, which I had *not* submitted or voted, which Absentee Ballot I brought with me on October 17 to Spruill Library.
6. Prior to voting I presented my i.d. to vote along with the Absentee Ballot in the *SECRET* envelope which I had received with the Absentee Ballot.
7. The Poll Worker told me to surrender the Absentee Ballot to her and I asked her how I could be sure it would not be used so my vote would be properly counted.
8. As required by the Poll Worker, I signed an Affidavit that I had not voted my Absentee Ballot.
9. After some further discussion she eventually wrote the word "Spoiled" on the envelope and then tossed the envelope, still containing the Absentee Ballot, into a large carton (which I think had a U-Haul label).
10. I looked in the carton, which I estimate was about three-quarters full of other Absentee Ballot envelopes and those I could see all appeared to still contain Absentee Ballots and none of those envelopes I could see were marked in any way. I estimate there were more than 500 Absentee Ballot envelopes containing Absentee Ballots in the carton.
11. Because of my concern, I checked the public voter logs once home and did find on the *My Voter Page* that I was confirmed as having voted, but I do not know whether my vote was based on my actual machine vote or whether the Absentee Ballot was removed from the envelope, submitted by someone else and counted.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 29 day of November, 2020.

Stephanie D. Zimmerman

November 30, 2020

DECLARATION OF SUSAN KNOX

Pursuant to 28 U.S.C. § 1746, I, Susan Knox, make the following declaration.

1. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.

2. I reside at [REDACTED] Georgia 30068.

3. I am public observer for the recounting of the votes for the Presidential Election at Cobb County, Jim Miller Park at 2245 Calloway Road SW, Marietta, GA 30008.

4. Around 8:10 a.m. on November 13, 2020, arrived at Jim Miller Park to witness the vote recounting.

5. Upon arrival, I was handed a mask and had my temperature taken and stated that I was a public observer.

6. I was directed to Room C at the end of the hall.

7. I walked in and saw Jerry Ramsey & Terry Anderson

8. A few minutes later I saw Claire Harrison with the Trump Team

9. We had to stand behind the taped line to stand outside the “bull pen area” which was located over 10-13 feet away from the counting tables. There were approximately 40 tables in this room.

10. I could not see the ballots.

11. I wanted to see what was on the ballots.

12. I called Janine Everler, Director of Cobb County Board of Elections and Registration over.

13. She told me that there were 4 Democrats who were credentialed that were approved to be in the bullpen and no Republicans had shown up. (have video recording of this conversation)

14. I told Claire Harrison, that I needed to get credentialed, immediately.

15. I witnessed a gentleman in a yellow shirt who was not reading the ballots, and was immediately placing the ballots, unread in the Biden bin until it was overflowing. (there is a video)

16. There were no Republican representatives who were approved Monitors at the recount on Friday morning at 9:00 AM.

17. I immediately got credentialed because Claire Harrison called Jason Shepherd of the Cobb County GOP via phone call.

18. I received a letter that had me approved as a Monitor

19. I was allowed into the bull pen and went to the gentleman with the yellow shirt

20. When I started observing him, the gentleman started changing his procedure by slowing down and looking at the ballots.

21. Prior to my arrival, 80 percent of the ballots were going into the Biden bin I have a video showing him not looking at the Ballots and immediately putting almost every ballot in the Biden Bin

22. There were officials who told me to stand back at several feet.

23. The situation was total chaos.

24. I wanted to view the process and that every vote was counted legally.

25. I witnessed that there were plenty of tables where there was no monitor.

26. I wrote down the final counts in a notebook after they were sent through a sorting machine. (has notebook)

27. I witnessed the putting stacks of ballots through the counting machine.

28. I witnessed the person tabulating these with a computer monitor and write the number they saw, put it on the Biden stack. A sticky note

29. They then filled out a piece of paper the number. I did not witness any checks or balances of the tabulating process.

30. I saw over estimated, 1000 Trump ballots that Jerry Ramsey and I saw the workers put 455 on top of the stack.

31. The workers packaged this stack up in a plastic bag and put it in a box under the table.

32. I called the supervisor Janine Everler over and ask for her to look at the enormous stack of Trump ballots that had 454 counted for Trump and she said they have been counted. I insited they pull this huge stack out of the box they had been placed in and the worker pulled a batch that was smaller in front of the actual batch I was referring to and I made them pull out the actual batch I was referring to. I never took my eye off of this batch. It was overwhelming for Trump.

33. The worker pulled the box out at my request and I mentioned the visual discrepancy to her.

34. I requested a recount and she decline, saying "it wouldn't happen."

35. I kept walking around the tables with my notebook and I documented the following: team number, county, the number of votes for Trump and Biden, the table number.

36. The workers noticed that I was logging this information from the tables.

37. One of the head supervisors from the Democrat party informed the workers that I was documenting what they were writing down.

38. I was then obstructed from viewing these papers.

39. I videoed boxes, people filling out paper, people counting ballots. There was no transparency or system.

40. There was only 1 monitor per 10 tables.

41. I wanted to monitor the tables but I could not monitor them all.

42. I was prevented from monitoring the count in Cobb County.

43. I left at approximately 5:45PM on Friday. I took a video as I was leaving of the lack of order for the recount.

44. I arrived at Jim Miller Park at 11:30 AM on November 14, 2020.

45. Upon my arrival, I was informed that they were no longer putting the ballots through the machine, but hand counting them.

46. There were lines of people waiting to see Claire Harrison in order to gain access to the counting.

47. I presented my credential to gain access to the building.

48. I went into the bull pen with my notebook and started watching the hand count.

49. The workers were recounting by hand.

50. They were making stacks of ten. I do not know how they were categorized.

51. I witnessed no transparency or accountability.

52. I was not allowed to speak with counters in order to verify a ballot was for Trump or Biden.

53. I wanted to speak with the counters in order to verify the ballot, that was my job.

54. I walked to room A where there was a woman behind a computer.

55. I was behind the public observation area.

56. I asked what she was doing and she responded that she was “sending out elderly and disabled/handicapped ballots”.

57. There was no monitoring in this room.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 15th day of November, 2020.

My commission expires June 15, 2024

AFFIDAVIT OF SUSAN MICHELLE LONG

Comes now, Susan Michelle Long, and after being duly sworn makes the following statement under oath

1. My name is Susan Michelle Long.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] Georgia, 30022.
4. This is in Fulton County.
5. My experience and background include working in public accounting, finance and budgeting, a consultant for Verizon and corporate security and data analytics.
6. On Saturday, November 14, 2020 and Sunday, November 15, 2020, I volunteered at the Georgia World Congress Center, located at 285 Andrew Young International Boulevard N.W., Atlanta, Georgia, 30313, located in Fulton County.
7. I volunteered with the GOP to witness the hand count of the presidential ballots.
8. I understood that the audit would be conducted in front of the public, the press and assigned party monitors, as well as livestreamed.
9. I was there to observe the 300+ volunteers audit the ballots.
10. When I first arrived, I was shocked at the lack of internal controls.

No Chain of Custody for Suitcases of Ballots

11. At tables 122, 98, 93, 76, 37, 24, 46 and 80, two (2) suitcases were left on top of the audit tables with no supervision. The ballots were the “split count” ballots from Saturday afternoon.

12. All the suitcases were intermingled – suitcases that had already been counted were placed with suitcase that had not been counted.

13. The suitcases were kept in the same room with the “counters”, “talliers”, “loggers”.

14. The suitcases were left next to the entrance/exits, which allowed easy access for anyone to take them.

15. There was never any security around the suitcases and if there had been a fire, water pipe failure, or an emergency, the ballots would have been destroyed because they were kept in suitcases, brown cardboard boxes and tote boxes.

16. The suitcases were distinguished by serialized, color-coded “intabs” that were easy to break. The colors were green, red and orange. The serial numbers of the suitcases were not tracked.

17. The “intabs” were handed out to people and were left on tables. Everyone had access to these “intabs”.

18. The precinct and number of the ballots in the suitcase was written on a neon green piece of paper – similar to your name on a suitcase. “Counters” were able to pull these papers out and it was easy to manipulate.

No Checks and Balances for the “Loggers”

19. The process to log the suitcases was conducted manually by a “logger” and the ballot counts were logged on pink sheets of paper.

20. There were four (4) “loggers” that tracked the suitcases by table number.

21. At one point, the “loggers” became backlogged because they could not find suitcase #70 on their sheet. I believe it was because they were processing this manually and the persons’ handwriting was so sloppy.

22. The “runner” ended up breaking the seal on one of the suitcases because they did not know what was inside. When he broke the seal, he discovered that there was an envelope with ballots in it. He then sealed it up with another red “intab”. This seemed improper and was never questioned. This was done outside of the “counter’s” supervision.

Procedures Were Not Followed or Enforced

23. The Supervisors did not properly supervise the “counters” during the ballot counting.

24. Table 23 did not have a tally sheet, so the person pulled out his own pen and paper to keep track of the ballot counts.

25. Row 4 (no table number) counters were sitting across from each other, rather than next to each other, which violated the procedures and no one said anything or took corrective action.

26. Table 44 and 145 had their cell phones out and were looking at their phones which was against the documented procedures.

27. Table 43 had food and drinks on the table, which was against the procedures and could have ruined the ballots.

28. Personal belongings were allowed at the tables with the ballots – this included backpacks, purses, lunch boxes and tote bags.

29. People could use their own pens.

30. At Table 128, the lady fell asleep with her head on the table.

31. Table 122 put one ballot in the wrong pile.

32. Monitors were too far away to watch whether the ballots were identified to going to the correct candidate.

33. If one of the “counters” had a question, they had to raise a white paper with a red question mark. I witnessed people grow tired of sitting with their hand raised and stopped asking questions.

34. A “counter” told me that there were a lot of write-ins for Jesus.

35. Table 129 did not follow procedures.

36. I witnessed that Table 51 received a suitcase without a seal. The “counter” stated, “this bag does not have a seal”. It was still counted anyways. It was labeled EP03A. The total ballots was 175.

37. I witnessed Table 117 receive a suitcase without a seal. They counted it anyways. It was labeled SC27. The ballots totaled 110.

38. I witnessed Table 123 open a suitcase of ballots, get through half of it and then leave for the day. This was based upon the supervisors telling them this. The next

morning, they continued counting. These suitcases were on top of table 123 with no supervision when I arrived on Sunday at 6:50 a.m.

39. On Saturday, Table 122 had two (2) “counters” made up of an elderly lady that was around eighty (80) years old paired with a woman that was around sixty-five (65) years old. The elderly woman had a terrible time seeing and then separating the ballots. The other woman had a vision problem. The elderly woman did not return the next day.

40. Table 42 had a “counter” that had hearing issues and vision issues. He would do anything his partner told him. She would shout, “Biden, Biden, Biden” and he put them in Biden’s stack. He also said the count was 1,000 and she said 1,010. They used 1,010. I pointed this out to a Supervisor and they never took corrective action.

41. At one point, three (3) Democratic female monitors began circling the one (1) GOP female monitor, acting aggressively towards her and prevented her from observing the audit.

42. When I would ask the Supervisors a question, the Democratic monitors would call out to the Supervisor, “You do not need to answer that”. There was a man with a name tag that read, “Election Official”, who overheard the comments and never corrected them. He never corrected the Democratic Monitors behavior. When I asked to see the tally totals at one table, he came up to the table and told the counters, “YOU DON’T HAVE TO ANSWER HER QUESTIONS”. He proceeded to follow me around the floor. The next day one of the counter’s told me that I did not bother her, but the women that would circle the tables was distracting (these were the Democratic Monitors).

43. One table got a lot of attention from the media and the monitors. This table reported “Table 99% to Biden”, which is a disproportionate amount of votes for the presidential candidate. A member of the media said to me, “that is statistically impossible”. No one had them recount the ballots or spot check the stacks.

44. Sunday morning at least 50% of the counters had nothing to do, I noticed that when the counters finished counting the ballots from their suitcase, they were allowed to leave. This was improper. I witnessed counters begin to count faster, so they could leave sooner. If the process had been structured the ballots could have been completed on Saturday.

45. As people collected their belongs to leave, this was a distraction to the remaining counters. They were able to stop and chit-chat at the tables that were counting. This process was done Saturday afternoon at around 4 pm and Sunday morning around 9:15 am.

46. I saw a media camera on the counting floor. They were not escorted by anyone with credentials. No one was paying attention to the media that was walking among the ballots.

47. At approximately 8:45 am, there were twenty (20) tables not doing any work.

48. I heard a worker say that “they are trying to determine if all of the suitcases have been counted”.

49. The counts from the day before had been left on the table. The ballots were now in two unsupervised suitcases. No supervision to ensure the correct suitcase was counted.

50. At approximately 9:15 am, they announced if you did not have any ballots, you could leave.

51. This was surprising to me, because if they did not have any ballots to count, they should have completed the audit Saturday night. This reminded me of election night.

52. There was a mass exodus as everyone began to gather their belongings and say goodbye to one another.

53. Workers went up to other workers and interrupted the counting of their votes.

54. Other workers walked through tables of ballots that were being counted.

55. There was not any security checking the personal belongings of the workers as they left to ensure nothing had been taken.

56. There was no security at the doors. People were free to come in and out as they pleased.

57. When the tables dwindled down to a few tables, supervisors were still scarce.

58. Table 121 had to wait approximately one (1) hour to have their counted suitcase picked up.

59. When the employees were reminded to not have food, drink, telephones or personal belongings on the table, Table 122 put their belongings, breakfast, juice bottles and bananas in the suitcase that was full of ballots. There was no one supervising them or watching them to tell them that could damage the ballots.

60. On Sunday morning, some of the counters did not show-up so they paired them with someone else that had not been trained. It became obvious that they had not been trained in the audit procedures.

61. Table 122 had one veteran counter and one man that had not been trained. I heard the veteran say, “however you want to do it”. They began to work independently – without dual counting or observation. The table was a mess. A supervisor came up to the table and asked them, “How’s it going?” Although she saw that they were not dual counting, she did not say anything to them.

62. Additionally, Table 122 commented that they were “shocked with the number of ballots for Trump” which was improper. This was the suitcase from the Ocee Library located in North Fulton County.

63. Table 117 explained the procedures to his partner. I was surprised that they did not make the counters watch the short training video.

64. Tables 122 and 123 were counting with only one (1) person at the table. A supervisor was on a microphone reminding everyone that they were not allowed to touch the ballots unless their partner was there but it was ignored.

65. Table 122, audited the Ocee Library, which is a primarily Republican area and the area that I live. The total suitcase count was 3,387 votes. This was contrary to the totals: Trump- 1,320; Biden- 1,365; Jorgensen- 43; Blank- 6; Write-In- 19.

66. Because of my experience and background, I was surprised by the lack of control on the tally sheets.

67. For the split counts – the ballots in a suitcase counted on Saturday and the remaining ballots from the same suitcase – these were split into 2 suitcases. They were on top of the tables with no one watching them. The tally sheet was on the table and the remaining count was added to the count the night before.

68. The tally sheet and the suitcase were given back to the “runner”.

69. In my opinion, this should have been two (2) separate people.

70. The talliers were in the same room as the counters and the ballots.

71. In my opinion, this was improper, and they should have been separated in order to maintain an internal control.

72. The counters were given the batch totals.

73. In my opinion, it should have been a blind count and later reconciled.

74. The tally sheets were printed on orange paper and red ink pens were used to write the totals. This made it difficult to read and caused confusion and errors.

75. Almost all the tables I observed were matched with the same partner from the day before. In my opinion, the pairs should have been separated in order to main checks and balances.

76. Per the documented procedures, "If the container contains more than 1000 ballots, ballots should be removed from the container and sorted in manageable stacks (using an Audit Board Batch Sheet for each stack)." I never witnessed this process being done.

77. Per the documented procedures, the counters were supposed to seal the containers. The suitcases were sealed by the runner/other Fulton county employee. I did not witness the serial number on the "intab" (used for sealing the suitcase) being documented on the Audit Board Sheet.

78. If the Georgia Recount was to be successful, there should have been proper checks and balances in place, with internal controls. There should have been an evidence room with all the ballots with limited access. Another room would have everything needed

for the counters. Another secure room with limited access would contain the counted ballots. There should have been monitors designated to keep track of everything. There should have been random audits throughout the day. The teams should have been rotated out and switched around throughout the day.

79. In my opinion, the Georgia Recount was a failure due to the lack of oversight, supervision and mismanagement of the ballots, counters, talliers, runners, loggers, etc. Also, there was not a person responsible for the oversight of the complete the process that took responsibility.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 30th day of November, 2020.

**CIVIL ACTION FILE NO.
1:20-cv-04651-SDG**

**AFFIDAVIT OF SUSAN VOYLES IN SUPPORT OF
PLAINTIFFS' MOTION FOR TEMPORARY RESTRAINING ORDER**

I, Susan Voyles, declare under penalty of perjury that the following is true
and correct:

1. I am over the age of 18 years and competent to testify herein. I have personal
knowledge of the matters stated herein.

2. I am a poll manager at Precinct SS02 A and B (Sandy Springs). The Fulton County Board of Elections (“BOE”) sent an email soliciting poll managers and assistant poll managers for the purpose of participating in the “hand count” audit of votes cast in the November 3, 2020 presidential election. I accepted the assignment.
3. My direct supervisor, Marie Wright, asked me if I could confirm that I could show up to participate as an auditor in the recount from Saturday, November 14 until Wednesday, November 18, 2020. I was told that it was a requirement of the accepting the assignment to be available from 7:00 a.m. until 5:00 p.m on each of those five days. I was to be paid \$200 per day.
4. The BOE also solicited Fulton County employees generally, such as workers from the public libraries. Most had no election experience (other than perhaps voting themselves).
5. On Saturday at 7:00 a.m., I showed up to the Georgia World Congress Center at 285 Andrew Young International Blvd. in downtown Atlanta. We had to watch a very short training video (probably less than 5 minutes) -- there was no audio, but there were captions. I watched it three times to ensure I had captured all the information, but there were some things that were not

covered, like what an auditor should do if he or she saw matters of concern.

I did not see any helpful written materials on that issue.

6. We were required to sign an oath saying that we would conduct an audit impartially and fairly to the best of our ability, and were told that if we did anything wrong we would have to go before the State Board of Elections.
7. The BOE did not appear to have standardized operating procedures for the conduct of the audit. Everything was in total disarray at the counting location. The organizers did not have sufficient tables for all the committed volunteers. (When I arrived at 7:00 a.m., 134 tables were set up and I was assigned to table 136; ultimately, I believe 170 tables were set up.)
8. Counting began shortly after 7:00 a.m., as best as I could tell, but we were held to the side. After 90 minutes of counting had passed, we were assigned a table from additional tables that had been brought into the counting area.
9. Signs taped to the table indicated a place for ballots for Trump, Biden, and Jorgenson and to make a separate pile for "Blanks" (no vote for President) or overvotes (multiple votes for President). One person was to pick up the ballot and state the vote out loud, and the other was to confirm that selection and place the ballot in the appropriate location.

10. After counting, we were instructed to pick up each individual “pile” and count the ballots in each pile and place them in alternating stacks of 10 each. After counting the final tally, we were instructed to compare the number with the original number from the opening tally sheet. (The tally sheet provided a road map to the number that was needed to reconcile with the original reported results.)
11. We began counting around 9:00 a.m. We were given a tally sheet to record our findings, and manila envelopes for write-in candidates and disputed ballots. Again, we were not given any information or standards on how to interpret spoiled ballots or other discrepancies.
12. We noticed that the supervisors seemed selective as to how to allocate the assignments. For our first assignment, we were given a cardboard box that contained only absentee ballots. It was taped shut with packing tape with the seal of the Secretary of State. But the seal was blank, signed by no one, and no information had been supplied. There were no markings indicating the provenance of the box. The box was marked as Box No. 5 – Absentee – Batch Numbers 28-36.
13. Inside the box were stacks of ballots of approximately 100 ballots each. Each stack contained an original tally sheet that said the location where the

ballots were picked up. I am assuming these ballots came from the pervasive ballot boxes that had been placed throughout Fulton County.

14. Most of the ballots had already been handled; they had been written on by people, and the edges were worn. They showed obvious use. However, one batch stood out. It was pristine. There was a difference in the texture of the paper – it was if they were intended for absentee use but had not been used for that purposes. There was a difference in the feel.

15. These different ballots included a slight depressed pre-fold so they could be easily folded and unfolded for use in the scanning machines. There were no markings on the ballots to show where they had come from, or where they had been processed. These stood out.

16. In my 20 years' of experience of handling ballots, I observed that the markings for the candidates on these ballots were unusually uniform, perhaps even with a ballot-marking device. By my estimate in observing these ballots, approximately 98% constituted votes for Joseph Biden. I only observed two of these ballots as votes for President Donald J. Trump.

17. We left at approximately 4:45 on Saturday. There will still much to be done. We were told to come back on Sunday. It was estimated at that time that the

ballot recount would not be completed until Monday evening at the earliest – that’s how many ballots were left.

18. On our way out, we spoke to a GWCC officer and thanked him for being there and his service. We asked him if he would be leaving shortly, and he said he was not scheduled to leave until 11:00 p.m. At that point, other officers would come and guard the room from 11:00 p.m. to 7:00 a.m.

19. On Sunday morning we arrived at approximately 6:45 a.m. Initially, the fact that there were so few auditors in the room indicated that others were just late. However, by 7:15 a.m., we realized that because so few additional auditors had arrived, there would not be a lot of auditors present for the Sunday count.

20. Interestingly, we were told to go back to our original table. Even though the room was sparsely occupied, we were surrounded with two auditors immediately in front of us and two auditors immediately behind us. We began to notice a greater disparity in the distribution of workloads. Although the auditing tables surrounding us arrived later, they were assigned large boxes of ballots before we were given. When our box arrived – after a 45 minute wait – I opened the ballot box to find only 60 ballots from the Quality Living Center in South Atlanta, a men’s housing facility for recovering

addicts. The other auditing tables received boxes with over 3,000 ballots each.

21. After we completed our first ballot box, we raised our "check card" for more ballots. After waiting for an extended period, we were told our assistance was no longer needed and thanked for our work. We were told to go home.

22. We offered to help on some larger piles that were still evident, and the officials present were adamant that they did not need any help. I sat at the table for a while longer and noticed how other auditors were treated. We were explicitly told we could not have drinks or food of any kind on the table -- that was understandable. The people behind us and in front of us however had open water bottles, breakfast burritos supplied by the BOE, and snacks on their table.

23. Also, those tables were not counting as a team, with a pass-off from one to the other. Each auditor was counting individually. The purpose of the pass-off was to make sure that each auditor agreed that the call for each ballot was accurate.

24. This recount process was consistent with the lack of preparation, contingency plans, and proper procedures that I experienced in this unusual election. For example, in the setup for Election Day, we typically receive

the machines – the ballot marking devices – on the Friday before the election, with a chain of custody letter to be signed on Sunday, indicating that we had received the machines and the counts on the machines when received, and that the machines have been sealed. In this case, we were asked to sign the chain of custody letter on Sunday, even though the machines were not delivered until 2:00 a.m. in the morning on Election Day. The Milton precinct received its machines at 1:00 a.m. in the morning on Election Day. This is unacceptable and voting machines should not be out of custody immediately prior to an Election Day. It is possible that these ballot marking devices could have been used for other purposes during that period.

25. When I was asked to sign the chain of custody letter, I only signed the letter with the added language to state that I was accepting chain of custody for equipment, BMDs, and pole pads that had not been delivered.

26. My precinct should have received the poll pads on Sunday and should have been able to store them inside the ballot marking devices. We could not do that, since we did not receive the ballot marking devices in a timely manner.

27. When we did receive the machines, they were not sealed or locked, the serial numbers were not what were reflected on the related documentation, and the

green bar coded tags that are supposed to cover the door covering the memory card was broken. The supervisor told us to use the machines in that condition. As a poll manager of over 20 years, I knew this was not the standard operating procedure for the BMDs and therefore I did not put them into service.

28. I believe my honesty in this affidavit will lead to my arrangement as a poll worker in Fulton County being compromised. However, the BOE operations were sloppy and led me, in the case of at least one box I reviewed, to believe that additional absentee ballots had been added in a fraudulent manner. This is my personal experience.

[SIGNATURE AND OATH ON NEXT PAGE]

I declare under penalty of perjury that the foregoing statements are true and correct

Susan Voyles

STATE OF GEORGIA

COUNTY OF FULTON

Susan Voyles, appeared before me, a Notary Public in and for the above jurisdiction, this 17th day of November 2020, and after being duly sworn, made this Declaration, under oath.

Notary Public

My Commission Expires 07-29-2024

AFFIDAVIT OF TALMAGE M. WATTS

Comes now, Talmage M. Watts, and after being duly sworn makes the following statement under oath:

1. My name is Talmage M. Watts. I am over the age of 21 years, and I am under no legal disability that would prevent me from giving this declaration. I have personal knowledge of the following facts, and if called to testify, I would testify under oath to these facts.

2. I reside at [REDACTED] Nashville, Davidson County, Tennessee 37221.

3. I was a volunteer Tennessee attorney working primarily in the EDO war room on East Paces Ferry Road NE the week of November 2, 2020. On November 4th and 5th, I went to the Fulton County Board of Elections warehouse on English Street to observe vote review panels review ballots that has been rejected because of some deficiency.

4. Upon arrival I observed that the warehouse was a large and busy facility into which poll pads, BMDs, scanners, and apparently ballots in bags were being moved after having been used in various precincts on election day.

5. These items arrived at the facility on Enterprise rental trucks and were moved from loading docks into the facility by persons appearing to be employees. These employees apparently had access to the entire warehouse, and I did not see their access being restricted or monitored.

6. I was informed that ballots to be reviewed by vote review panels were delivered to the warehouse in digital form on a secure drive.

7. I observed 4 vote review panels, each of which consisted of 1 Rep and 1 Dem, review digital images of rejected ballots on monitors. My ability to observe this process was not impeded, and the Republican panel members reported no problems with the review process itself.

8. I never saw the secure drive, do not know who or how it was delivered or where it came from, how or what data were loaded onto it, who had access to it or custody of it, what if any manipulation was or could have been performed by IT personnel at the warehouse, or how or if the secure drive was secured for audit purposes. To my knowledge the issue of chain of custody is unknown and unobserved.

9. Observers of the vote review panel process were completely denied any access to any other part of the warehouse area except a waiting area where the observers remained when no vote review process was underway. (Rejected ballots arrived on several different secure drives, and sometimes several hours passed until the next secure drive arrived.)

10. I and another observer asked the facility manager, Nadine, if we could be escorted on a brief tour of the facility. She absolutely refused based upon the obvious

Affidavit of Talmage M. Watts

Page 2 of 3

pretense that we might see personally identifying information. But employees had open access to all parts of the facility.

11. I personally observed from a distance and photographed (see below) warehouse personnel handling stacks of papers on tables. Our ability to see this process up close was blocked by a uniformed City of Atlanta Police Officer. I also am transmitting that photo in digital format. It can be expanded, and the activities described in this paragraph are clearly visible.

I declare under penalty of perjury that the foregoing is true and correct. Executed this 29th day of November 2020.

AFFIDAVIT OF THOMAS SCHREY

COMES NOW THOMAS SCHREY, who having been first duly sworn before an officer authorized to administer oaths, deposes and states as follows:

1. My name is Thomas Schrey. I am over eighteen years of age and competent to testify to the matters contained herein. I voluntarily and freely make this Affidavit on my own personal knowledge for any and all uses and purposes authorized by law.
2. I am a resident of Henry County, Georgia.
3. On Election Day, November 3, 2020, I went to vote at Merle Manders Conference Center in Henry County. Prior to that, I had not voted early in person, nor had I requested or received any absentee ballot.
4. I arrived at the polling place around 11:30 A.M. on November 3, 2020, and gave my ID to the poll worker to scan. After she did so, she told me that I had already voted.
5. The poll worker then made a phone call, and the person she called said I would not be able to vote because the system indicated that I had already voted early in person. I was then told to sit and wait.
6. Thereafter, another poll worker spoke with me and asked me whether I was sure I had not voted early in person. I told the poll worker that I had not voted early in person.
7. Then, someone called one of the poll workers to confirm that, according to the system, I had requested an absentee ballot on October 12, 2020 and that the absentee ballot was accepted on October 29, 2020. According to the person on the phone, there was even a "signature match" between the absentee ballot and the signature on my state ID.
8. I was then instructed to fill out a provisional ballot to submit my vote, and I did so.
9. One of the poll workers gave me a phone number to call to register a complaint.

FURTHER, AFFIANT SAYETH NAUGHT.

THOMAS SCHREY

Sworn to and subscribed before me
this 5th day of November, 2020.

AFFIDAVIT OF TYLER SPEAKS

Comes now, TYLER SPEAKS, and after being duly sworn makes the following statement under oath

1. My name is TYLER SPEAKS.
2. I am 20 years old, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] Atlanta, Dekalb County, Georgia 30338.
4. I arrived on ELECTION DAY (November 3, 2020) at 8:00 AM at the Mount Vernon Polling location located at DUNWOODY HIGH SCHOOL.
5. I presented my i.d./drivers license to vote and was told according to the system I had already voted.
6. I attend college in Florida.
7. I did request an absentee ballot through the Georgia website. I received a confirmation that my request was received. I tracked the response, but the response never showed that the absentee ballot was ever sent out to me at my address in Florida.
8. Because I never received an absentee ballot, I flew home to vote.

9. The poll worker told me that I could vote a provisional ballot. I did vote a provisional ballot. I do not know if my provisional ballot was accepted/counted.

10. I witnessed I KNOW OF AT LEAST 2 OTHER PEOPLE WHO HAD THE SAME PROBLEM THAT I HAD. ONE OF THOSE BEING THE LADY IMMEDIATELY IN FRONT OF ME IN THE LINE TO VOTE.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 20th day of November, 2020.

Appeared before me Tyler Speaks, this 24th day of November 2020 and after being duly sworn, stated the forgoing statements are true and correct to the best of his knowledge and belief.

Notary Public

My commission expires Nov. 19, 2024

State of Georgia

County of Fulton

DECLARATION OF VERNADETTE BROYLES

Pursuant to 28 U.S.C. § 1746, I, Vernadette Broyles, make the following declaration.

1. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.

2. I am a resident of Johns Creek, Fulton County, Georgia 30097.

3. I am credentialed by the Georgia Republican Party ("GOP") to serve as a member of the vote review panel and at the Election Day Ballot Tabulation Center located at the Henry County Board of Elections, located at 40 Atlanta Street, McDonough, GA 30253. I am also credentialed to serve as a Ballot Monitor/Observor by the Henry County Republican Party.

4. I arrived round 8:50 a.m. on Friday, November 6, 2020, at the Henry County Board of Elections to witness the vote counting, processing of ballots, and vote review panel process.

5. Upon arrival, I informed an election official supervisor of the Henry County Elections Office, Ameika Pitts, that I had a right to be at the tabulation center

to observe the processing and counting of the ballots and provided a letter from the Georgia GOP designating me to serve as a member of the vote review panel.

6. I requested to see the ballots and observe that the ballots were being properly stored and handled.

7. The election official, Ms. Pitts then denied me entry to see the ballots or how they were being processed.

8. I pressed the issue and stated to Ms. Pitts that it was not proper to deny me access to observe the ballots and the manner in which they were being processed.

9. Ms. Pitts then called the Sherriff's office and requested that they come to the Henry County Elections Office. It was my impression that the intention was to have me removed and/or possibly arrested.

10. I removed myself from the situation and retreated to the public lobby area.

11. Ms. Pitts came to where I was in the public lobby area.

12. I asked Ms. Pitts what category of ballots remained to be counted. She stated that they had military overseas ballots, absentee ballots, absentee ballot cured affidavits, and provisional ballots to be processed and counted.

13. Ms. Pitts stated to me that they were not actively counting the ballots at that time. She told me the military ballots were going to be opened and counted that afternoon at approximately 4:00 PM.

14. I remained on the premises and called the GOP office for further instruction.

15. I went to Ms. Pitts office and again reiterated my request to see any ballots that were being processed.

16. Ms. Pitts stated to me that she had been instructed to deny all access to the Henry County Board of Elections Office where the ballots were being processed.

17. She stated to me that she needed to call someone to get permission to grant me entry. It was my impression that she was referring to someone at the Secretary of State's office.

18. Around lunchtime I confronted Ms. Pitts with information I had received from Alex Perez and Karis Ripple (who were also present to observe the process on behalf of the Georgia GOP that morning) that a number of ballots had been removed from the ballot drop box outside the Elections Office front door that morning by elections officials.

19. I asked what was presently being done with those ballots.

20. Ms. Pitts responded that those ballots were taken to the back to be "rejected" because they were dropped off after the November 3 deadline.

21. I requested to be allowed access to observe the process of the handling of those late ballots.

22. I also continued to request access to the location where any other ballots were being processed.

23. At that time, which was several hours after I had first arrived and requested access, Ms. Pitts relented and allowed me access to the room where the cured ballots were being processed.

24. She first allowed me to see through a glass window the ballots that had already been cast and were in what appeared to be sealed containers.

25. I was then allowed to witness the processing of the cured affidavits for approximately twenty (20) absentee ballots. An election clerk by the name of Britny (spelling uncertain), who was hearing impaired, was processing the absentee ballot cured affidavits.

26. I saw cure notices that were designed to look like they were from the Elections Board, but they were not, which had been sent to voters. The election clerk informed me that a third party sent these cure notices to voters.

27. I observed an absentee ballot in which the signature did not match the signature on the voter registration. However, the signature on the cured affidavit appear to match the voter registration. This ballot was accepted.

28. I inquired whether this was the manner in which all such absentee ballots were being handled, where the signature on the cured notice matched the voter registration signature but the signature on the absentee ballot did

not match the voter registration signature. I was told by the elections clerk that this was the standard practice they were following in such circumstances – the absentee ballot would still be accepted.

29. I also observed that the Elections Board had received absentee ballot applications on behalf of voters that were on forms not used by the Elections Board.

30. I inquired how such absentee application ballot applications were being processed.

31. The elections clerk informed me they would still send an absentee ballot to the voter. They would count the absentee ballot they received so long as the signature on the absentee ballot matched the signature on the voter registration. The elections clerk did not indicate that the signature on the absentee ballot had to match the signature on the absentee ballot voter application. Nor did I observe the elections clerk attempt to match up the signature on the absentee ballot with the signature on the absentee ballot application.

32. I also observed that any rejected absentee ballots required the initials of multiple election officials.

33. Also present observing the processing of the absentee ballot cured affidavits was a female attorney whom I understood to be the Democrat voter

review panel designee and another woman associated with the Democrat party.

34. The Democrat voter review panel designee left the room at some point in the process. The other woman associated with the Democratic party remained.

35. The Democrat voter review panel designee and the Chairman of the Henry County Democrat Party went to Ms. Pitts to object to my presence. They objected to my calling into question the signatures not matching on the absentee/cured ballots.

36. I stated I believed I had a right to view the processing of the ballots, and that the woman associated with the Democrat Party was also viewing the absentee ballot/ cured affidavit processing as well.

37. The supervisor allowed us to continue to view the process for a bit longer, however we were moved to outside the office.

38. I was later able to watch the transcription of the military ballots as part of the vote review panel.

39. The military ballots had been already opened outside of the presence of the vote review panel. I was not allowed to observe the opening of the military ballots or the envelopes in which they came. Nor was I allowed to observe the process by

which the signatures on outside of outside of the envelopes of the military ballots were verified with the signature on the voter registration.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 24th day of November, 2020.

AFFIDAVIT OF VERONICA B. ALBANESE

Comes now, VERONICA B. ALBANESE, and after being duly sworn makes the following statement under oath

1. My name is Veronica B. Albanese.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] Ga 30554.
4. On October 13, 2020, I arrived at the early place located at 226 Candler Street, Homer, Ga. 30547 for the 2020 state and federal elections.
5. On October 13, 2020, I voted at the 226 Candler Street, Homer, Ga. 30547 location for both the state and federal election.
6. During the week of ~~October 30~~^{November 2}, 2020, I checked online at the Georgia Secretary of State "My Voter Page" and looked to see if there was an absentee ballot requested under my name.
7. I plugged in my information on the website and it stated that I had requested an absentee ballot on October 16, 2020, that my absentee ballot was issued on October 16, 2020, and that my absentee ballot was received.

VA

8. I did not request an absentee ballot on October 16, 2020 or any other day regarding the 2020 state and federal election.

I, VERONICA B. ALBANESE declare under penalty of perjury that the foregoing is true and correct.

AFFIDAVIT OF WALTER L. BALDWIN, JR.

Comes now, Walter L. Baldwin, Jr. and after being duly sworn makes the following statement under oath

1. My name is Walter L. Baldwin, Jr. and I am a United States Veteran.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] Georgia, 30161.
4. This is in Floyd County.
5. Several weeks before November 3, 2020, an absentee ballot arrived in the mail for me and my wife, Donna T. Baldwin.
6. Neither of us had requested an absentee ballot.
7. On Election Day, November 3, 2020, at 9AM, my wife and I arrived at Spring Creek Church, located at 2636 Chulio Road S.E., Rome, Georgia, 30161.
8. This is the voting precinct that we have been voting at for forty (40) years.
9. Both of us brought our unopened absentee ballots to turn in.
10. I presented my driver's license to vote and was informed that, according to the computer, I had already voted in town, in person, during the early voting period.
11. My wife presented her driver's license and was informed the same thing.
12. Neither of us had voted in town.

13. I told the poll worker that I had never requested an absentee ballot, I had not voted in town and that I was there on Election Day to vote in person.
14. The poll worker told me that I could do a provisional ballot, sign an Affidavit, and turn in my absentee ballot.
15. She also told me that the same thing had happened to five (5) other people that morning and it was only 9AM.
16. This was extremely concerning to me.
17. I cast my provisional vote, I signed the Affidavit and my voided absentee ballot was returned to me.
18. The following morning, I called the county elections office and was informed that my provisional ballot had been "taken upstairs" to be counted later. I was told that the issue had been caused by a computer glitch, and that no vote had been cast early in my name.
19. Later that week, I called the polling place to confirm that my vote counted, but I was told to call back on November 12, 2020.
20. The next day I received a letter stating that my provisional vote had been counted.
21. I still am concerned because I do not know for certain if there was an early vote cast by an unknown person that may have cancelled out my vote that I cast at Spring Creek Church.
22. I believe that my vote was compromised and may not have counted in the election.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 17th day of November, 2020.

AFFIDAVIT OF WILLIAM C. RUTLAND

Comes now, William C. Rutland, and after being duly sworn makes the following statement under oath

1. My name is William Rutland, DOB 12/30/1990.
2. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.
3. I reside at [REDACTED] GA 30265.
4. I arrived on ELECTION DAY (November 3, 2020) at approximately 12:30PM at the Newnan Centre, located at 1515 Lower Fayetteville Road, Newnan, GA 30265.
5. I was directed to a table, where I presented my driver's license. I was informed by the poll worker after she had scanned my license that their records showed that I already voted, even though I had not. I informed her that I had not already voted, and she instructed me to proceed to another table.
6. I discussed the issue with a second poll worker. She asked me if I had requested or submitted an absentee ballot, and I told her I had not. She then made a phone call downtown, and they checked my status. They affirmed that I had not yet voted and assured the worker I should be able to vote in the usual manner. I was instructed to return to the original table to try the process again.
7. When the original worker scanned my license again, she ran into the same problem with the system stating I had already voted. She directed me to a third poll worker. This poll worker tried again on her system, but she experienced the same issue. She then took me to a voting location herself, inserted a voting card into the system, and

input a number on the screen. Now the ballot was displayed, and I made my selections without incident. My ballot with my selections printed without incident.

8. However, when I went to insert my completed ballot into the ballot box machine, my ballot was rejected as invalid. A poll worker and I tried inserting my ballot multiple times in different orientations, but each time it was rejected.

9. Another poll worker came over, and I described the situation to him. He instructed me to place my ballot in a special slot in the back of the machine adjacent to the machine we were attempting to place my ballot in, and he assured me my vote would be counted by hand later.

10. I do not know whether my vote was counted.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 18 day of November, 2020.

The Honorable Brad Raffensperger
Georgia Secretary of State
214 State Capitol
Atlanta, Georgia 30334
Jordan Fuchs, Deputy Secretary of State
Ryan Germany, General Counsel

RE: *Fifth* Request for Audit of Signatures on Absentee Ballot Applications and
Ballot Return Envelopes for the November 3, 2020 General Election in the State
of Georgia

Dear Secretary Raffensperger:

On behalf of President Donald J. Trump, candidate for President of the United States and Donald J. Trump for President, Inc., we are hereby requesting for the *fifth* time that you exercise your broad supervisory authority to order, as part of the ongoing statutory recount, an *immediate audit of the signatures* on absentee ballot applications and absentee ballot envelopes received in all counties in Georgia for the November 3, 2020 General Election. This would necessarily include signatures on absentee ballot applications returned for the 2020 Primary election, upon which the counties relied to automatically return an absentee ballot for the 2020 General Election (“the Signatures”).

It is *not* possible for you to accurately certify the results in the presidential race from the November 3, 2020 election until and unless there is a thorough audit of the Signatures, which we have now requested *four* times in writing prior to this request. You cannot in good faith conclude the ongoing statutory recount until you have instituted a Signature matching audit. The margin in Georgia at this time is 12,670 votes – and the potential illegal absentee ballots included in that number is between three and four times the margin of votes awarding the victory to Joe Biden.

The Georgia Election Code requires that voters who submit applications for absentee ballots must be positively identified, including the matching of the voter’s signature on the application for an absentee ballot. Indeed, the legislature has enacted a statutory framework for the applications for, processing, receipt and verifying all absentee ballots. *See* O.C.G.A. §§ 21-2-380 *et seq.*

Notwithstanding the statutory requirements, it is apparent that the process enacted by the legislature may not have been followed consistently in all counties in the State of Georgia during the 2020 General Election. An analysis of the absentee ballot rejection rate since 2016 by a data expert, performed at my request, confirms the following:

Table 1: Mail-In Ballot Rejection rates by Election.

Row	Ballot Status	2016 General	2018 General	2020 Primary	2020 General
1	Not returned (NULL)	25,948	36,074	333,608	133,886
2	Canceled	12,053	20,601	116,424	318,086
3	Spoiled	69	98	1,794	4,082
4	Rejected	6,059	7,889	11,772	4,471
5	Accepted	202,492	219,731	1,150,478	1,308,447
6	Total ballots (returned) (3+4+5)	208,620	227,718	1,164,044	1,317,000
7	Total ballots (mailed) (1+2+3+4+5)	246,621	284,393	1,614,076	1,768,972
8	Rejection rate (4 ÷ 6)	2.90%	3.46%	1.01%	0.34%

As Table 1 shows, Georgia's rate of rejection for mail-in ballots averaged 2.90% and 3.46% respectively for the 2016 and 2018 general elections. Concerning the 2020 primary election, the mail-in ballot rejection rate decreased to 1.01%.

In stark contrast even to the 2020 primary, the 2020 general election rejection rate decreased even further to just 0.34%.

If Georgia's historical mail-in ballot rejection rate of 2.90-3.46% is applied to the current mail in ballot numbers, there would have been between 38,250 and 45,626 ballots rejected in the 2020 general election, rather than the number actually rejected: 4,471.

This number represents between three and four times the margin of victory in the presidential race. Why would you *not* want to conduct an audit that could confirm what the results actually are, when your search for the truth would either set the public's mind at rest about the conduct of the election or, alternatively, change the outcome of the presidential election?

It is unconscionable that you continue to refuse to allow for any verification of the Signatures, particularly when there is a clear anomaly in the rate of rejection of the absentee ballots during the 2020 General Election – suggesting that the procedures required under Georgia law were not followed.

Your office has declared that the signature matching verification process yielded similar rejection rates as in prior elections. See https://sos.ga.gov/index.php/elections/number_of_absentee_ballots_rejected_for_signature_issues_in_the_2020_election_increased_350_from_2018

However, your recent statement on the number of absentee ballots rejected in the 2020 election as compared to 2018 contains numerous misleading claims and outright incorrect data figures. These errors raise serious questions about the quality of the data that your office is using to make decisions and your office's understanding of that data.

First, the figure you reference in your statement for the number of mail-in ballots "cast" in the 2018 General Election is 284,393. In fact, this figure represents the number of mail-in ballots your office mailed out, not the number of ballots cast. The correct figure for ballots cast is 227,718, nearly a 20% difference.

Second, your figures for the total number of ballots "cast" in the 2020 Primary and General Elections are also incorrect. The figures you reference—1,151,371 and 1,322,529 mail-in ballots cast in the Primary and General Elections, respectively—match neither the total number of mail-in ballots cast nor the total number of mail-in ballots mailed in those elections. And, unlike your 2018 figure, your 2020 numbers are closer to the total number of mail-in ballots cast. While this is an improvement over your misleading 2018 figure, your conflation of terms—namely, ballots mailed and ballots cast—raises doubts about your office's understanding of its own data and its ability to conduct true "apples-to-apples" analysis across election cycles that inspires public confidence.

Third, in your statement, your office claims to know exactly how many mail-in ballots were rejected for signature issues as opposed to other reasons. You state that the number of ballots rejected for missing or non-matching signatures was 454 in the 2018 General Election; 3,266 in the 2020 Primary Election; and 2,011 in the 2020 General Election. Every one of these numbers is false. For one, the data between the 2018 and 2020 elections are not comparable. In the 2018 General Election, fully 203 unique reasons were entered into the free-text field entitled "Status Reason," ranging from "INSUFFICIENT OATH INFORMATION" to "RE" to "NO SIGNATURE. DID CALL HER." There are simply too many unique reasons listed with not enough specificity to conclude with any degree of confidence how many ballots in the 2018 election were rejected for signature issues. Meanwhile, in the 2020 elections, the number of reasons for ballot rejection reduces from 203 to five—two of which are entitled "Missing Signature" and "Invalid Signature." But even this change in methodology does not allow one to arrive at the same numbers your office provides. The number of mail-in ballots rejected for these two reasons in the 2020 Primary and General Elections was 1,998 and 3,212, respectively—not the 3,266 and 2,011 that your office asserts with confidence in its press release.

At the very least, these discrepancies raise serious concerns regarding the quality of data your office is using to make decisions, especially regarding your conclusions as to the correct number of votes cast in the presidential election. If your office is using a different, superior set of data as compared to what is posted publicly on your website, we encourage you to release it. Full transparency is the only way to restore the public's confidence in Georgia's elections, and it is why we are requesting a full audit of the Signatures of persons requesting absentee ballots in the 2020 General Election.

Indeed, the poor quality of the data that your office provides is why we performed our analysis using the top-line number of total ballots rejected for all reasons. This is the only like-for-like analysis that one can conduct on mail-in ballot rejection rates across election cycles, and it shows a clear and undeniable drop in the rejection rate—from 2.9 and 3.5% in 2016 and 2018, respectively, down to 0.3% in the 2020—while at the same time the number of mail-in ballots cast exploded *sixfold*, a highly unlikely coincidence.

If your office is confident of your position, then you should welcome an audit of the Signatures to put to rest any doubt as to whether the laws of the State of Georgia were followed for purposes of processing absentee ballot applications and verifying the identity of the voters allowed to cast absentee ballots.

The absentee ballot envelopes are required by law in OCGA 21-2-390 to be delivered to the county clerk of superior court to be preserved. The absentee applications are retained by the registrars for 24 months per OCGA 21-2-390. In other words, the Georgia legislature has directed that the documents that should and must be audited, are required by law to be preserved, and we are presuming that all counties have complied with the law in that regard. It is imperative that those records be made available immediately for audit and review as described below.

There are several specific steps related to the vitally important Signature matching that must take place immediately, *before* the end of the current recount:

1. Order the counties to immediately undertake a review and audit of all documents with Signatures, related to the 2020 General Election absentee ballots, allowing monitors and poll watchers to meaningfully observe and see the actual signatures on the applications and return envelopes, *or*

2. Alternatively, and at the very least, we would request an audit of the Signatures, selecting the following records for a random sample of the Signatures, beginning from the date of receipt of the absentee ballot applications for the Primary 2020, where the applicant requested an absentee ballot for the General Election, through the last date of receipt of any ballot counted for the November 3, 2020:

- Absentee ballot applications containing the voter signatures (including ballot applications received in the primary, where a general election ballot was automatically forwarded without a separate application);
- Absentee ballot return envelopes containing the voter signatures;
- Voter files containing the voter signatures
- Logs or other memoranda with the identity of the election office employee(s) who conducted the signature verification for the application and the ballot, with date and time of receipt and processing of signature verification(s).

We also request the same information for *all* rejected absentee ballots

Below is the list of 15 counties for review of the above identified records:

County	Accepted mail-in ballots	% of accepted mail ballots, GA
COBB	148,577	11.4%
FULTON	142,406	10.9%
DEKALB	127,018	9.7%
GWINNETT	123,543	9.4%
CHATHAM	41,161	3.1%
CHEROKEE	37,487	2.9%
CLAYTON	31,449	2.4%
FORSYTH	30,654	2.3%
HENRY	29,162	2.2%
RICHMOND	27,775	2.1%
HOUSTON	20,130	1.5%
BARTOW	10,571	0.8%
FLOYD	8,661	0.7%
PICKENS	2,972	0.2%
HANCOCK	1,474	0.1%
Grand Total	783,040	59.9%

For a statistically significant sample size, we are requesting that ten percent (10%) of the returned and accepted absentee ballot envelopes from each of the identified counties be provided for inspection / audit. This statistically significant random sample of documents will allow the voters of Georgia – and America – to know what actually transpired with the absentee ballots in Georgia – and whether the laws of the state of Georgia were or were not followed.

3. We request that you immediately upload and make available to the public, appending to the voter files, any and all digital signatures from ballot applications received at any time during 2020, and the ballot envelopes from the November 3, 2020 General Election. Allowing the public to have access to the Signatures in order that citizens can conduct their own reviews and audits of the Signatures is an important step in restoring public confidence in the voting process for the 2020 General Election.

4. We request that you immediately publish all data files on which you rely for the incorrect statements you have made regarding the rejection rate for absentee ballots in the 2020 General Election.

5. We request that you require a verified, written report from each county to be released to the public, outlining the specific procedures followed by the county for verification of absentee voter identity, demonstrating full compliance with the Georgia Election Code.

Attached are the four previous communications to you requesting that you conduct an audit of the Signatures, dated November 10, 2020, November 12, 2020, November 23, 2020, and a November 23, 2020 email to your general counsel, with affidavits from witnesses testifying as to the failure of certain counties to conduct signature matching in compliance with state law.

Also attached is an *amicus curiae* brief filed on July 30, 2020 by the Public Interest Legal Foundation and Landmark Legal Foundation in *The New Georgia Project v Raffensperger*, Case No. 1:20-cv-01986-ELR (NDGA), which details the importance of verification of absentee voter identity and the dramatically increased opportunity for voter fraud presented by massive increases in absentee voting.

We estimate that between 38,250 and 45,626 illegal votes may have been cast, counted, and included in your tabulations for the presidential race. It is inconceivable that you are unwilling to take *any* steps to audit the Signatures before completing the current recount and proceeding to certify the results of an election where so many illegal votes may be included in your tabulations.

We implore you to exercise your statutory authority and your duty to the electorate to audit the Signatures, before it is too late. Governor Brian Kemp has also publicly urged you to conduct the audit of the Signatures, as have Senators David Perdue and Kelly Loeffler, among others. There is absolutely no reason for your continued refusal to commence the audit of the Signatures and we are again asking – for the *fifth* time – that the Signature audit be ordered and commenced immediately.

Thank you.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read 'RS Smith'.

VIA U.S. Mail, and Hand-Delivery

The Honorable Brad Raffensperger
Georgia Secretary of State
214 State Capitol
Atlanta, Georgia 30334

Dear Secretary Raffensperger:

The Georgia Republican Party and The Donald J. Trump for President Campaign daily continue to receive hundreds of reports of voting discrepancies and errors statewide, including reports of tens of thousands of ballots being unlawfully counted.

To assure confidence in an honest vote, the law authorizes your office to recount and recanvass the ballots wherever and whenever needed prior to the certification of the consolidated returns.¹ The role of your office is to assure public confidence in the integrity and accuracy of the election process. Whenever any "discrepancy" or "error" even "appear" to be present, the law authorizes your office to take corrective action, including a full hand recount of all ballots. (See O.C.G.A. 21-2-495).

Millions of Georgians doubt the process for counting ballots in this state, including substantiated documentary, testimonial and expert evidence of each of the following categories of discrepancy and error your office can take meaningful effort to helpfully resolve: a) ineligible, out-of-state voters casting ballots in the General Election; b) deceased voters casting ballots after their death; c) duplicate ballots by voters; d) ballots counted that were received by mail, but lacked the signature verification required under Georgia law, the only safeguard to prevent false ballots from being included in the vote count when received by mail; e) voters denied the opportunity to vote a regular ballot

¹ See O.C.G.A. 21-2-495; see also your office's published Candidate Training Guide: Information for County, State and Federal Candidates.

The Honorable Brad Raffensperger
November 10, 2020
Page 2

on November 3 because they were advised that someone had already voted absentee in their name; f) denial of statutory access to observe the opening of ballots, and to observe the counting of ballots; and g) the illicit, ex parte meetings of Vote Review Panels excluding Republican panel members denied notice of the meeting and the opportunity to participate.

As you know, as the Georgia Secretary of State, your office is required by law to "proceed to tabulate, compute, and canvass the votes" for statewide offices and each slate of presidential electors. O.C.G.A. §§ 21-2-499(a) and 21-2-499(b). "In the event an error is found in the certified returns presented to the Secretary of State or in the tabulation, computation, or canvassing of votes as described in [O.C.G.A. § 21-2-499], the Secretary of State shall notify the county submitting the incorrect returns and direct the county to correct and recertify such returns." O.C.G.A. § 21-2-499(a). Upon receipt of any corrected certified returns of a county, a new certification of the results is issued and filed in your office. *Id.*

On behalf of the Georgia Republican Party and The Donald J. Trump for President Campaign, we respectfully request, prior to certification of the election results, that your office exercise its statutory authority to order a manual hand recount of every ballot cast within the State of Georgia to ensure the integrity of the ballots and the election process, so that the citizens of Georgia and the United States can have confidence that the results are trustworthy. In order to accomplish that purpose, the following measures are needed to resolve public concerns over the above-mentioned and detailed discrepancies, to-wit:

1. Direct the counties, in the presence of party-designated observers, to re-canvass using a hand-count process the votes for President of the United States, United States Senator (Senator Perdue), and Georgia Public Service Commission (District 1/Commissioner McDonald);
2. Verify, in the presence of party-designated observers, the validity of the signature of any ballot received absentee or by mail;
3. Review the recorded list of voters to cross-check that no person who was unqualified to vote, was nonetheless able to cast a ballot, including those deceased at the time their ballot was cast, those who voted in other jurisdictions, those legally domiciled in other jurisdictions, those

The Honorable Brad Raffensperger

November 10, 2020

Page 3

in prison or felons not qualified to vote, and those not qualified citizens of the state;

4. Trace the chain of custody of the ballots from printing to sending, from receipt to counting, to document that the ballots being counted were cast in a legal manner, conforming to the chain of custody of all ballots, and
5. Inspection and confirmation that each ballot received by mail included the requisite notations of the date and time of receipt of the ballot, the signature verification of the absentee ballot, and the signature of the employee conducting the review, as required by Georgia law.

We appreciate your office's state commitment to "fully investigate" every irregularity, and we share this commitment to build confidence in this election. An honest vote requires every lawful vote lawfully cast to be counted and that every voter concern and complaint of irregularity be satisfactorily and thoroughly investigated before your office can tender its official certification to the election. As your office justifiably assured the public:

If somebody has a credible complaint and they have some kind of evidence or trail to an evidence, they can give our office a call cause we want to make sure we protect the integrity of the ballot because that's the way you're going to build trust back in the system that the outcome of the election is correct
--Georgia Secretary of State Press Conference November 6, 2020.

In that respect, we request that you investigate the issues identified above, and are further raised by affidavits we are providing to your office for purposes of your investigation. In particular, we are concerned that the counting of ballots took place in secret after Republican Party observers were dismissed because they were advised that the tabulation center was shutting down for the night. We are further concerned about the "duplication" of spoiled ballots without the statutorily required presence of witnesses.² It is a critical aspect of the truth-finding process of our American system of law that public scrutiny and the fresh light of transparency provides an oversight role critically missing from this election. Your office has publicly committed that

² These affidavits are a sample of the evidence that has been collected.

The Honorable Brad Raffensperger
November 10, 2020
Page 4

transparency was vital during the election process and we are troubled that there are multiple reports to the contrary. You have the opportunity through the aforementioned hand recount to restore the transparency that did not exist previously.

We appreciate your service and look forward to working with your office to accomplish our mutual objectives of protecting the integrity of Georgia's elections.

Should you need additional information, please do not hesitate to contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to be "Doug Collins", with a long horizontal line extending to the right.

Georgia Republican Party**

November 12, 2020

VIA U.S. Mail and Electronic Mail

The Honorable Brad Raffensperger
Georgia Secretary of State
214 State Capitol
Atlanta, Georgia 30334

Dear Secretary Raffensperger:

The Georgia Republican Party and The Donald J. Trump for President Campaign appreciate your announcement yesterday that you are exercising your discretionary authority under Georgia law¹ to order a statewide hand count of ballots cast in the November 2020 General Election, in response to our request earlier this week. You stated yesterday that the process would be “an audit, a recount and a recanvass all at once” and would help ‘build public confidence.’

However, the training and directives issued today do not comport with your stated goals yesterday and do not satisfy our concerns that gave rise to our request for a hand count in the first place.

We write now to express our serious concerns regarding the training and directives issued today as to how the hand count is to be conducted by the counties. We do not believe that the protocols and procedures announced today will accomplish what we had requested in our letter or announced by your office yesterday. Absent immediate revisions, the people of Georgia cannot have confidence that the hand count and audit were meaningful or delivered on the promised objectives.

¹ See O.C.G.A. 21-2-195

The Honorable Brad Raffensperger

November 12, 2020

Page 2

First, the audit does not include a review of signatures on absentee ballot applications and ballot envelopes to confirm the validity of the statutory signature verification process by the counties. Our analysis of your office's publicly available data shows that the number of rejected absentee ballots in Georgia plummeted from 3.5% in 2018 to 0.3% in 2020. This raises serious concerns as to whether the counties properly conducted signature verification and/or other scrutiny of absentee ballots. In fact, it presents the issue of whether some counties conducted any scrutiny at all.

We reiterate our earlier request that this hand count and audit process include a review of signatures on absentee ballot applications and envelopes in order to ascertain whether the signature verification process was properly executed by the counties. We believe that a review of the signatures is fundamental to this procedure. We do not believe it is possible to certify the results of the 2020 General Election without conducting this investigation and analysis.

Second, we have concerns about meaningful access to the auditing process by our designated monitors. Your office announced today that the state parties can designate only one reviewer for every 10 audit teams. That makes it impossible for hand count decisions to be reviewed in real time. One designated monitor cannot observe ten tables at once. Transparency has been a very significant problem during this election. During the initial vote tabulation, some counties placed ballot reviewers in multiple rooms and aggressively enforced arbitrary distancing restrictions that prevented poll watchers from effectively observing the tabulating process. In other counties, poll watchers were not allowed an unobstructed view of the tabulating process. We are concerned that your directive today has replicated and aggravated these problems.

You have publicly stated that transparency and openness are a high priority to you. That requires a system that allows our designated monitors to be able to meaningfully observe the audit and hand count. Having one monitor for ten audit teams does not allow for transparency. We hereby request that you allow designated monitors on a one-to-one ratio for every audit team as well as for every vote review panel.

The Honorable Brad Raffensperger

November 12, 2020

Page 3

We also request that you direct the counties to make certain that the designated monitors are able to confirm their ability to actually see the process as it occurs. Simply allowing monitors somewhere in the vicinity of the audit process is not sufficient for proper and meaningful oversight. And it is certainly not meaningful if the monitors are behind obstructions or not even in the same room as the audit teams and the vote review panels.

Third, we are very troubled by the directive issued today that counties must certify their results by 5:00 P.M. tomorrow. Given that the audit and recount will necessarily still be ongoing, it is completely improper for counties to be directed to certify the accuracy of the results before the audit and hand count are completed. The purpose of the audit and hand count is to ascertain whether the unofficial tabulations were accurate and conducted in accordance with state law. Only upon completion of the audit and hand count should there be a certification of the results – but not before. Please rescind your earlier directive that the counties are required to certify their results tomorrow afternoon. And we further request confirmation that your office will not rely on the accuracy of any certified results from the counties until after the hand count and audit are completed.

Fourth, we had expected to receive by yesterday the parameters for the hand count in order to provide sufficient time to the public of the process to be followed. However, your training and guidance were issued only within the last few hours and the counties are directed to start the audit tomorrow. That is simply not sufficient public notice of the existence, location, and times of the audits and hand counts. We would request that you delay the commencement of the process until Monday, November 16, 2020, in order to provide ample public notice in every county of the commencement and details of the audit. We would also request that the counties announce and post publicly and clearly when and where they will conduct the audit. It would be helpful to post that information from all the counties on your website. And, in that spirit, we would also request that you notify all counties that they must not begin the audit without public notice or outside the presence of our designated monitors.

Fifth, the security of the paper ballots is critically important. Aside from a single passing reference about security during today's training, the Secretary of State's office provided no substantive guidance regarding the necessity of maintaining the security of the ballots, the transporting of ballots, and documenting the chain of custody as required by law.

The Honorable Brad Raffensperger

November 12, 2020

Page 4

We appreciate your decision to proceed with the hand count as well as your public commitment to transparency and openness. The purpose of this letter is to identify the ways in which the announced process is counter to that intended purpose. We are more than willing to work with your office to accomplish our mutual objectives of protecting the integrity of Georgia's elections and to make certain that there is meaningful public access to the audit and vote review process.

Please contact the undersigned should you wish to discuss further. Thank you for your attention.

Sincerely,

Doug Collins

November 23, 2020

Dear Secretary Raffensperger:

On behalf of President Donald J. Trump, we respectfully request that the statewide recount previously demanded by the Donald J. Trump Campaign pursuant to O.C.G.A. § 21-2-495 (c) (1) (as set forth in State Election Board Rule 183-1-15-.03) ("Recount") be robust, transparent, and conducted in a manner so that the American people have the highest degree of confidence in its outcome. It is within your inherent supervisory powers to do more than the minimum optical scan of the ballots as outlined in the aforementioned Code and Rule. Hundreds of thousands of Georgians voted via absentee ballot, and this information (and alleged signature matches) has yet to be thoroughly examined. The President of the United States requests that your office go beyond the Recount bare minimum and undertake, in addition to what is required by law, an absentee ballot audit. This audit has also been demanded by Governor Kemp, the Republican Party of Georgia, and now the President.

The below elements should be incorporated into a meaningful recount and audit:

1. **Signature Verification of Absentee Ballot Requests and Ballot Envelope**

We respectfully request that your office conduct the audit of absentee ballot signature verifications. This should be done live online, with party representatives present for adjudication. We request that the following records be produced publicly prior to the sample recount to ensure a random sample of returned and accepted absentee ballots be provided for inspection, including by Republican inspectors, beginning from the date of mailing through November 3, 2020:

- Absentee ballot applications containing the voter signatures.
- Absentee ballot return envelopes containing the voter signatures.
- Voter files containing the voter signatures
- Logs or other memoranda with the identity of the election office employee(s) who conducted the signature verification for the application and the ballot, with date and time of receipt and processing of signature verification(s).

Below is the list of 15 counties for review of the above identified records:

The Honorable Brad Raffensperger

November 22, 2020

Page 2 of 3

County	Accepted mail-in ballots	% of accepted mail ballots, GA
COBB	148,577	11.4%
FULTON	142,406	10.9%
DEKALB	127,018	9.7%
GWINNETT	123,543	9.4%
CHATHAM	41,161	3.1%
CHEROKEE	37,487	2.9%
CLAYTON	31,449	2.4%
FORSYTH	30,654	2.3%
HENRY	29,162	2.2%
RICHMOND	27,775	2.1%
HOUSTON	20,130	1.5%
BARTOW	10,571	0.8%
FLOYD	8,661	0.7%
PICKENS	2,972	0.2%
HANCOCK	1,474	0.1%
Grand Total	783,040	59.9%

For a statistically significant sample size, we request that ten percent (10%) of the returned and accepted absentee ballot envelopes from each of the identified counties be provided for inspection / audit.

2. **Verification that Ballots are not Counterfeit, Duplicates, or Test Ballots**

The absentee ballots being recounted should first be checked to ensure they are authentic and genuine. The following non exhaustive list includes scientific factors to be examined:

- Ballot paper type and weight;
- Ballot paper origin and manufacture date;
- Ballot paper brightness and color; and
- Fold mark measurements.

The Honorable Brad Raffensperger

November 22, 2020

Page 3 of 3

We stand ready, willing and able to work with your office in a collaborative fashion in order to ensure the integrity of the sacred voting process and the confidence of its outcome.

Respectfully submitted,

Ray S. Smith III, Esq.

To: rgermany@sos.ga.gov
Subject: Affidavits
Importance: High

Dear Ryan:

Pursuant to today's conversation, attached please find multiple affidavits that are being submitted to the Secretary of State for investigative purposes. We request that your office protect the identities of the affiants throughout the course of your investigation. These affidavits should be treated as confidential as they are being submitted in reliance of the promised ongoing investigation into voting irregularities during this 2020 General Election.

Be advised that these affidavits are being submitted on behalf of the President of the United States in support of his request, as well as that of the GA GOP's request, that the Secretary of State investigate irregularities and allegations of violations pertaining to Georgia's signature match process (and lack thereof) as well as the treatment and processing of mail in absentee ballots.

We are prepared to cooperate with Secretary Raffensberger and his office in this important endeavor and we renew our request that the Secretary initiate an audit of the Signature Applications and Match as outlined in the President's letter of 11/22.

Thank you,

Constitutional Provisions

U.S. Const. Amend. XXIV	13, 14
U.S. Const. Amend. XXVI	11, 12, 13
U.S. Const. Art. I., § 4	7

INTRODUCTION

Plaintiffs ask this Court to invalidate five elements of Georgia’s absentee ballot voting procedures: (1) the process for notifying voters on incomplete absentee ballot applications (“Error Notification”), O.C.G.A. § 21-2-381(b)(4); (2) the age restriction on those who are allowed to submit one application to vote by mail for an entire election cycle, (“Absentee Application Age Restriction”), O.C.G.A. § 21-2-381(a)(1)(G); (3) the failure to provide prepaid postage on absentee ballots (“Postage Requirement”); (4) the rejection of absentee ballots received after 7:00 p.m. on Election Day (“Receipt Deadline”), O.C.G.A. § 21-2-386(a)(1)(F); and (5) the prohibition on third-party assistance for absentee ballots (“Ballot Harvesting Ban”), O.C.G.A. § 21-2-385(a). (Doc. # 33 p. 10.)

Plaintiffs have not established their entitlement to relief under relevant precedent. *Amici* Public Interest Legal Foundation (“PILF”) and Landmark Legal Foundation (“Landmark”) therefore respectfully urge the Court to deny Plaintiffs’ request for preliminary injunction.

ARGUMENT

I. PILF's Voter Roll Research.

A. PILF's Research and Submission of Findings to the Georgia Secretary of State.

As part of its organizational mission, PILF analyzes voter rolls across the Nation to assess their health. In November 2019, PILF received a copy of Georgia's statewide voter roll. Then, at considerable expense for a 501(c)(3) charitable organization, using detailed methodologies and matching techniques (described *infra* and in the attached letter), PILF identified registrations that are potentially inaccurate, outdated, or no longer valid. In Georgia, these registrations include the following: (1) registrations belonging to potentially deceased individuals; (2) registrations that are potentially duplicated across county lines; (3) registrations that are potentially duplicated within the same county; and, (4) persons potentially registered twice across state lines. PILF also reviews voting histories to determine if one or more voting credits were assigned to these potentially problematic entries. A voting credit is a government record from the state of Georgia indicating whether a registrant voted in a particular election. On June 19, 2020, PILF sent a letter to the Georgia Secretary of State that described PILF's methodology and findings and asked the Secretary to investigate and take

corrective action where necessary.¹ Exhibit A (hereafter, the “Letter”).

B. PILF Matched More than 4,200 Registrations to a Verifiable Record of Death.

PILF’s research indicates that there were potentially more than 4,200 deceased individuals with an active registration in Georgia in the voter roll data purchased by PILF. Letter at 1. While it is true that the Georgia Secretary of State may have removed some of these deceased registrants in the intervening time and may endeavor to keep deceased registrants off the list of eligible registrants, the record is not subject to dispute that there have been deceased registrants on the rolls. Each of those potentially deceased individuals presents an opportunity for confusion and even fraud. Anyone with access to a deceased registrant’s date of birth and address information² could attempt to request a ballot in the name of the deceased.

Georgia law presently limits the universe of people who may collect and deliver the voted ballot of another person. *See* O.C.G.A. § 21-2-385(a). Those limits are designed to safeguard the votes of those who are unable to deliver or mail their own ballot, including the disabled. Plaintiffs ask this Court to remove

¹ Election officials are the final judge of voter eligibility. PILF asks election officials to do what is permissible under state and federal law to investigate the leads PILF submits.

² *See* Application for Official Absentee Ballot, *available at* https://sos.ga.gov/admin/files/Absentee_Ballot_Application_2018.pdf (last accessed July 14, 2020).

those limits and allow anyone to collect and deliver the voted ballots of other absentee voters. If such relief is granted, someone who successfully requests a ballot in the name of the deceased could also deliver and submit that ballot. Were someone to succeed in doing so, it would cancel out the legitimate vote of another Georgian.

In order to ensure a high degree of confidence, PILF matched voter roll data against the federally maintained cumulative Social Security Death Index (SSDI), and where possible, against the SSDI and printed obituaries and other public notices. Letter at 1. Approximately 89 percent of registrants matched against the SSDI list a date of death in November 2019 or earlier, with some dates of death reaching back as far as 2010. Letter at 1.³

C. PILF Identified Potentially Duplicated Registrations with Apparent Voting Credits Assigned for Georgia Elections.

PILF's letter also alerted the Secretary to registrations that are potentially duplicated within the same Georgia county (intracounty) and across county lines (intercounty) that were apparently assigned voting credits for the same election. Letter at 2. For the 2016 General Election, more than 570 potential intercounty duplicates were apparently assigned voting credits, and more than 9,600 potential intracounty duplicates were apparently assigned voting credits, according to public

³ The true number of deceased registrants is likely even higher because PILF analyzed only registrants with active registrations.

records. *Id.* For the 2018 General Election, nearly 9,900 potential intracounty duplicates were apparently assigned voting credits, according to public records. *Id.* PILF cannot confirm whether the apparent duplicate registrations did or did not cast ballots, only that the records from election officials indicated that they did.

The number of people with two or more active duplicate registrations is almost certainly even higher because PILF flagged only registrations that were assigned voting credits. In addition, PILF has not yet accounted for some well-known causes of duplication, such as married-name confusion, which happens when a registrant becomes married and then submits a subsequent registration using a different last name. Such cases of duplication would only increase the total number of duplicate active registrations. PILF has seen those circumstances result in significant numbers of likely duplicated registrations in other jurisdictions.

It is paramount that Georgia's election officials investigate and confirm the registrations PILF flagged and further examine Georgia's voter rolls for other duplicate entries prior to the entry of any injunctive relief that would exacerbate these defects.

D. PILF Identified Potentially Duplicated Registrations with Apparent Voting Credits Assigned for Elections in Georgia and Another State.

Using voter roll extracts obtained from other states, PILF performed a detailed matching analysis to discern the number of registrants who are potentially

registered in more than one state. Using this methodology, PILF alerted the Secretary's office to more than 840 potentially duplicated registrations across state lines where it appeared that voting credits were assigned for the 2018 General Election in each state, according to public records. Letter at 2. PILF cannot confirm whether the apparent duplicate registrations did or did not cast ballots, only that government records indicated that they did.

PILF and Landmark invite the Court to appoint an *Amicus Curiae* to verify PILF's voter roll research. PILF's research can be replicated. PILF hopes that replication can resolve any doubts concerning ambiguities or uncertainties in the data. PILF therefore invites the Court to verify its research. PILF welcomes efforts to verify and improve upon its work so that the Court is working with the most accurate and up-to-date data when rendering a decision in this matter. For example, PILF invites the Court to appoint its own *amicus curiae* to replicate the study to ascertain the number of duplicate registrations on the public voter rolls in Georgia, if the Court believes it is warranted.

II. Reasonable Protections for Absentee Voting Do Not Violate the Voting Rights Act nor Are They Unconstitutional.

Georgia's laws designed to ensure the accuracy and integrity of its absentee voting system are reasonable, impose a minimal burden on voters, and fall well within a state's authority to regulate the time, place, and manner of its elections.

U.S. Const. Art. I., § 4. They do not violate the Voting Rights Act nor are they unconstitutional.

The right to vote in any way one wishes is not absolute. *Burdick v. Takushi*, 504 U.S. 428, 433 (1992). There is no constitutional right to vote by absentee ballot. *Griffin v. Roupas*, 385 F.3d 1128, 1130-31 (7th Cir. 2004). To achieve the necessary objective of a fair, orderly, and honest election, states enact comprehensive and sometimes complex election codes. These provisions affect—at least to some degree—the individual’s right to vote. *Anderson v. Celebrezze*, 460 U.S. 780, 788 (1983). Reasonable and nondiscriminatory restrictions are justifiable because of a state’s important regulatory interests in ensuring a fair and honest election. *Id.* Voting regulations, therefore, do not automatically trigger strict scrutiny—even when they affect the right to vote. *Timmons v. Twin Cities Area New Party*, 520 U.S. 351, 358 (1997).

Thus, courts must determine the burden the regulation places on voters when setting the standard of review. “While a rational basis standard applies to state regulations that do not burden the fundamental right to vote, strict scrutiny applies when a state’s restriction imposes ‘severe’ burdens.” *NE Ohio Coal. for Homeless v. Husted*, 696 F.3d 580, 592 (6th Cir. 2012). In less severe cases, courts apply the flexible *Anderson-Burdick* standard:

Under this test,

A court considering a challenge to a state election law must weigh “the character and magnitude of the asserted injury to the rights protected by the First and Fourteenth Amendments that the plaintiff seeks to vindicate” against “the precise interests put forward by the State as justifications for the burden imposed by the rule,” taking into consideration “the extent to which those interests make it necessary to burden the plaintiff’s rights.”

Burdick, 504 U.S. at 434 (quoting *Anderson*, 460 U.S. at 789). There is thus no “litmus test” to separate valid from invalid voting regulations. Courts must balance the burden placed on voters against the state’s asserted justifications and “make the ‘hard judgment’ that our adversary system demands.” *Crawford v. Marion Cty. Election Bd.*, 553 U.S. 181, 190 (2008). Any burden should be “justified by relevant and legitimate state interests ‘sufficiently weighty to justify the limitation.’” *Crawford*, 553 U.S. at 191 (quoting *Norman v. Reed*, 502 U.S. 279, 288-289 (1991)).

The protections challenged by the Plaintiffs do not violate this standard. The notification process requirement that a voter completing an absentee ballot provides enough information to establish identity guards against fraud. Requiring verification of identity ensures a fair and honest election. The process also requires election officials to “promptly” notify the voter should the request contain errors. O.C.G.A. § 21-2-381(b)(4). It is a minimal burden that is especially necessary because of the increasing likelihood that large numbers of absentee ballots may be

cast in the General Election. The receipt deadline ensures finality and reduces the opportunities for post-election voter fraud.

A. Absentee Voting Systems Require Special Protections and They Are Particularly Vulnerable to Fraud.

Plaintiffs allege that Georgia law disenfranchises lawful voters. (Doc. # 33 p. 10). They are incorrect and fail to consider the inherently vulnerable nature of voting by absentee ballot. *See United States v. McCranie*, 169 F.3d 723, 725-26 (11th Cir. 1999) (“most of the illegal vote buying occurred during the absentee voting period”). In short, opportunities for fraud abound when individuals vote by absentee ballot. Presidential Commission on Election Administration, *Building Confidence in U.S. Elections: Report of the Commission on Federal Election Reform* 46 (2005) (“Carter–Baker Report”).⁴ For example, voting occurs outside the strictly regulated confines of the precinct, where election officials guard against undue influence and electioneering, ensure compliance with voting laws and maintain the chain of custody of ballots. Thus, the absentee ballot process “remains the largest source of potential voter fraud.” *Id.* Fraud occurs in several ways. First, blank ballots mailed to wrong addresses or apartment buildings can be intercepted. *Id.* Second, voters are particularly susceptible to pressure or intimidation when voting at home or from a nursing home. *Id.* Finally, third-party organizations can

⁴ Available at <https://www.legislationline.org/download/id/1472/file/3b50795b2d0374cbef5c29766256.pdf> (last visited July 14, 2020).

operate illicit “vote buying schemes” that are “far more difficult to detect when citizens vote by mail.” *Id.*

Even a study skeptical of the incidence of voter fraud generally acknowledges the dangers in vote-by-mail. It notes that – when fraud does occur, “absentee ballots are often the method of choice.” Presidential Commission on Election Administration, *The American Voting Experience: Report and Recommendations of the Presidential Commission on Election Administration* 56 (2014).⁵

Voter registration errors also contribute to voting system vulnerabilities. Millions of voters’ names appear on multiple state voter registration lists because states do not routinely share registration data. *Id.* at 28. In 2012, The Pew Center on the States found that about 24 million (one in eight) voter registrations were no longer valid or contained significant inaccuracies with 1.8 million deceased individuals listed on voter rolls and 2.75 million names on registrations in more than one state. The Pew Center on the States, *Inaccurate, Costly and Inefficient: Evidence that America’s Voter Registration System Needs an Upgrade* 1-5 (February 2012).⁶

⁵ Available at https://elections.delaware.gov/pdfs/PCEA_rpt.pdf (last visited July 14, 2020).

⁶ Available at https://www.pewtrusts.org/~media/legacy/uploadedfiles/pes_assets/2012/pewupgradingvoterregistrationpdf.pdf (last visited July 14, 2020).

These inaccuracies can, in part, be traced to states' failures to enforce the provisions of the National Voter Registration Act (NVRA), which require election officials to ensure the accuracy of registration lists by confirming residency and periodically removing the names of dead or out of state residents from voter rolls. 52 U.S.C. § 20507.

As discussed, *supra*, *amicus* PILF's research found potential inaccuracies on Georgia's voter registration rolls. These registration errors make an already vulnerable voting system even more susceptible to fraud. Necessary protections such as placing deadlines on when absentee ballots are received, limiting who may handle ballots or ensuring absentee ballot applications are essential to limit opportunities for fraud. *See* Carter-Baker Report at 47.

B. The Absentee Application Age Restriction Does Not Violate the 26th Amendment.

Without any relevant basis in the law, Plaintiffs allege the absentee age restriction violates the 26th Amendment. (Doc. # 33 p. 62.) They are incorrect. The 26th Amendment lowered the voting age from 21 years to 18 years. U.S. Const. Amend. XXVI. It expands the pool of eligible voters. It does not prohibit states from enacting reasonable protections to ensure the integrity of the vote. The state of Georgia's statutory provision permitting elderly residents to cast absentee ballots does not deny others the right to vote. Rather, it is a commonsense

accommodation to ensure infirm and elderly citizens are able to vote while allowing the state to maintain an orderly election process.

Protections enacted by states on absentee voting are subject to a “rational basis standard” because voting in this fashion is not a fundamental right. *Texas Dem. Party v. Abbott*, No. 20-50407, [2020 U.S. App. LEXIS 17564 at *26](#) (5th Cir. June 4, 2020). As older voters face unique challenges in their ability to vote in-person, the state is justified in providing them an exclusive accommodation. Accordingly, Plaintiffs should not succeed on their 26th Amendment challenge.

Prior to ratification of the 26th Amendment, Congress lowered the voting age from 21 years to 18 years by amending the Voting Rights Act. Congress determined that imposing “national defense responsibilities” upon 18 to 21-year-olds while denying that class of individuals the right to vote was particularly unfair. The amendments applied to all federal, state and local elections. The statute was limited to federal elections by the Supreme Court in *Oregon v. Mitchell*, [400 U.S. 112, 223](#) (1970). The VRA amendments, however, did not create a universal ban on any secondary age requirements that a state might place on absentee voting – they simply guaranteed those 18-years-old and older the right to vote.

In response to *Oregon v. Mitchell*, Congress, with support from the states, proposed to expand the franchise to those 18-years-old and older to all elections through the 26th Amendment. Ratification occurred after extensive debates on the

abilities of 18-year-olds to conscientiously participate in the election process.

Congress determined that most people between ages 18 and 21 had completed high school, bore all or most of an adult's responsibilities, and ought to be extended the opportunities to influence society in a constructive manner. *See* Cong. Research Service, *The Eighteen Year Old Vote: The Twenty-Sixth Amendment and Subsequent Voting Rates of Newly Enfranchised Age Groups*, May 20, 1983, Report No. 83-103.

The ratification history and case law pertaining to the 26th Amendment do not support Plaintiffs' expansive and unfounded claims.

C. Georgia's Requirement that Prospective Absentee Voters Pay Their Own Postage Does Not Violate the 24th Amendment.

The Plaintiffs allege that Georgia's requirement that absentee ballot voters pay their own postage to return completed ballots violates the 24th Amendment. (Doc. # 33 p. 35.) Plaintiffs demand that the Court open Pandora's box to the indirect costs associated with voting. Their argument goes well beyond the scope of the Amendment's text and should be rejected.

The 24th Amendment prohibits conditioning the right to vote in federal elections upon payment of a "poll tax or other tax." U.S. Const. Amend. XXIV. Under equal protection grounds, the Supreme Court found that the right to vote in a state election could not be conditioned upon payment of a fee as well. *Harper v. Virginia Bd. of Elections*, 383 U.S. 663, 668-69 (1966). The state cannot force a

voter to choose between a poll tax and a cumbersome burden. In the first Supreme Court case interpreting the amendment, the Court struck down a state law requiring either the payment of a poll tax or the filing of a certificate of residence six months before the election. *Harman v. Forssenius*, 380 U.S. 528, 533-34 (1965). The state’s scheme for filing the certificate was “plainly a cumbersome procedure” so that many would prefer just paying the poll tax. *Id.* at 541.

Georgia does not condition the right to vote on the payment of any poll tax or fee, nor does it impose any cumbersome burden in lieu of a poll tax. *See* O.C.G.A. § 21-2-216(a) (elector’s qualifications); O.C.G.A. § 21-2-381 (application for absentee ballot); O.C.G.A. § 21-2-385 (voting by absentee electors). Georgia voters have several methods of voting. They can vote in person at the ballot box or during early voting. They can vote by absentee ballot and hand deliver the ballot to the county elections office. They can vote by absentee ballot and have the U.S. postal service deliver the ballot in the return envelope. Plaintiffs contend that, when using this last option to vote, the indirect cost of postage amounts to a tax.

Yet courts have not extended the 24th Amendment in several cases in which fees arise indirectly, such as the restoration of rights of former felons and voter identification laws. In former felons cases, circuit courts have rejected claims that the amendment prohibits their re-enfranchisement turning on payment of child

support, *see Johnson v. Bredesen*, 624 F.3d 742 (6th Cir. 2010), payment of past due fines or restitution, *see Harvey v. Brewer*, 605 F.3d 1067 (9th Cir. 2010) (O'Connor, J. (retired)), or even a fee to cover the process for reinstatement of voting rights, *see Howard v. Gilmore*, No. 99-2285, 2000 U.S. App. LEXIS 2680 (4th Cir. Feb. 23, 2000).

In contrast, however, a district court recently held that a state “*can* condition voting on payment of fines and restitution that a person is able to pay but *cannot* condition voting on payment of amounts a person is unable to pay or on payment of taxes, even those labeled fees or costs.” *Jones v. Desantis*, No. 4:19cv300-RH/MJF, 2020 U.S. Dist. LEXIS 90729, at *7 (N.D. Fla. May 24, 2020) (emphasis in original). While affirming a preliminary injunction in the same case, the 11th Circuit ruled earlier that states cannot condition voting on the payment of an amount a person is genuinely unable to pay. *Jones v. Governor of Fla.*, 950 F.3d 795, 800 (11th Cir. 2020).

The district court’s opinion in *Jones v. Desantis* conflicts with the reasoning in *Harvey v. Brewer*. In *Harvey*, Justice O’Connor shunned the type of expansive reading of the amendment that is urged by the Plaintiffs in this case.

Plaintiffs’ right to vote was not abridged because they failed to pay a poll tax; it was abridged because they were convicted of felonies. Having lost their right to vote, they now have no cognizable Twenty-Fourth Amendment claim until their voting rights are restored. That restoration of their voting rights requires them to pay all debts owed under their criminal sentences does not transform their criminal fines into poll taxes.

Id. at 1080.

The argument—that the costs associated with obtaining identification to vote violated the amendment—also failed in the Ninth Circuit. *Gonzalez v. Arizona*, 677 F.3d 383 (9th Cir. 2012). In *Gonzalez*, plaintiffs argued that because some voters did not have the identification required under Arizona law, those voters would have to spend money to obtain it, making this payment indirectly equivalent to a tax on the right to vote. The court disagreed, stating, “Although obtaining the identification required under [the law] may have a cost, it is neither a poll tax itself (that is, it is not a fee imposed on voters as a prerequisite for voting), nor is it a burden imposed on voters who refuse to pay a poll tax.” *Id.* at 407.

In fact, all forms of voting often require indirect costs. Voters may have to pay for gas to drive to a polling place or pay for public transportation. Anyone outside walking distance of a polling place has an indirect cost. Voters may also have to take time off from work to vote on Election Day, requiring hourly workers to lose income. The danger of Plaintiffs’ argument is that it has no limiting principle and would bring such costs under constitutional scrutiny. This would raise the administrative costs of elections for the states exponentially.

However, Plaintiffs do not stop with postage. They argue that beyond the cost of a stamp, going out to buy a stamp is a complicated process that imposes more financial costs. (Doc. # 33 at 12.) Local post offices may not be open and

available to answer questions, delaying the voting process. This is nowhere near the administrative burdens at issue in *Harman v. Forssenius*.

D. Georgia's Limitations on Who Handles Absentee Ballots Limits Opportunities for Voter Fraud.

The inherently vulnerable nature of absentee voting coupled with registration errors makes it imperative to enact and enforce reasonable limitations on who handles absentee ballots. Should ineligible individuals receive absentee ballots, harvesting groups can easily exploit the situation and commit wholesale voter fraud. Such exploitation has occurred in the past. For example, in 2004, 1,700 voters registered in both New York and California requested vote-by-mail ballots to be mailed to their home in the other state with no investigation. Carter-Baker Report at 12.

Absentee ballots mailed to addresses of those who have moved or died are vulnerable to ballot harvesting. Unaccounted-for ballots are currency to harvesters. Georgia's limitations on who handles ballots, however, are a useful tool to ensure that ballots sent to ineligible registrants are not collected and submitted by unscrupulous individuals or organizations. Removal of this protection exposes this system to persons who seek to unlawfully affect the outcome of elections. The U.S. Supreme Court has recognized incidents of voting fraud that have occurred in vote-by-mail systems. *Crawford v. Marion County Election Bd.*, [553 U.S. at 195-196](#). The Court noted that fraudulent voting in the 2003 Democratic primary for East

Chicago Mayor, “perpetrated using absentee ballots,” demonstrated “that not only is the risk of voter fraud real but that it could affect the outcome of a close election.” *Id.*

Lack of significant regulation on the absentee ballot voting process led to widespread “ballot harvesting” in California in 2018. “[P]olitical operatives, known as ‘ballot brokers,’ ...identify specific locations, such as large apartment complexes or nursing homes” to exploit the voting process. U.S. House of Representatives Committee on House Administration Republicans, *Political Weaponization of Ballot Harvesting in California 2* (May 14, 2020) (“Committee Report”).⁷ After establishing relationships with individuals in these locations, ballot brokers would “encourage, and even assist, these unsuspecting voters in requesting a mail-in ballot; weeks later when the ballot arrives in the mail the same ballot brokers are there to assist the voter in filling out and delivering the ballot.” *Id.* As noted in the Committee Report, “[t]his behavior can result in undue influence in the voting process and destroys the secret ballot, a long-held essential principle of American elections intended to protect voters.” *Id.* It continued, “These very scenarios are what anti-electioneering laws at polling locations are

⁷ Available at <https://republicans-cha.house.gov/sites/republicans.cha.house.gov/files/documents/CA%20Ballot%20Harvesting%20Report%20FINAL.pdf> (last visited July 14, 2020).

meant to protect against. A voter cannot wear a campaign button to a polling location, but a political operative can collect your ballot in your living room?” *Id.*

Ballot harvesting appeared to affect the outcome of several races for the U.S. House of Representatives in California. For example, in the 39th Congressional district, Young Kim, the Republican candidate, led the vote count on election night and in the week following election day. Ms. Kim even traveled to Washington D.C. for orientation as a new member of the House. “Two weeks later, the Democrat challenger was declared the winner after 11,000 mail ballots were counted, many of which were harvested.” *Id.* at 3. In the 21st Congressional district, Republican David Valadao led by almost 5,000 votes on election night. The final tally of votes led to Mr. Valadao’s Democratic challenger winning by 862 votes – a swing of 5,701 votes. *Id.* These votes, “heavily favored the Democrat candidate at a much higher rate than previously counted ballots.” *Id.* The swing in counted votes was due largely to numbers of vote-by-mail ballots that had been dropped off at the polls and were processed and counted in the days following the election. “In Orange County alone, 250,000 mail ballots were turned in on Election Day.” *Id.* at 4. Such last-minute actions can overwhelm election officials’ ability to properly validate every ballot before the certification deadline. California’s insufficient signature verification standards only added to this post-election chaos.

This uncertainty and after-the-fact results undermine the public’s confidence in the integrity of the election process. And “[c]onfidence in the election process is essential to the functioning of our participatory democracy.” *Purcell v. Gonzalez*, 549 U.S. 1, 4 (2006). The Court continued, “Voter fraud drives honest citizens out of the democratic process and breeds distrust of our government.” *Id.*

Limiting who handles vote-by-mail ballots to the voter, an acknowledged family member, the U.S. Postal Service, caregivers, or election officials is reasonable and provides a necessary protection to guard against voter manipulation and voter fraud. As voter rolls are not accurate and as voting by mail is the method of choice for those who seek to commit fraud, reasonable protections are essential. The benefits of preventing fraud, intimidation, and undue influence on voters by limiting who can handle vote-by-mail ballots far outweighs the minimal burden imposed by Georgia’s law.

CONCLUSION

This Court should accordingly deny Plaintiffs’ request for a preliminary injunction.

**Re: Voter List Maintenance Leads
Request for Meeting**

Dear Secretary Raffensperger:

Our organization—the Public Interest Legal Foundation—is a non-partisan, 501(c)(3) public-interest organization that is dedicated entirely to promoting the integrity of elections nationwide through research, education, remedial programs, and litigation. As part of our mission, we study, audit, and analyze voter rolls throughout the country to assess their health and accuracy. We compare voter roll data against federal and other public or commercial databases to flag registrations that may be incomplete, outdated, or no longer valid. We then submit findings and leads to proper election officials for further investigation and confirmation to better aid voter roll maintenance programs.

We write today to offer you our findings for the State of Georgia.

Summary of Findings and Methodology

1. Potentially Deceased Registrants with an Active Registration.

In November 2019, we received a copy of the Georgia voter registration extract from your offices. The “active” portion of the extract was compared against the U.S. Social Security Death Index (SSDI), a database made available via the U.S. Social Security Administration. Where possible, voter registration entries were compared against the SSDI *and* printed obituaries and other public notices.

Our analysis showed there were potentially more than **4,200 deceased individuals** with an active registration in Georgia at that time. Approximately 89 percent of the entries matched against the SSDI listed a date of death prior to November 2019, the time period when the roll was provided. Some matches list dates of death as far back as 2010.

As you are likely aware, the National Voter Registration Act of 1993 (“NVRA”) requires your office to use reasonable efforts to identify and remove registrants who are deceased. 52 U.S.C. § 20507(a)(4)(A). Georgia law provides that “Upon receipt of the lists described in subsection (d)

of this Code section, the Secretary of State or his or her designated agent shall remove all such names of deceased persons from the list of electors and shall notify the registrar in the county where the deceased person was domiciled at the time of his or her death.” Georgia Code Title 21. Elections § 21-2-231(e). Further, “county registrars may obtain information about persons who died from obituaries published by local newspapers, death certificates, verifiable knowledge of the death...County registrars shall determine if such deceased person’s name appears on the list of electors and, if so, shall remove such name from the list of electors....” Georgia Code Title 21. Elections § 21-2-231(e.1).

We have utilized multiple means to verify these potentially deceased registrants, but ultimately only your office can conclusively determine whether the registrants are indeed deceased.

2. Potential Duplicate Registrations Across State Lines with Voting Credits Apparently Assigned by Election Officials for the 2018 Election.

Using voter roll extracts obtained from other states at the same time as we obtained Georgia’s extract, we performed a detailed matching analysis to discern the number of registrants who are potentially registered in more than one state. We then viewed voting history reports to discern the number of registrants who were apparently assigned voting credits in more than one state for the same election.

In Georgia, we identified more than **840 potentially duplicated registrations across state lines** with apparent voting credits assigned by election officials in each state for the 2018 General Election. To arrive at this figure, potential matches of full names and dates of birth were filtered through commercial identity-validation services using Social Security data and more. We have utilized multiple means to verify these potentially duplicate registrations but ultimately only your office can conclusively determine whether these registrations are indeed duplications with genuine document trails reflecting the voting credits shown in the purchased voter extract.

3. Potential Intercounty and Intracounty Duplicates with Apparent Voting Credits Assigned for 2016 and 2018 General Elections.

Using a similar methodology as above, we also flagged registrations that are potentially duplicated within the same Georgia county (intracounty) and across county lines (intercounty). We then reviewed assigned voting credits for each such registration.

For the 2016 General Election, 570 potential intercounty duplicates were apparently assigned voting credits.

More concerning were the findings of intracounty duplicates at matched residential addresses. At least 9,600 potential intracounty duplicates were apparently assigned voting credits in the 2016 General. For the 2018 General Election, nearly 9,900 potential intracounty duplicates were apparently assigned voting credits.

Our reading of the most recent U.S. Election Assistance Commission survey data show that your offices are aware of a duplicate registration problem. During the 2018 election cycle, your offices reportedly removed more than 62,000 registrants on this score.

We have utilized multiple means to verify these potentially duplicate registrations but ultimately only your office can conclusively determine whether these registrations are indeed duplications with genuine document trails reflecting the voting credits shown in the purchased voter extract.

Request for Meeting

We would like to offer our findings to you for further investigation and confirmation. We are available via telephone or videoconference, if needed, to discuss our research and how we can best transfer the data to you. Please let us know which date(s) and time(s) you prefer.

Should you need to contact us regarding this matter, please contact me at lchurchwell@publicinterestlegal.org. Thank you for your service on this matter.

Sincerely,

Logan Churchwell

**MOTION FOR LEAVE TO AMEND VERIFIED PETITION TO CONTEST
GEORGIA'S PRESIDENTIAL ELECTION RESULTS FOR VIOLATIONS OF THE
CONSTITUTION AND LAWS OF THE STATE OF GEORGIA, AND REQUEST FOR
EMERGENCY DECLARATORY AND INJUNCTIVE RELIEF AND TO ADD PARTIES**

NOW COMES Donald J. Trump, pursuant to O.C.G.A. § 9-11-15, 9-11-19, 9-11-20, 9-11-21 and/or the Georgia Election Code, in his capacity as a Candidate for President, Donald J. Trump for President, Inc., and David J. Shafer, in his capacity as a Georgia Registered Voter and Presidential Elector pledged to Donald Trump for President (collectively "Petitioners"), Petitioners in the above-styled civil action, by and through their undersigned counsel of record, and file this, their Motion for Leave To Amend Verified Petition to Contest Georgia's Presidential Election Results for Violations of the Constitution and Laws of the State of Georgia, and Request for Emergency Declaratory and Injunctive Relief and to Add Parties (the "Petition"), respectfully showing this honorable Court as follows:

I. Legal Standard.

A party may amend his pleading as a matter of course and without leave of court at any time before the entry of a pretrial order.... Leave shall be freely given when justice so requires. A party may plead or move in response to an amended pleading and, when required by an order of the court, shall plead within 15 days after service of the amended pleading, unless the court otherwise orders. O.C.G.A. § 9-11-15. "The right to amend pleadings under the Civil Practice

Act is exceedingly broad.” *Cook Pecan Company, Inc. v. McDaniel*, 337 Ga. App. 186, 190-191, 786 S.E.2d 852, 856, (2016); (citing to *Bandy v. Hosp. Auth. of Walker Cty.*, 174 Ga. App. 556, 557 (1) (b) (332 S.E.2d 46) (1985)). Further, pursuant to O.C.G.A. § 21-2-524, amendments to election contests can be granted with leave of court. The Court may set a reasonable time for response to any opposing litigant. *Id.* Parties must be added by Order of Court under O.C.G.A. 9-11-19, 9-11-20, 9-11-21. It is unclear whether the Board of Elections and its particular members are required to be added to this action as indispensable parties; however, in an abundance of caution, we are also requesting leave of Court to add the Boards of Elections/Registrations of the various counties and their respective members in their official capacities as additional parties as may be required by the Georgia Election Code.

II. Relevant Facts

The matters at issue here are of such gravitas and importance that leave of court should be freely given to enable Petitioner to amend his Verified Complaint in this matter to have their day in Court and prove the verified *data* that was attached to the Verified Complaint. This action is not like any other action that has been filed; it is not based on conjecture, speculation or guesswork, or even some statistical theory. This action is based on simple math based on the data from Respondent Secretary of State Raffensberger’s own public website and other reliable public sources.

True, this action was originally filed on December 4, 2020. Due to the voluminous amount of evidence and exhibits and through an apparent administrative error, it was not assigned a case number by the Clerk of Court until December 7, 2020. December 4, 2020, was a Friday; December 7, 2020 was the following Monday. However, The Honorable Clerk of Court, Cathelene Robinson filed stamped the Verified Complaint as having been filed as of December 4, 2020, at 6:26pm.

During that same period of time, Respondent Secretary of State Raffensberger “officially” certified the election in the State of Georgia. Of extreme importance, Respondent Raffensberger certified the election for Mr. Biden despite the fact that at least one Georgia County, Coffee County, had sent a letter to the Secretary of State on December 4, 2020, informing the Secretary that the County could not replicate the election results on a repeated basis and therefore could not officially certify the results according to the audit required by the Election Code. *See Exhibit “A”* attached hereto and incorporated by reference.

Specifically, Mrs. Ernestine Thomas-Clark, the Chairperson for the Coffee County Board of Elections and Registration said “...given its inability to repeatedly duplicate creditable election results. Any system, financial, voting, or otherwise, that is not repeatable nor dependent should not be used. To demand certification of patently inaccurate results neither serves the objective of the electoral system nor satisfies the legal obligation to certify the electronic recount.” *Id.* Mrs. Clark also stressed that: “NO local election board has the ability to reconcile the anomalies reflected in the attached” (capitalization in original) and thereby, has called into question the certification of election recount throughout the entire State of Georgia. This letter was just disclosed to Petitioners on December 8, 2020, and provides absolute evidence from a Georgia County that their election results cannot be certified.¹ Respondent Raffensperger, himself, stated that these matters must be addressed by the Courts.

Coffee County voted only to certify election night results not audit results, and tendered them to Respondent Raffensberger, who then in an *ultra vires* act, disregarded the letter and certified the election for the entire State of Georgia. He misrepresented that the certification was

¹ This creates an absolute new actual controversy and cannot render this action moot or subject to any laches argument.

based on the certified audits received from all 159 Georgia counties. This action falls squarely under the “Misconduct, fraud, or irregularity” “sufficient to change or place the result in doubt” standard under O.C.G.A. §21-2-522(1), and proves a need for an audit to determine if illegal votes were received under O.C.G.A. § 21-2-522(3), any error in counting if the error would change the result under O.C.G.A. § 21-2-522(4), or any “other cause” which shows that another person was elected under O.C.G.A. § 21-2-522(5). Accordingly, manifest justice and the balance of the equities in this matter should weigh heavily in the favor of Petitioners to enable them to amend their pleadings to challenge the certification, request de-certification by amendment based on the illegal acts of Respondent Secretary of State Raffensberger, including without limitation, an independent audit ordered and to ultimately prove Petitioners case on the merits.

III. ARGUMENT AND CITATION OF AUTHORITIES

The law permits amendment of pleadings as a matter of right and the Election Code permits a Court to allow amendment of pleadings. While it is not known how the Georgia Civil Practice Act plays into this special statutory proceeding, equity should intercede to permit this amendment. The recent actions of Respondent Raffensberger in certifying the election and the *ultra vires* act of certifying the election despite the letter from Coffee County, Georgia, makes Respondent Raffensberger a “Violator” as defined in the Georgia Election Code. O.C.G.A. § 21-2-2(37). “It is declared to be the Policy of this State, in furtherance of its responsibility to protect the integrity of the democratic process and to ensure fair elections for constitutional offices....” and this must be upheld in equity and the Court should intervene in situations where our elected officials have engaged in improper conduct. *See* O.C.G.A. § 21-5-2. Based on O.C.G.A. § 9-11-15 and the Election Code, and the balance of the equities, amendment is just and proper, as Petitioners are now irreparably harmed and prejudiced if they are not permitted to amend their Verified

Complaint. Petitioners seek to challenge not only certification, but now de-certification, and pursue the illegal acts of the Respondent Raffensberger and audit remedies attendant thereto. Petitioners respectfully show that the outcome of a Presidential Election is fundamental to our system of justice and democracy, that leave should be freely given to get to the merits of what actually happened in this 2020 election. The proposed Amended Complaint is attached hereto for the Court's consideration as **Exhibit "B"**.

WHEREFORE, Petitioners respectfully request that its Motion be granted and for such other and further relief as is just proper and equitable.

Respectfully submitted, this 9th day of December, 2020.

Brad Raffensperger
214 State Capitol
Atlanta, GA. 30334

Dear Mr. Raffensperger,

The Coffee County Board of Elections and Registration cannot certify the electronic recount numbers given its inability to repeatably duplicate creditable election results. Any system, financial, voting, or otherwise, that is not repeatable nor dependable should not be used. To demand certification of patently inaccurate results neither serves the objective of the electoral system nor satisfies the legal obligation to certify the electronic recount.

I am enclosing a spread sheet which illuminates that the electronic recount lacks credibility. NO local election board has the ability to reconcile the anomalies reflected in the attached. Accordingly, the Coffee County Board of Elections and Registration have voted to certify the votes cast in the election night report. The election night numbers are reflected in the official certification of results submitted by our office.

Respectfully,
Coffee County Board of Elections and Registration

Ernestine Thomas-Clark
Chairperson

Signed by Chairperson by expressed permission and consent of 100% of the board.

**FIRST AMENDED PETITION TO CONTEST GEORGIA’S PRESIDENTIAL
 ELECTION RESULTS FOR VIOLATIONS OF THE CONSTITUTION AND LAWS OF
 THE STATE OF GEORGIA, DECLARATORY JUDGMENT, AND INJUNCTIVE
 RELIEF – EXPEDITED DISCOVERY AND DECERTIFICATION OF DECEMBER 7,
 2020 ELECTION RESULTS (AND ALL OTHER CERTIFIED RESULTS OF THE 2020
 PRESIDENTIAL CONTEST)**

COME NOW Donald J. Trump, in his capacity as a Candidate for President, Donald J. Trump for President, Inc., and David J. Shafer, in his capacity as a Georgia Registered Voter and Presidential Elector pledged to Donald Trump for President (collectively “Petitioners”), in the above-styled civil action, and by and through their undersigned counsel of record, file this, their Amended Verified Petition to Contest Georgia’s Presidential Election Results for Violations of the Constitution and Laws of the State of Georgia, Declaratory Judgment, and Injunctive Relief – Expedited Discovery and Decertification of December 7, 2020 Election Results (And All Other

Certified Results of the 2020 Presidential Contest (the “Petition”), respectfully showing this Honorable Court as follows.¹

Matter is Not Moot.

This matter is not mooted by 3 U.S.C. § 5 (the “Safe Harbor Statute”) because the claims herein challenge whether Georgia’s determination of its electors has been and will be conducted pursuant to state election laws enacted prior to the electors’ appointment. The plain language of the Safe Harbor Statute permits a state’s appointment of electors to be “conclusive” only when a state’s actions governing its appointment of electors is made pursuant to “laws enacted prior to the day fixed for the appointment of electors” existing “at least six days before the time fixed for the meeting of the electors.” This matter puts squarely in dispute whether Georgia’s determination of electors will have been made pursuant to Georgia law. As the merits of that dispute remain unresolved, Georgia’s electors’ appointment cannot be deemed “conclusive.” If the Court were to hold that the Safe Harbor Statute prevents a decision on the merits, the decision would raise Due Process concerns.

Laches Is Not Applicable.

The equitable defense of laches is not applicable to this matter. Petitioners have not delayed in asserting their claims. Petitioners file an as “applied challenge” to Respondents’ enforcement of the Georgia Election Code. These claims could not have been made until after the election was completed. The results of the November 3rd election were not certified until November 20, 2020. The next day, President Trump and the Trump Campaign notified Secretary Raffensperger of President Trump’s request to invoke the statutory recount authorized by

¹ Petitioners incorporate by reference as set forth herein verbatim all of the Exhibits Attached to its December 4, 2020 Petition.

O.C.G.A. § 21-2-495(c) for elections in which the margin is less than one-half of one percent (the “Statutory Recount”). On December 4th, while the results of the recount were still outstanding, Petitioners challenged the election results. On December 7th, the Secretary of State certified the election results again, this time, with different totals. A mere two (2) days later (and within the statutory window allowed by Georgia election law), Petitioners seek to amend their pleadings to challenge the new certification. In addition, Respondents cannot show prejudice by any delay.

INTRODUCTION

1.

The United States Constitution sets forth the authority to regulate federal elections: “The Times, Places and Manner of holding Elections for Senators and Representatives shall be prescribed in each State by the Legislature thereof; but the Congress may at any time by Law make or alter such Regulations, except as to the Places of choosing Senators.” U.S. Const. art. I, § 4.

2.

With respect to the appointment of presidential electors, the Constitution further provides, “[e]ach State shall appoint, in such Manner as the Legislature thereof may direct, a Number of Electors, equal to the whole Number of Senators and Representatives to which the State may be entitled in Congress.” U.S. Const. art. II, § 1.

3.

In Georgia, the General Assembly is the “legislature.” *See* Ga. Const. art. III, § 1, para. I.

4.

Pursuant to the legislative power vested in the Georgia General Assembly (the “Legislature”), the Legislature enacted the Georgia Election Code governing the conduct of elections in the State of Georgia. *See* O.C.G.A. §§ 21-2-1 et seq. (the “Election Code”).

5.

Through the Election Code, the Legislature promulgated a statutory framework for choosing the presidential electors, as directed by the Constitution.

6.

In this case, Petitioners present to this Court substantial evidence that the November 3, 2020, Presidential Election in Georgia (the “Contested Election”) was not conducted in accordance with the Election Code, that the tabulation and certification processes were not in accordance with the Election Code, and that the named Respondents deviated significantly and substantially from the Election Code.

7.

Due to significant systemic misconduct, fraud, and other irregularities occurring during the election process, many thousands of illegal votes were cast, counted, and included in the tabulations from the Contested Election for the Office of the President of the United States, and other legal votes were not included in these tabulations, thereby creating substantial doubt regarding the results of that election.

8.

Petitioners demonstrate that the Respondents' repeated violations of the Election Code constituted an abandonment of the Legislature's duly enacted framework for conducting the election and for choosing presidential electors, contrary to Georgia law and the United States Constitution.

9.

Petitioners bring this contest pursuant to O.C.G.A. §21-2-522.

10.

"Honest and fair elections must be held in the selection of the officers for the government of this republic, at all levels, or it will surely fall. If [this Court] place[s] its stamp of approval upon an election held in the manner this one [was] held, it is only a matter of a short time until unscrupulous men, taking advantage of the situation, will steal the offices from the people and set up an intolerable, vicious, corrupt dictatorship." *Bush v. Johnson*, 111 Ga. App. 702, 705, 143 S.E.2d 21, 23 (1965).

11.

The Georgia Supreme Court has made clear that it is not incumbent upon Petitioners to show how voters casting irregular ballots would have voted had their ballots been regular. Petitioners "only [have] to show that there were enough irregular ballots to place in doubt the result." *Mead v. Sheffield*, 278 Ga. 268, 271, 601 S.E.2d 99, 101 (2004) (citing *Howell v. Fears*, 275 Ga. 627, 628, 571 S.E.2d 392, 393 (2002)).

12.

To allow Georgia's presidential election results to stand uncontested, and its presidential electors chosen based upon election results that are erroneous, unknowable, not in accordance with the Election Code and unable to be replicated with certainty, constitutes a fraud upon Petitioners and the Citizens of Georgia, an outcome that is unlawful and must not be permitted.

THE PARTIES

13.

President Donald J. Trump ("President Trump") is President of the United States of America and a natural person. He is the Republican candidate for reelection to the Presidency of the United States of America in the November 3, 2020, General Election conducted in the State of Georgia.

14.

Donald J. Trump for President, Inc. is a federal candidate committee registered with, reporting to, and governed by the regulations of the Federal Election Commission, established pursuant to 52 U.S.C. §§ 30101 et seq. as the principal authorized committee of President Trump, candidate for President, which also serves as the authorized committee for the election of the Vice Presidential candidate on the same ticket as President Trump (the "Committee"). The agent designated by the Committee in the State of Georgia is Robert Sinners, Director of Election Day Operations for the State of Georgia for President Trump (collectively the "Trump Campaign"). The Trump Campaign serves as the primary organization supporting the election of presidential electors pledged to President Trump and Vice President Pence.

15.

David J. Shafer (“Elector Shafer”) is a resident of the State of Georgia and an aggrieved elector who was entitled to vote, and did vote, for President Trump in the November 3, 2020, General Election. Elector Shafer is an elector pledged to vote for President Trump at the Meeting of Electors pursuant to United States Constitution and the laws of the State of Georgia.

16.

Petitioners are “Contestants” as defined by O.C.G.A. § 21-2-520(1) who are entitled to bring an election contest under O.C.G.A. § 21-2-521 (the “Election Contest”).

17.

Respondent Brad Raffensperger is named in his official capacity as the Secretary of State of Georgia.² Secretary Raffensperger serves as the Chairperson of Georgia’s State Election Board, which promulgates and enforces rules and regulations to (i) obtain uniformity in the practices and proceedings of election officials as well as legality and purity in all primaries and general elections, and (ii) be conducive to the fair, legal, and orderly conduct of primaries and general elections. *See* O.C.G.A. §§ 21-2-30(d), 21-2-31, 21-2-33.1. Secretary Raffensperger, as Georgia’s chief elections officer, is also responsible for the administration of the Election Code. *Id.*

18.

Among the below allegations, Secretary Raffensperger has failed to train, supervise, conduct, maintain (Georgia’s voter list), audit, and properly certify.

² Secretary Raffensperger is a state official subject to suit in his official capacity because his office “imbues him with the responsibility to enforce the [election laws].” *Grizzle v. Kemp*, 634 F.3d 1314, 1319 (11th Cir. 2011).

19.

Specifically, Secretary Raffensperger improperly and illegally certified election results for the Presidential election contest, including but not limited to the Secretary's December 7, 2020 election certification.³

20.

Respondents Rebecca N. Sullivan, David J. Worley, Matthew Mashburn, and Anh Le in their official capacities as members of the Georgia State Election Board (the "State Election Board"), are members of the State Election Board in Georgia, responsible for "formulat[ing], adopt[ing], and promulgat[ing] such rules and regulations, consistent with law, as will be conducive to the fair, legal, and orderly conduct of primaries and elections." O.C.G.A. § 21-2-31(2). Further, the State Election Board "promulgate[s] rules and regulations to define uniform and nondiscriminatory standards concerning what constitutes a vote and what will be counted as a vote for each category of voting system" in Georgia. O.C.G.A. § 21-2-31(7).

21.

Respondent Richard L. Barron is named in his official capacity as Director of Registration and Elections for Fulton County, Georgia, and conducted the Contested Election within that county.

³ The 3rd Certification of the results for Contested Election. Among the Secretary of State's errors and irregularities, is the fact that the Secretary of State failed to use every counties audit number in his 3rd (and final?) certification.

22.

Respondent Mary C. Cooney is named in her official capacity as the Chair of the Fulton County Board of Elections and Registration.

23.

Respondent Vernetta K. Nuriddin is named in her official capacity as the Vice Chair of the Fulton County Board of Elections and Registration.

24.

Respondent Dr. Kathleen Ruth is named in her official capacity as a member of the Fulton County Board of Elections and Registration.

25.

Respondent Aaron Johnson is named in his official capacity as a member of the Fulton County Board of Elections and Registration.

26.

Respondent Mark Wingate is named in his official capacity as a member of the Fulton County Board of Elections and Registration.

27.

Respondent Janine Eveler is named in her official capacity as Director of Registration and Elections for Cobb County, Georgia, and conducted the Contested Election within that county.

28.

Respondent Phil Daniell is named in his official capacity as the Chair of the Cobb County Board of Elections and Registration.

29.

Respondent Fred Aiken is named in his official capacity as the Vice Chair of the Cobb County Board of Elections and Registration.

30.

Respondent Pat Gartland is named in his official capacity as a member of the Cobb County Board of Elections and Registration.

31.

Respondent Jessica M. Brooks is named in her official capacity as a member of the Cobb County Board of Elections and Registration.

32.

Respondent Darryl O. Wilson is named in his official capacity as a member of the Cobb County Board of Elections and Registration.

33.

Respondent Erica Hamilton is named in her official capacity as Director of Voter Registration and Elections for DeKalb County, Georgia, and conducted the Contested Election within that county.

34.

Respondent Anthony Lewis is named in his official capacity as a member of the DeKalb County Board of Elections and Registration.

35.

Respondent Susan Motter is named in her official capacity as a member of the DeKalb County Board of Elections and Registration.

36.

Respondent Dele L. Smith is named in the official capacity as a member of the DeKalb County Board of Elections and Registration.

37.

Respondent Samuel E. Tillman is named in his official capacity as a member of the DeKalb County Board of Elections and Registration.

38.

Respondent Baoky N. Vu is named in the official capacity as a member of the DeKalb County Board of Elections and Registration.

39.

Respondent Kristi Royston is named in her official capacity as Elections Supervisor for Gwinnett County, Georgia, and conducted the Contested Election within that county.

40.

Respondent John Mangano is named in his official capacity as the Chair of the Gwinnett County Board of Elections and Registration.

41.

Respondent Ben Satterfield is named in his official capacity as the Vice Chair of the Gwinnett County Board of Elections and Registration.

42.

Respondent Dr. Wandy Taylor is named in her official capacity as a member of the Gwinnett County Board of Elections and Registration.

43.

Respondent Stephen Day is named in his official capacity as a member of the Gwinnett County Board of Elections and Registration.

44.

Respondent Alice O'Lenick is named in her official capacity as a member of the Gwinnett County Board of Elections and Registration.

45.

Respondent Russell Bridges is named in his official capacity as Elections Supervisor for Chatham County, Georgia, and conducted the Contested Election within that county.

46.

Respondent Thomas Mahoney, III is named in his official capacity as the Chair of the Chatham County Board of Elections and Registration.

47.

Respondent Marianne Heimes is named in her official capacity as a member of the Chatham County Board of Elections and Registration.

48.

Respondent Malinda Hodge is named in her official capacity as a member of the Chatham County Board of Elections and Registration.

49.

Respondent Antwan Lang is named in his official capacity as a member of the Chatham County Board of Elections and Registration.

50.

Respondent Debbie Raders is named in her official capacity as a member of the Chatham County Board of Elections and Registration.

51.

Respondent Anne Dover is named in her official capacity as Acting Director of Elections and Voter Registration for Cherokee County, Georgia, and conducted the Contested Election within that county.

52.

Respondent Alan Shinall is named in his official capacity as the Chair of the Cherokee County Board of Elections and Registration.

53.

Respondent Cindy Castello is named in her official capacity as the Vice Chair of the Cherokee County Board of Elections and Registration.

54.

Respondent Donald Sams named in his official capacity as a member of the Cherokee County Board of Elections and Registration.

55.

Respondent Frankie Shephard is named in his official capacity as a member of the Cherokee County Board of Elections and Registration.

56.

Respondent Mike Byrd is named in his official capacity as a member of the Cherokee County Board of Elections and Registration.

57.

Respondent Shauna Dozier is named in her official capacity as Elections Director for Clayton County, Georgia, and conducted the Contested Election within that county.

58.

Respondent Carol Wesley is named in her official capacity as the Chair of the Clayton County Board of Elections and Registration.

59.

Respondent Dorothy F. Hall is named in her official capacity as the Vice Chair of the Clayton County Board of Elections and Registration.

60.

Respondent Patricia Pullar is named in her official capacity as a member of the Clayton County Board of Elections and Registration.

61.

Respondent Diane Givens is named in her official capacity as a member of the Clayton County Board of Elections and Registration.

62.

Respondent Mandi Smith is named in her official capacity as Director of Voter Registration and Elections for Forsyth County, Georgia, and conducted the Contested Election within that county.

63.

Respondent Barbara Luth is named in her official capacity as the Chair of the Forsyth County Board of Elections and Registration.

64.

Respondent Matthew Blender is named in his official capacity as the Vice Chair of the Forsyth County Board of Elections and Registration.

65.

Respondent Joel Natt is named in his official capacity as a member of the Forsyth County Board of Elections and Registration.

66.

Respondent Carla Radzikinas is named in her official capacity as a member of the Forsyth County Board of Elections and Registration.

67.

Respondent Randy Ingram is named in his official capacity as a member of the Forsyth County Board of Elections and Registration.

68.

Respondent Ameika Pitts is named in her official capacity as Director of the Board of Elections & Registration for Henry County, Georgia, and conducted the Contested Election within that county.

69.

Respondent Dr. Donna Morris-McBride is named in her official capacity as the Chair of the Henry County Board of Elections and Registration.

70.

Respondent Andy Callaway is named in his official capacity as the Co-Chair of the Henry County Board of Elections and Registration.

71.

Respondent Arch Brown is named in his official capacity as a member of the Henry County Board of Elections and Registration.

72.

Respondent Mildred Schmelz is named in her official capacity as a member of the Henry County Board of Elections and Registration.

73.

Respondent Lynn Bailey is named in her official capacity as Executive Director of Elections for Richmond County, Georgia, and conducted the Contested Election within that county.

74.

Respondent Tim McFalls is named in his official capacity as the Chair of the Richmond County Board of Elections and Registration.

75.

Respondent Sherry T. Barnes is named in her official capacity as the Vice Chair of the Richmond County Board of Elections and Registration.

76.

Respondent Marcia Brown is named in her official capacity as a member of the Richmond County Board of Elections and Registration.

77.

Respondent Terence Dicks is named in his official capacity as a member of the Richmond County Board of Elections and Registration.

78.

Respondent Bob Finnegan is named in his official capacity as a member of the Richmond County Board of Elections and Registration.

79.

Respondent Debra Presswood is named in her official capacity as Registration and Election Supervisor for Houston County, Georgia, and conducted the Contested Election within that county.

80.

Respondent Katherine Shelton is named in her official capacity as the Chair of the Houston County Board of Elections and Registration.

81.

Respondent Barbara Waddle is named in her official capacity as the Vice Chair of the Houston County Board of Elections and Registration.

82.

Respondent John Applegate is named in his official capacity as a member of the Houston County Board of Elections and Registration.

83.

Respondent Henry Childs is named in his official capacity as a member of the Houston County Board of Elections and Registration.

84.

Respondent Sherman Falana is named in his official capacity as a member of the Houston County Board of Elections and Registration.

85.

Respondent Vanessa Waddell is named in her official capacity as Chief Clerk of Elections for Floyd County, Georgia, and conducted the Contested Election within that county.

86.

Respondent Dr. Tom Rees is named in his official capacity as the Chair of the Floyd County Board of Elections and Registration.

87.

Respondent Dr. Melanie Conrad is named in her official capacity as a member of the Floyd County Board of Elections and Registration.

88.

Respondent John S. Husser is named in his official capacity as a member of the Floyd County Board of Elections and Registration.

89.

Respondent Julianne Roberts is named in her official capacity as Supervisor of Elections and Voter Registration for Pickens County, Georgia, and conducted the Contested Election within that county.

90.

Respondent Jack Barnes is named in his official capacity as a member of the Pickens County Board of Elections and Registration.

91.

Respondent Tara Cannon is named in her official capacity as a member of the Pickens County Board of Elections and Registration.

92.

Respondent Sheralee Brindell is named in her official capacity as a member of the Pickens County Board of Elections and Registration.

93.

Respondent Will Bell is named in his official capacity as a member of the Pickens County Board of Elections and Registration.

94.

Respondent Paul Lindsey is named in his official capacity as a member of the Pickens County Board of Elections and Registration.

95.

Respondent Joseph Kirk is named in his official capacity as Elections Supervisor for Bartow County, Georgia, and conducted the Contested Election within that county.

96.

Respondent Neil Hopper is named in his official capacity as the Chair of the Bartow County Board of Elections and Registration.

97.

Respondent Janet Queen named in her official capacity as the Vice Chair of the Bartow County Board of Elections and Registration.

98.

Respondent Dexter Benning is named in his official capacity as a member of the Bartow County Board of Elections and Registration.

99.

Respondent Ken Cathcart is named in his official capacity as a member of the Bartow County Board of Elections and Registration.

100.

Respondent Mike Powell is named in his official capacity as a member of the Bartow County Board of Elections and Registration.

101.

Respondent Gerald McCown is named in his official capacity as Elections Supervisor for Hancock County, Georgia, and conducted the Contested Election within that county.

102.

Respondent Robert Ingram is named in his official capacity as the Chair of the Hancock County Board of Elections and Registration.

103.

Respondent Roshiba McCrary is named in her official capacity as a member of the Hancock County Board of Elections and Registration.

104.

Respondent Teresa Kell is named in her official capacity as a member of the Hancock County Board of Elections and Registration.

105.

Respondent Nancy Stephens is named in her official capacity as a member of the Hancock County Board of Elections and Registration.

106.

Respondent James Culver is named in his official capacity as a member of the Hancock County Board of Elections and Registration.

107.

Respondent Misty Martin is named in her official capacity as Elections Supervisor for Coffee County, Georgia, and conducted the Contested Election within that county.

108.

Respondent Ernestine Thomas-Clark is named in her official capacity as the Chair of the Coffee County Board of Elections and Registration.

109.

Respondent Wendell Stone is named in his official capacity as the Vice Chair of the Coffee County Board of Elections and Registration.

110.

Respondent Eric Chaney is named in his official capacity as a member of the Coffee County Board of Elections and Registration.

111.

Respondent Matthew McCullough is named in his official capacity as a member of the Coffee County Board of Elections and Registration.

112.

Respondent C.T. Peavy is named in his official capacity as a member of the Coffee County Board of Elections and Registration.

113.

All references to Respondents made herein include named Respondent and those election workers and election officials deputized by Respondents to act on their behalf during the Contested Election.

JURISDICTION AND VENUE

114.

Jurisdiction is proper in this Court pursuant to O.C.G.A. § 21-2-523(a) as the Superior Court of the county where Secretary Raffensperger, the State Board of Elections, and Respondent Richard L. Barron are located. *See also Ga. Dep't of Human Servs. v. Dougherty Cty.*, 330 Ga. App. 581, 582, 768 S.E.2d 771, 772 (2015).

115.

“The court having jurisdiction of the action shall have plenary power, throughout the area in which the contested primary or election was conducted, to make, issue, and enforce all necessary orders, rules, processes, and decrees for a full and proper understanding and final determination and enforcement of the decision of every such case, according to the course of practice in other civil cases under the laws of this state, or which may be necessary and proper to carry out this chapter.” O.C.G.A. § 21-2-525(b).

116.

“Notwithstanding the deadlines specified in this Code section, such times may be altered for just cause by an order of a judge of superior court of this state.” O.C.G.A. § 21-2-499(b).

117.

“It is declared to be the policy of this state, in furtherance of its responsibility to protect the integrity of the democratic process and to ensure fair elections...” O.C.G.A. § 21-5-2.

118.

Venue is proper before this Court.

FACTUAL BACKGROUND

The Georgia Election Code and Election Contest Provisions

119.

The Election Code sets forth the manner in which the Citizens of Georgia are allowed to participate in the Legislature’s duty of choosing presidential electors by specifying, *inter alia*, which persons are eligible to register to vote in Georgia, the circumstances and actions by which a voter cancels his or her voter registration, the procedures for voting in person and by absentee ballot, the manner in which elections are to be conducted, and the specific protocols and procedures for recounts, audits, and recanvasses. *See* O.C.G.A. §§ 21-2-1 et seq.

120.

The Election Code in O.C.G.A. § 21-2-522 provides the means for a candidate in a federal election to contest the results of said election based on:

1. Misconduct, fraud, or irregularity by any primary or election official or officials sufficient to change or place in doubt the result;
2. When the defendant is ineligible for the nomination or office in dispute;
3. When illegal votes have been received or legal votes rejected at the polls sufficient to change or place in doubt the result;
4. For any error in counting the votes or declaring the result of the primary or election, if such error would change the results; or

5. For any other cause which shows that another was the person legally nominated, elected, or eligible to compete in a run-off primary or election.⁴

121.

The results of an election may be set aside when a candidate has “clearly established a violation of *election procedures* and has demonstrated that the violation has placed the result of the election in doubt.” *Martin v. Fulton Cty. Bd. of Registration & Elections*, 307 Ga. 193-94, 835 S.E.2d 245, 248 (2019) (quoting *Hunt v. Crawford*, 270 GA 7, 10, 507 S.E.2d 723 (1998) (emphasis added)).

122.

The Election Code “allows elections to be contested through litigation, both as a check on the integrity of the election process and as a means of ensuring the fundamental right of citizens to vote and to have their votes counted securely.” *Martin*, 307 Ga. at 194.

123.

The Georgia Supreme Court has made clear that “it [is] not incumbent upon [Petitioners] to show *how . . . voters would have voted* if their . . . ballots had been regular. [Petitioners] only ha[ve] to show that there were enough irregular ballots to place in doubt the result.” *Mead* at 268 (emphasis added).

⁴ Petitioners do not contest pursuant O.C.G.A. § 21-2-522 Ground (2).

The Contested Election

124.

On November 3, 2020, the Contested Election for electors for President of the United States took place in the State of Georgia.

125.

President Trump, former Vice President Joseph R. Biden (“Mr. Biden”), and Jo Jorgensen were the only candidates on the ballot for President in the Contested Election.

126.

The original results reported by Secretary Raffensperger for the Contested Election (the “Original Result”) consisted of a purported total of 4,995,323 votes cast, with Mr. Biden “ahead” by a margin of 12,780 votes.

127.

The results of the subsequent Risk Limiting Audit conducted by the Secretary of State (the “Risk Limiting Audit”) included a total of 5,000,585 votes cast, with Mr. Biden “ahead” by a margin of 12,284 votes.

128.

On November 20, 2020, the Contested Election was declared and certified for Mr. Biden by a margin of only 12,670 votes (the “Certified Result”).⁵

⁵ The first certified number of votes. The Secretary of State also certified a “Canvass and Risk Limiting Audit” (which is a creature invented by the Secretary of State and not found in the O.C.G.A.), as well as a 3rd certification on December 7, 2020. Petitioners contest all three (3) of the Secretary of States certifications, but take particular dispute,

129.

On November 21, 2020, President Trump and the Trump Campaign notified Secretary Raffensperger of President Trump's request to invoke the statutory recount authorized by O.C.G.A. § 21-2-495(c) for elections in which the margin is less than one-half of one percent (the "Statutory Recount"). A true and correct copy of President Trump's request for the Statutory Recount is attached as **Exhibit 1** to the original Verified Complaint filed in this matter and incorporated herein by reference.

130.

At the direction and under the supervision of Secretary Raffensperger, the State of Georgia began conducting a Statutory Recount.

131.

On December 1, 2020, Robert Gabriel Sterling, Statewide Voting System Implementation Manager for the Secretary of State, gave a press conference to discuss the status of the ongoing Statutory Recount.

132.

During his press conference, Mr. Sterling stated that at least two counties needed to recertify their vote counts as the totals reached during the Statutory Recount differed from the Certified Results.

and thereby focus on the December 7, 2020 recount certification and all applicable county certifications associated therewith.

133.

On December 4, 2020, Secretary Raffensperger received a letter from the chair of the Board of Elections and Registration of Coffee County, Georgia, which was sent with the unanimous consent of the entire Board, and in which the Board stated that it could not certify its electric recount numbers “given its inability to repeatedly duplicate creditable election results.” Its electronic recount produced patently inaccurate results. The December 4th letter is attached as **Exhibit 19** and incorporated by reference.

134.

Despite this evidence of suspect election results, Secretary Raffensperger certified the Statutory Recount on December 7, 2020. Secretary Raffensperger’s December 7, 2020, certification of the Statutory Recount (“Third Certification”) shows Mr. Biden ahead by only 11,779 votes (the “Differential”) with the following vote tallies: Biden: 2,473,633; Trump: 2,461,854; Jorgensen: 62,229.

135.

Petitioners dispute all of the Secretary of State’s Contested Election certifications. Petitioners seek and pray that this Honorable Court decertify the Secretary of State’s Contested Election Certifications.

136.

Petitioners seek and pray that, in particular, this Honorable Court decertify the Third Certification and declare the Contested Election invalid, null, and void.

137.

Petitioners dispute the Differential.

138.

On multiple occasions prior to December 7, 2020, Secretary Raffensperger announced he does not anticipate the Statutory Recount to yield a substantial change in the results of the Contested Election.

139.

As of the date of this Petition, not all of Georgia's 159 counties have certified their results from the Statutory Recount.⁶

140.

Consequently, as of the date of this Petition, Secretary Raffensperger has yet to properly certify the results from the Statutory Recount. *See* O.C.G.A. § 21-2-495 *et seq.*

141.

Secretary Raffensperger has certified three different results for the Contested Election.

142.

The presidential electors of the States are scheduled to meet on December 14, 2020. Therefore, this matter is ripe, and time is of the essence.

143.

An actual controversy exists.

⁶ *See* Coffee County Letter of December 4, 2020 (Ex. 19) whereby, although *certifying* its results, they were not and could not be the “audit results” as required by the Election Code.

144.

Because the outcome of the Contested Election is in doubt, Petitioners jointly and severally hereby contest Georgia's November 3, 2020, election results for President of the United States pursuant to O.C.G.A. §§ 21-2-521 and 21-2-522 et seq. and all certifications.

145.

Petitioners assert that the laws of the State of Georgia governing the conduct of the Contested Election were disregarded, abandoned, ignored, altered, and otherwise violated by Respondents, jointly and severally, and all agents of Respondents including but not limited to all designated contractors, employees, election workers and/or election officials, allowing a sufficient number of illegal votes to be included in the vote tabulations, such that the results of the Contested Election are invalid, and the declaration of the presidential election in favor of Mr. Biden must be enjoined, vacated, and nullified.

**THERE WERE SYSTEMIC IRREGULARITIES AND VIOLATIONS OF THE
GEORGIA ELECTION CODE IN THE CONTESTED ELECTION**

Requirements to Legally Vote in Georgia

146.

The Election Code sets forth the requirements for voting in Georgia, including the requirements that a voter must be: (1) "Registered as an elector in the manner prescribed by law; (2) A citizen of this state and of the United States; (3) At least 18 years of age on or before the date of the...election in which such person seeks to vote; (4) A resident of this state and of the county or municipality in which he or she seeks to vote; and (5) "Possessed of all other qualifications prescribed by law." O.C.G.A. § 21-2-216(a). "No person shall remain an elector longer than such

person shall retain the qualifications under which such person registered.” O.C.G.A. § 21-2-216(f).

147.

In violation of O.C.G.A. § 21-2-216, Respondents, jointly and severally, allowed thousands of unqualified persons to register to vote and to cast their vote in the Contested Election. These illegal votes were counted in violation of Georgia law. **Exhibits 2, 3, 4, and 10** are attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

148.

O.C.G.A. § 21-2-216(b) provides that “[n]o person who has been convicted of a felony involving moral turpitude may register, remain registered, or vote except upon completion of the sentence.”

149.

In violation of O.C.G.A. § 21-2-216(b), Respondents, jointly and severally, allowed as many as 2,560 felons with an uncompleted sentence to register to vote and to cast their vote in the Contested Election. **Exhibit 3** attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

150.

In violation of Georgia law, Respondents, jointly and severally, counted these illegal votes in the Contested Election.

151.

“Any person who possesses the qualifications of an elector except that concerning age shall be permitted to register to vote if such person will acquire such qualification within six months after the day of registration.” O.C.G.A. § 21-2-216(c).

152.

In violation of O.C.G.A. § 21-2-216(c), Respondents, jointly and severally, allowed at least 66,247 underage—and therefore ineligible—people to illegally register to vote, and subsequently illegally vote. *See Exhibit 3.*

153.

In violation of Georgia law, Respondents, jointly and severally, counted these illegal votes in the Contested Election.

154.

In order to vote in Georgia, a person must register to vote.

155.

Respondents, jointly and severally, allowed at least 2,423 individuals to vote who were not listed in the State’s records as having been registered to vote. *See Exhibit 3.*

156.

Respondents then, jointly and severally, improperly counted these illegal votes in the Contested Election.

157.

Because determining a voter's residency is necessary to confirm he or she is a qualified voter in this state and in the county in which he or she seeks to vote, the Election Code provides rules for determining a voter's residency and when a voter's residency is deemed abandoned. *See* O.C.G.A. § 21-2-217.

158.

"The residence of any person shall be held to be in that place in which such person's habitation is fixed." O.C.G.A. § 21-2-217(a)(1). "Residence" means "domicile". O.C.G.A. 21-2-2(32).

159.

Additionally, "[t]he specific address in the county...in which a person has declared a homestead exemption...shall be deemed the person's residence address." O.C.G.A. § 21-2-217(a)(14).

160.

A voter loses his or her Georgia and/or specific county residence if he or she: (1) "register[s] to vote or perform[s] other acts indicating a desire to change such person's citizenship and residence;" (2) "removes to another state with the intention of making it such person's residence;" (3) "removes to another county or municipality in this state with the intention of making it such person's residence;" or (4) "goes into another state and while there exercises the right of a citizen by voting." O.C.G.A. § 21-2-217(a); *see also* O.C.G.A. § 21-2-218(f) ("No person shall vote in any county or municipality other than the county or municipality of such

person's residence except ["an elector who moves from one county...to another after the fifth Monday prior to a[n]...election"] O.C.G.A. § 21-2-218(e).)

161.

In violation of O.C.G.A. § 21-2-217, Respondents, jointly and severally, allowed at least 4,926 individuals to vote in Georgia who had registered to vote in another state after their Georgia voter registration date. *See Exhibit 2.*

162.

It is illegal to vote in the November 3, 2020, general election for president in two different states.

163.

It is long established that "one man" or "one person" has only one vote.

164.

In violation of O.C.G.A. § 21-2-217, Respondents, jointly and severally, allowed at least 395 individuals to vote in Georgia who also cast ballots in another state (the "Double Voters"). *See Exhibit 2.*

165.

The number of Double Voters is likely higher than 395, yet Respondents have the exclusive capability and access to data to determine the true number of Double Voters.

166.

Respondents, jointly and severally, improperly counted these illegal votes in the Contested Election.

167.

Despite having the exclusive ability to determine the true number of Double Voters in Contested Election, to date Respondents, jointly and severally, have failed to properly analyze and remove the Double Voters from the election totals.

168.

To date, and despite multiple requests, Respondents, jointly and severally, have failed to provide identifying information or coordinate with the other 49 states and U.S. Territories and federal Districts to adequately determine the number of Double Voters.

169.

Respondents, jointly and severally, improperly counted these illegal votes in the Contested Election.

170.

In violation of O.C.G.A. § 21-2-217, Respondents, jointly and severally, allowed at least 15,700 individuals to vote in Georgia who had filed a national change of address with the United States Postal Service prior to November 3, 2020. *See Exhibit 2.*

171.

Respondents, jointly and severally, improperly counted these illegal votes in the Contested Election.

172.

If a Georgia voter “who is registered to vote in another county...in this state...moves such person’s residence from that county...to another county...in this state,” that voter “shall, at the time of making application to register to vote in that county...provide such information as specified by the Secretary of State in order to notify such person’s former voting jurisdiction of the person’s application to register to vote in the new place of residence and to cancel such person’s registration in the former place of residence.” O.C.G.A. § 21-2-218(b); *see also The Democratic Party of Georgia, Inc. v. Crittenden*, Civil Action File No. 1:18-CV-05181-SCJ, Doc. 33, Supplemental Declaration of Chris Harvey, Elections Director of the Office of the Secretary of State, ¶ 11 (N.D. Ga. Nov. 13, 2018) (“If the state allowed out of county voting, there would be no practical way of knowing if a voter voted in more than one county.”).

173.

In violation of O.C.G.A. § 21-2-218(b), Respondents, jointly and severally, allowed at least 40,279 individuals to vote who had moved across county lines at least 30 days prior to Election Day and who had failed to properly re-register to vote in their new county after moving. **Exhibit 4** is attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

174.

Respondents, jointly and severally, improperly counted these illegal votes in the Contested Election.

175.

In violation of O.C.G.A. § 21-2-217, Respondents, jointly and severally, allowed at least 1,043 individuals to cast ballots who had illegally registered to vote using a postal office box as their habitation. *See Exhibit 2.*

176.

Respondents then, jointly and severally improperly counted these illegal votes in the Contested Election.

177.

A postal office box is not a residential address.

178.

One cannot reside or have a domicile within a postal office box.

179.

It is a violation of Georgia law to list a postal office box as one's voter place of habitation. *See O.C.G.A. § 21-2-217(a)(1).*

180.

A person desiring “to vote at any . . . general election” must apply to register to vote “by the close of business on the fifth Monday . . . prior to the date of such . . . general election.” O.C.G.A. § 21-2-224(a).

181.

The application for registration is “deemed to have been made as of the date of the postmark affixed to such application,” or if received by the Secretary of State through the United States Postal Service, by “the close of business on the fourth Friday prior to a . . . general election.” O.C.G.A. § 21-2-224(c).

182.

In violation of O.C.G.A. § 21-2-224, Respondents, jointly and severally, allowed at least 98 individuals to vote who the state records as having registered after the last day permitted under law. *See Exhibit 3.*

183.

Respondents, jointly and severally, improperly counted these illegal votes in the Contested Election.

184.

“Each elector who makes timely application for registration, is found eligible by the board of registrars and placed on the official list of electors, and is not subsequently found to be disqualified to vote shall be entitled to vote in any . . . election.” O.C.G.A. § 21-2-224(d).

185.

“Neither the original applications of voter registration nor any copies thereof shall be open for public inspection except upon order of a court of competent jurisdiction.” O.C.G.A. § 21-2-225(a).

186.

Respondents, jointly and severally, have access to and the ability to exchange confidential information in order to maintain voter registration systems. O.C.G.A. § 21-2-225.

187.

Secretary Raffensperger is required to maintain and update a list of registered voters within this state.

188.

On the 10th day of each month, each county is to provide to the Secretary of State a list of convicted felons, deceased persons, persons found to be non-citizens during a jury selection process, and those declared mentally incompetent. *See* O.C.G.A. § 21-2-231(a)-(b), (d).

189.

In turn, any person on the Secretary of State’s list of registered voters is to be removed from the registration list if the voter dies, is convicted of a felony, is declared mentally incompetent, confirms in writing a change of address outside of the county, requests his or her name be removed from the registration list, or does not vote or update his or her voter’s registration through two general elections. *See* O.C.G.A. §§ 21-2-231, 21-2-232, 21-2-235.

190.

Respondents, jointly and severally, did not update the voter registration list(s).

191.

In violation of O.C.G.A. § 21-2-231(a)-(b) and (d), Respondents, jointly and severally, allowed as many as 10,315 or more individuals to vote who were deceased by the time of Election Day. *See Exhibit 3.*

192.

Respondents, jointly and severally, improperly counted these illegal votes in the Contested Election.

193.

Of these individuals, 8,718 are recorded as having perished prior to the date the State records as having accepted their vote. *See Exhibit 3.*

194.

Respondents, jointly and severally, improperly counted these illegal votes in the Contested Election.

195.

For example, Affiant Lisa Holst received three absentee mail-in ballots for her late father-in-law, Walter T. Holst, who died on May 13, 2010. **Exhibit 5** attached hereto and incorporated by reference.

196.

Voter history shows that an absentee ballot was returned for Mr. Holst on October 28, 2020.

197.

Someone deceased for 10 years should not have received three absentee ballots.

198.

Someone deceased for 10 years should not have received any absentee ballot.

199.

Someone deceased for 10 years should not have had any absentee ballot counted.

200.

Another Affiant, Sandy Rumph, has stated that her father-in-law, who died on September 9, 2019, had his voter registration change from “deceased” to “active” 8 days *after* he passed away. **Exhibit 6** is attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

201.

With his registration status change, his address was also changed online from his real address in Douglasville to an unfamiliar address in DeKalb County. *Id.*

202.

Respondents jointly and severally failed to maintain and update voter registration lists which allowed voter registration information to be changed after the death of an elector.

203.

Respondents jointly and severally failed to maintain and update voter registration lists which allowed absentee ballots to be used fraudulently.

**RESPONDENTS COMMITTED SUBSTANTIAL VIOLATIONS OF GEORGIA LAW
WITH RESPECT TO ABSENTEE BALLOTS**

204.

The Legislature has established procedures for absentee voting in the state.

205.

Pursuant to O.G.C.A. 21-2-381, absentee ballots must be requested by the voter, or the voter's designee, before they can be sent out.

206.

In violation of O.C.G.A. § 21-2-381, Respondent Raffensperger sent unsolicited absentee ballot applications before the 2020 primary election to all persons on the list of qualified electors, whether or not an application had been requested by the voter.

207.

The unlawfully sent applications allowed the recipient to check a box to request an absentee ballot for the Contested Election in advance of the period for which an absentee ballot could be requested.

208.

Individuals wishing to vote absentee may apply for a mail-in ballot “**not more than 180 days prior to the date of the primary or election.**” O.C.G.A. § 21-2-381(a)(1)(A) (emphasis added).

209.

In violation of O.C.G.A. § 21-2-381(a)(1)(A), Respondents, jointly and severally, allowed at least 305,701 individuals to vote who, according to State records, applied for an absentee ballot more than 180 days prior to the Contested Election. *See Exhibit 3.*

210.

Respondents then, jointly and severally, improperly counted these illegal votes in the Contested Election. *Id.*

211.

Pursuant to O.C.G.A. § 21-2-381(b) an absentee voter must have requested an absentee ballot before such ballot is capable of being received by the voter.

212.

If such applicant is eligible under the provisions of the Election Code, an absentee ballot is to be mailed to the voter.

213.

In violation of O.C.G.A. § 21-2-385, Respondents, jointly and severally, allowed at least 92 individuals to vote whose absentee ballots, according to State records, were returned and accepted prior to that individual requesting an absentee ballot. *See Exhibit 3.*

214.

Respondents then, jointly and severally, improperly counted these illegal votes in the Contested Election. *Id.*

215.

Absentee ballots may only be mailed after determining the applicant is registered and eligible to vote in the election. O.C.G.A. § 21-2-381(b)(1).

216.

In violation of O.C.G.A. § 21-2-381(b)(1), Respondents, jointly and severally, allowed state election officials to mail at least 13 absentee ballots to individuals who were not yet registered to vote according to the state's records. *See Exhibit 3.*

217.

Respondents then, jointly and severally, improperly counted these illegal votes in the Contested Election. *Id.*

218.

Pursuant to O.C.G.A. § 21-2-384(a)(2) absentee ballots may not be mailed more than 49 days prior to an election.

219.

Respondents, jointly and severally, mailed at least 2,664 absentee ballots to individuals prior to the earliest date permitted by law. *See Exhibit 3.*

220.

Respondents then, jointly and severally, improperly counted these illegal votes in the Contested Election. *Id.*

221.

According to State records, Respondents jointly and severally allowed at least 50 individuals to vote whose absentee ballots were returned and accepted prior to the earliest date that absentee ballots were permitted by law to be sent out. *See Exhibit 3.*

222.

Respondents then, jointly and severally improperly counted these illegal votes in the Contested Election. *Id.*

223.

An absentee voter's application for an absentee ballot must have been accepted by the election registrar or absentee ballot clerk in order for that individual's absentee ballot vote to be counted. O.C.G.A. § 21-2-385.

224.

In violation of O.C.G.A. § 21-2-385, Respondents, jointly and severally, allowed at least 2 individuals to vote whose absentee ballot applications had been rejected, according to state records.

See Exhibit 3.

225.

Respondents, jointly and severally, improperly counted these illegal votes in the Contested Election. *Id.*

226.

It is not possible for an absentee voter to have applied by mail, been issued by mail, and returned by mail an absentee ballot, and for that ballot to have accepted by election officials, all on the same day.

227.

In violation of O.C.G.A. § 21-2-384, Respondents, jointly and severally, allowed at least 217 individuals to vote whose absentee ballots, according to state records, were applied for, issued, and received by mail all on the same day. *See Exhibit 3.*

228.

Respondents then, jointly and severally, improperly counted these illegal votes in the Contested Election. *Id.*

**RESPONDENTS FAILED TO COMPLY WITH GEORGIA LAW PROVISIONS FOR
MATCHING SIGNATURES AND CONFIRMING VOTER IDENTITY FOR ELECTORS
SEEKING TO VOTE ABSENTEE**

229.

O.C.G.A. §21-2-381(b) mandates the procedures to be followed by election officials upon receipt of an absentee ballot application:

“Upon receipt of a timely application for an absentee ballot, a registrar or absentee ballot clerk...shall determine...if the applicant is eligible to vote in the...election involved. In order to be found eligible to vote an absentee ballot by mail, the registrar or absentee ballot clerk **shall compare the identifying information on the application with the information on file in the registrar’s office and, if the application is signed by the elector, compare the signature or mark of the elector on the application with the signature or mark of the elector on the elector’s voter registration card.** In order to be found eligible to vote an absentee ballot in person...**shall show one of the forms of identification listed in Code Section 21-2-417** and the registrar or absentee ballot clerk **shall compare the identifying information on the application with the information on file in the registrar’s office.”** O.C.G.A. § 21-2-381(b) (emphasis added).

230.

O.C.G.A. § 21-2-386(a)(1)(B) mandates the procedures to be followed by election officials upon receipt of an absentee ballot:

Upon receipt of each [absentee] ballot, a registrar or clerk shall write the day and hour of the receipt of the ballot on its envelope. The registrar or clerk **shall then compare the identifying information on the oath with the information on file in his or her office, shall compare the signature or make on the oath with the signature or mark on the absentee elector’s voter card or the most recent update to such absentee elector’s voter registration card and application for absentee ballot or a facsimile of said signature or maker taken from said card or application,** and shall, if the information and signature appear to be valid and other identifying information appears to be correct, so certify by signing or initialing his or her name below the voter’s oath. Each elector’s name so certified shall be listed by the registrar or clerk on the numbered list of absentee voters prepared for his or her precinct. O.C.G.A. § 21-2-386(a)(1)(B) (emphasis added).

231.

O.C.G.A. § 21-2-386(a)(1)(C) mandates the procedures to be followed by election officials with respect to defective absentee ballots:

If the elector has failed to sign the oath, or if the signature does not appear to be valid, or if the elector has failed to furnish required information or information so furnished does not conform with that on file in the registrar's or clerk's office, or if the elector is otherwise found disqualified to vote, the registrar or clerk *shall* write across the face of the envelope "Rejected," giving the reason therefor. The board of registrars or absentee ballot clerk *shall* promptly **notify the elector of such rejection**, a copy of which notification *shall* be retained in the files of the board of registrars or absentee ballot clerk for at least one year. O.C.G.A. § 21-2-386(a)(1)(C) (emphasis added).

**RESPONDENT RAFFENSPERGER DISREGARDED THE ELECTION CODE BY FIAT
AND INSTRUCTED THE RESPONDENT COUNTIES TO DO LIKEWISE**

232.

On March 6, 2020, Respondents Raffensperger and the State Election Board entered into a "Compromise and Settlement Agreement and Release" (the "Consent Decree") in litigation filed by the Democratic Party of Georgia, Inc., the Democrat Senatorial Campaign Committee, and the Democratic Congressional Campaign Committee (collectively the "Democrat Party Agencies").⁷ A true and correct copy of the Consent Decree is attached to the original Verified Complaint filed in this matter as **Exhibit 7** and incorporated herein by reference.

233.

The litigation was one of more than one hundred lawsuits nationwide filed by Democrats and partisan affiliates of the Democratic Party seeking to rewrite the duly enacted election laws of

⁷ See *Democratic Party of Georgia, Inc., et al. v. Raffensperger, et al.*, Civil Action File No. 1:19-cv-05028-WMR, Doc. 56-1, Joint Notice of Settlement as to State Defendants, Att. A, Compromise Settlement Agreement and Release (N.D. Ga. Mar. 6, 2020).

the states. **Exhibit 8** is attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

234.

Without legislative authority, Respondents unlawfully adopted standards to be followed by the clerks and registrars in processing absentee ballots inconsistent with the election code.

235.

The Consent Decree exceeded Respondents' authority under the Georgia Constitution. *See* Ga. Const. art. III, §1; **Exhibit 15** is attached to the original Verified Complaint filed in this matter and incorporated herein by reference; *see also* O.C.G.A. § 21-2-31 (providing that the State Election Board shall "formulate, adopt, and promulgate such rules and regulations, *consistent with the law*, as will be conducive to the fair, legal, and orderly conduct of primaries and elections" (emphasis added)).

236.

The Consent Decree changed the plain language of the statute for receiving and processing absentee ballot applications and ballots.

237.

The Consent Decree increased the burden on election officials to conduct the mandatory signature verification process by adding additional, cumbersome steps.

238.

For example, the Consent Decree tripled the number of personnel required for an absentee ballot application or ballot to be rejected for signature mismatch.

239.

The Consent Decree further violated the Election Code by purporting to allow election officials to match signatures on absentee ballot envelopes against the application, rather than the voter file as required by O.C.G.A. §§ 21-2-381, 21-2-385.

**RESPONDENTS DID NOT CONDUCT MEANINGFUL VERIFICATION OF
ABSENTEE BALLOT APPLICANT AND VOTER IDENTITIES**

240.

Notwithstanding the changes made by the Consent Decree, the mandatory signature verification and voter identification requirements were not altogether eliminated.

241.

Despite the legal requirement for signature matching and voter identity verification, Respondents failed to ensure that such obligations were followed by election officials. **Exhibit 9** is attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

242.

According to state records, an unprecedented 1,768,972 absentee ballots were mailed out in the Contested Election. **Exhibit 10** is attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

243.

Of the total number of absentee ballots mailed out in the Contested Election, 1,317,000 were returned (i.e., either accepted, spoiled, or rejected). *Id.*

244.

The number of absentee ballots returned in the Contested Election represents a greater than 500% increase over the 2016 General Election and a greater than 400% increase over the 2018 General Election. *Id.*

245.

The state received over a million more ballots in the Contested Election than the 2016 and 2018 General Elections. *Id.*

246.

The number of returned absentee ballots that were rejected in the Contested Election was 4,471, yielding a 0.34% rejection rate. *Id.*

247.

The number of returned absentee ballots that were rejected in the 2016 General Election was 6,059, yielding a 2.90% rejection rate. *Id.*

248.

The number of returned absentee ballots that were rejected in the 2018 General Election was 7,889, yielding a 3.46% rejection rate. *Id.*

249.

Stated differently, the percentage of rejected ballots fell to 0.34% in 2020 from 2.9% in 2016 and 3.46% in 2018, despite a nearly sixfold increase in the number of ballots returned to the state for processing.

250.

The explosion in the number of absentee ballots received, counted, and included in the tabulations for the Contested Election, with the simultaneous precipitous drop in the percentage of absentee ballots rejected, demonstrates there was little or no proper review and confirmation of the eligibility and identity of absentee voters during the Contested Election.

251.

Had the statutory procedure for signature matching, voter identity and eligibility verification been followed in the Contested Election, Georgia's historical absentee ballot rejection rate of 2.90-3.46% applied to the 2020 absentee ballot returned and processed, between 38,250 and 45,626 ballots should have been rejected in the Contested Election. *See Exhibit 10.*

**RESPONDENTS VIOLATED GEORGIANS' FUNDAMENTAL RIGHT TO A
TRANSPARENT AND OPEN ELECTION**

252.

A fair, honest, and transparent vote count is a cornerstone of democratic elections. INTERNATIONAL INSTITUTE FOR DEMOCRACY AND ELECTORAL ASSISTANCE, INTERNATIONAL ELECTORAL STANDARDS, GUIDELINES FOR REVIEWING THE LEGAL FRAMEWORK OF ELECTIONS (2002).

253.

All citizens, including Georgians, have rights under the United States Constitution to the full, free, and accurate elections built upon transparency and verifiability. *Purcell v. Gonzalez*, 549 U.S. 1, 4, 127 S. Ct. 5, 7 (2006) (per curiam).

254.

Citizens are entitled—and deserve—to vote in a transparent system that is designed to protect against vote dilution. *Bush v. Gore*, 531 U.S. 98, 104-05, 121 S. Ct. 525, 529-30 (2000); *Anderson v. United States*, 417 U.S. 211, 227 (1974); *see also Baker v. Carr*, 369 U.S. 186, 208, 82 S. Ct. 691, 705 (1962).

255.

This requires that votes be counted, tabulated and consolidated in the presence of the representatives of parties and candidates and election observers, and that the entire process by which a winner is determined is fully and completely open to public scrutiny. INTERNATIONAL ELECTORAL STANDARDS at 77.

256.

The importance of watchers and representatives serving as an important check in elections is recognized internationally. *Id.*

257.

Georgia law recognizes “the fundamental right of citizens to vote ***and to have their votes counted accurately.***” *Martin* at 194 (emphasis added).

258.

The right to have one’s vote counted accurately infers a right to a free, accurate, public, and transparent election, which is reflected throughout Georgia election law. *Cf. Ellis v. Johnson*, 263 Ga. 514, 516, 435 S.E.2d 923, 925 (1993) (“Of particular importance is that the General

Assembly has provided the public with the right to examine . . . the actual counting of the ballots, . . . and the computation and canvassing of returns . . .”).

259.

Georgia law requires “[s]uperintendents, poll officers, and other officials engaged in the conducting of primaries and elections . . . shall perform their duties in public.” O.C.G.A. §21-2-406.

260.

Each political party who has nominated a candidate “shall be entitled to designate . . . state-wide poll watchers.” O.C.G.A. § 21-2-408 (b)(2).

261.

Poll watchers “may be permitted behind the enclosed space for the purpose of observing the conduct of the election and the counting and recording of votes.” O.C.G.A. § 21-2-408 (d).

262.

“All proceedings at the tabulating center and precincts shall be open to the view of the public.” O.C.G.A. § 21-2-483(b).

263.

Under O.C.G.A. § 21-2-493, “[t]he superintendent shall, at or before 12:00 noon on the day following the primary or election, at his or her office or at some other convenient **public place** at the county seat or in the municipality, of which **due notice of shall have been given** as provided by Code Section 21-2-492, **publicly commence** the computation and canvassing of returns and continue the same from the day until completed.” (Emphasis added.)

264.

During the tabulation of votes cast during an election, vote review panels are to convene to attempt to determine a voter's intent when that intent is unclear from the ballot, consisting of equal Republican and Democratic representation. *See* O.C.G.A. § 21-2-483(g)(2).

265.

The activities of the vote review panel are required to be open to the view of the public. *See* O.C.G.A. § 21-2-483(a).

266.

Moreover, Respondent Raffensperger declared that for the Risk Limiting Audit:

Per the instructions given to counties as they conduct their audit triggered full hand recounts, **designated monitors will be given complete access to observe the process from the beginning.** While the audit triggered recount **must be open to the public and media, designated monitors will be able to observe more closely.** The general public and the press will be restricted to a public viewing area. **Designated monitors will be able to watch the recount while standing close to the elections' workers conducting the recount.**

Political parties are allowed to designate a minimum of two monitors per county at a ratio of one monitor per party for every ten audit boards in a county **Beyond being able to watch to ensure the recount is conducted fairly and securely,** the two-person audit boards conducting the hand recount call out the votes as they are recounted, **providing monitors and the public an additional way to keep tabs on the process.**⁸

267.

Respondents, jointly and severally, violated Petitioners' fundamental right to a free, accurate, public, and transparent election under the Constitution of the State of Georgia in the

⁸ Office of Secretary of State Brad Raffensperger, *Monitors Closely Observing Audit-Triggered Full Hand Recount: Transparency is Built Into Process* (Nov. 17, 2020), https://sos.ga.gov/index.php/elections/monitors_closely_observing_audit_triggered_full_hand_recount_transparency_is_built_into_process.

Contested Election and the Risk Limiting Audit. *See* composite Affidavit Appendix attached is attached to the original Verified Complaint filed in this matter and incorporated herein by reference as **Exhibit 17**.

268.

Respondents, jointly and severally, violated provisions of the Georgia Election Code mandating meaningful public oversight of the conduct of the election and the counting and recording of votes in the Contested Election and the Risk Limiting Audit. *Id.*

269.

Respondents, jointly and severally, failed to adhere to Respondent Raffensperger's own guidelines promising a free, accurate, public, and transparent process in the Risk Limiting Audit. *Id.*

**RESPONDENTS HAVE ADMITTED MISCONDUCT, FRAUD, AND WIDESPREAD
IRREGULARITIES COMMITTED BY MULTIPLE COUNTIES**

270.

The Secretary of State has admitted that multiple county election boards, supervisors, employees, election officials and their agents failed to follow the Election Code and State Election Board Rules and Regulations.⁹

⁹ Note: These are samples and not an exhaustive list of the Secretary of State's admissions of Respondents' failures and violations of Georgia law.

271.

The Secretary of State has called The Fulton County Registration and Elections Board and its agents' ("Fulton County Elections Officials") job performance prior to and through the Election Contest "dysfunctional."

272.

The Secretary of State and members of his staff have repeatedly criticized the actions, poor judgment, and misconduct of Fulton County Elections Officials.

273.

Fulton County Elections Officials' performance in the 2020 primary elections was so dysfunctional that it was fined \$50,000 and subject to remedial measures.

274.

Describing Respondent Barron's and the Fulton County Election Officials conduct in the Fulton County Elections in the Election Contest, Secretary Raffensperger stated, "Us and our office, and I think the rest of the state, is getting a little tired of always having to wait on Fulton County and always having to put up with [Fulton County Elections Officials'] dysfunction."

275.

The Secretary of State's agent, Mr. Sterling, said initial findings from an independent monitor allegedly show "generally bad management" with Fulton's absentee ballots.¹⁰

¹⁰ Ben Brasch, *Georgia Opens 2 Investigations Into Fulton's Elections Operations*, The Atlanta Journal-Constitution (Nov. 17, 2020), <https://www.ajc.com/news/atlanta-news/georgia-opens-2-investigations-into-fultons-elections-operations/EVCBN4ZJTZELPDHMH63POL3RKQ/>.

Fulton County Elections' Deception and Fraud

276.

The Secretary of State's Office claims it investigated an incident where Fulton County election officials fraudulently stated there was a "flood" and "a pipe burst," which was later revealed to be a "leaky" toilet.

277.

At approximately 10:00 p.m. on November 3, 2020, Fulton County Election Officials, who were handling and scanning thousands of ballots at the State Farm Arena, instructed Republican poll watchers and the press that they were finished working for the day and that the Republican poll watchers and the press were to leave. The Fulton County Elections Officials further stated that they would restart their work at approximately 8:00 a.m. on November 4, 2020.

278.

The Fulton County Election Officials lied.

279.

Deliberate misinformation was used to instruct Republican poll watchers and members of the press to leave the premises for the night at approximately 10:00 p.m. on November 3, 2020. **Exhibits 12, 13, and 14** are attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

280.

After Fulton County Elections Officials **lied and defrauded** the Republican poll watchers and members of the press, whereby in reasonable reliance the Republican poll watchers and

members of the press left the State Farm Arena (where they had been observing the ballots being processed), without public transparency Fulton County Elections Officials continued to process, handle, and transfer many thousands of ballots. *See Exhibit 14.*

281.

Fulton County Elections Officials' fraudulent statements not only defrauded the Republican poll watchers and the press, but also deprived every single Fulton County voter, Georgian, American, and Petitioners of the opportunity for a transparent election process and have thereby placed the Election Contest in doubt.

Spalding County Elections & Voter Registration Supervisor and Her Agents' Failures

282.

Respondent Raffensperger has called for the resignation of the Spalding County Elections and Voter Registration Supervisor, who has, as of this filing, resigned.¹¹

283.

Respondent Raffensperger cited "serious management issues and poor decision-making" by Election Supervisor Marcia Ridley during the Contested Election.

¹¹ David Wickert, *Georgia Officials Call for Spalding Election Director to Resign*, The Atlanta Journal-Constitution (Nov. 17, 2020), <https://www.ajc.com/politics/election/georgia-officials-call-for-spalding-election-director-to-resign/YYUISCBSV5FTHDZPM3N5RJVV6A/>.

Floyd County Elections & Voter Registration Supervisor and Her Agents' Failures

284.

Respondent Raffensperger has called for the resignation of the Executive Director of the Floyd County Board of Registrations and Elections for his failure to follow proper election protocols.¹²

**RESPONDENTS CONSPIRED TO DISREGARD THE ELECTION CODE AND TO
SUBSTITUTE THEIR OWN UNLAWFUL EDICTS**

285.

In violation of O.C.G.A. § 21-2-386 et seq. the State Board of Election promulgated a rule that authorized county election boards to begin processing absentee ballots on the third Monday preceding the election, provided they give the Secretary of State and the public notice of such intention to begin processing absentee ballots.

286.

Failure to follow the process directed by the statute is a derogation of the Election Code and denies voters the ability to cancel their absentee ballot up until Election Day.

287.

Respondents, jointly and severally, were complicit in conspiring to violate and violating the Election Code.

¹² Jeffrey Martin, Georgia Secretary of State Calls for Resignation of County Election Director After 2,600 Ballots Discovered (Nov. 16, 2020), <https://www.newsweek.com/georgia-secretary-state-calls-resignation-county-election-director-after-2600-ballots-discovered-1547874>.

288.

Respondents, jointly and severally, are “Violators” as defined by the Election Code.

289.

As a direct and proximate result of Respondents multiple, continued, and flagrant disregard of the Election Code, the outcome of the Contested Election is not capable of being known with certainty.

290.

Petitioners incorporate by reference and reallege all prior paragraphs of this Petition and the paragraphs in the Counts below as though set forth fully herein.

291.

Despite Respondents receiving substantial funding from the Center for Technology and Civic Life (CTCL), Respondents failed to use such funds to train the election workers regarding signature verification, the proper procedures for matching signatures, and how to comply fully with the Election Code. **Exhibit 11** is attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

292.

Due to the lack of uniform guidance and training, the signature verification and voter identity confirmation was performed poorly or not at all in some counties and served as virtually no check against improper voting. *See Exhibit 9.*

RESPONDENT SECRETARY OF STATE MUST ALLOW AND CONDUCT AN AUDIT OF THE SIGNATURES ON ABSENTEE BALLOT APPLICATIONS AND ABSENTEE BALLOTS IN ORDER TO DETERMINE WHETHER THE SIGNATURES WERE PROPERLY MATCHED PRIOR TO BEING COUNTED AND INCLUDED IN THE TABULATIONS

293.

The data regarding the statistically miniscule rejection rate of absentee ballots cast and counted in the Contested Election gives rise to sufficient concerns that there were irregularities that should be reviewed and investigated.

294.

Petitioners have brought these concerns about the signature matching and voter verification process to the attention of Respondent Raffensperger **on five separate occasions** since the Contested Election, requesting that the Secretary conduct an audit of the signatures on the absentee ballot applications and absentee ballots, via Letter on November 10, 2020; Letter on November 12, 2020; Letter on November 23, 2020; Email on November 23, 2020, and again via Letter on November 30, 2020. **Exhibit 18** is attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

295.

The Secretary of State is obligated by law to “to permit the public inspection or copying, in accordance with this chapter, of any return, petition, certificate, paper, account, contract, report, or any other document or record in his or her custody.” O.G.C.A. § 21-2-586(a). The Court has the power to compel the open inspection of original applications. O.C.G.A. § 21-2-225(a).¹³

¹³ Petitioners are ready, willing and able to enter into a mutually agreeable Protective Order to protect any personal identifying information.

296.

Failure to comply with any such request by the Secretary of State or an employee of his or her office shall [constitute] a misdemeanor.” O.G.C.A. § 21-2-586(a).

297.

The Secretary of State’s refusal on five separate occasions to comply with requests to produce the signatures used to request absentee ballots and to confirm the identities of those individuals requesting such ballots in the contested election is a violation of O.G.C.A. § 21 2 586(a).

298.

In order for the Secretary of State to comply with O.G.C.A. § 21-2-586(a), professional handwriting experts recommend a minimum of Ten Thousand (10,000) absentee ballot signatures be professionally evaluated. **Exhibit 16** is attached to the original Verified Complaint filed in this matter and incorporated herein by reference.

299.

Petitioners respectfully request that the Court order the production of the records of the absentee ballot applications and absentee ballots, for purposes of conducting an audit of the signatures on absentee ballot applications and absentee ballots cast in the Contested Election.

**THERE ARE MYRIAD REPORTS OF IRREGULARITIES AND VIOLATIONS OF
THE ELECTION CODE DURING THE CONTESTED ELECTION**

300.

Petitioners have received hundreds of incident reports regarding problems, irregularities, and violations of the Election Code during the Contested Election.

301.

From those reports, Petitioners have attached affidavits from dozens of Citizens of Georgia, sworn under penalty of perjury, attesting to myriad violations of law committed by Respondents during the Contested Election. *See Exhibit 17.*

302.

The affidavits are attached to this Petition as an Appendix, with details of the multiple violations of law. *Id.*

303.

Also included in the Appendix are sworn declarations from data experts who have conducted detailed analysis of irregularities in the State's voter records. *See Exhibits 2, 3, 4, and 10.*

COUNTS

COUNT I:

ELECTION CONTEST

O.C.G.A §21-2-521 *et seq.*

304.

Petitioners incorporate by reference and re-allege the applicable foregoing paragraphs stated above.

305.

Respondents, jointly and severally, have violated the Constitution of the State of Georgia.

306.

Respondents, jointly and severally, have violated the laws of the State of Georgia.

307.

Respondents, jointly and severally, have violated the Election Code.

308.

Respondents, jointly and severally, have violated State Election Board Rules and Regulations.

309.

Respondents, jointly and severally, have violated the basic tenants of an open, free, and fair election.

310.

Respondents, jointly and severally, have failed in their duties to their constituents, the people of the State of Georgia, and the entire American democratic process.

311.

The Contested Election has been timely and appropriately contested per O.C.G.A. § 21-2-522 et seq.

312.

As a direct and proximate result of Respondents' actions, the Contested Election is fraught with misconduct, fraud, and irregularities.

313.

Due to the actions and failures of Respondents, many thousands of illegal votes were accepted, cast, and counted in the Contested Election, and legal votes were rejected.

314.

The fraud, misconduct, and irregularities that occurred under the “supervision” of Respondents are sufficient to change the purported results of the Contested Election.

315.

The fraud, misconduct, and irregularities that occurred under the “supervision” of Respondents are sufficient to place the Contested Election in doubt.

316.

Respondents’ misconduct is sufficient to change the purported results in the Contested Election in President Trump’s favor.

317.

Respondents’ misconduct is sufficient to place the purported Contested Election results in doubt.

318.

Respondents, jointly and severally, erred in counting the votes in the Contested Election.

319.

Respondents’ error in counting the votes in the Contested Election would change the result in President Trump’s favor.

320.

Respondents, jointly and severally, erred in declaring the Contested Election results in favor of Mr. Biden.

321.

Respondents' systemic negligent, intentional, willful, and reckless violations of the Georgia Constitution, Georgia law, as well as the fundamental premise of a free and fair election created such error and irregularities at every stage of the Contested Election—from registration through certification and every component in between—that the outcome of the Contested Election is in doubt.

322.

As a result, there is sufficient evidence to call the result of the Contested Election into doubt as to the outcome of the Contested Election, and the Contested Election and any certification associated therewith shall be enjoined, vacated, and nullified and either a new presidential election be immediately ordered that complies with Georgia law or, in the alternative, that such other just and equitable relief is obtained so as to comport with the Constitution of the State of Georgia.¹⁴ *See* O.C.G.A. § 21-2-522.

COUNT II:

VIOLATIONS OF THE GEORGIA CONSTITUTION'S EQUAL PROTECTION PROVISION

323.

Petitioners incorporate by reference and re-allege the paragraphs stated above.

¹⁴ In the event this Court enjoins, vacates, and nullifies the Contested Election, the Legislature shall direct the manner of choosing presidential electors. U.S. art II, § 1; *see also* *Bush v. Gore*, 531 U.S. 98.

324.

The Constitution of the State of Georgia provides, “Protection and property is the paramount duty of government and shall be impartial and complete. No person shall be denied the equal protection of the laws.” Ga. Const. art. I, § I, para. II.

325.

Under Georgia’s Equal Protection Clause, “the government is required to treat similarly situated individuals in a similar manner.” *State v. Jackson*, 271 GA 5 (1999), *Favorito v. Handel*, 285 Ga. 795, 798 (2009) (citation and quotations omitted). See **Exhibit 15**.

326.

This requires establishing a uniform procedure for all counties to conduct absentee voting, advance voting, and Election Day in-person voting.

327.

Respondents, jointly and severally, failed to establish such uniform procedure for the verification of signatures of absentee ballots.

328.

Respondents, jointly and severally, failed to establish a uniform level of scrutiny for signature matching.

329.

Respondents, jointly and severally, failed to train those who would be conducting signature verification on how to do so.

330.

The burdens of applying for and voting an absentee ballot were different in various counties throughout the State of Georgia.

331.

Electors voting via by absentee mail-in ballot were not required to provide identification, other than a matching signature.

332.

Electors voting in person were required to show photo identification and verify the voter's identity.

333.

The burdens of applying for and voting via absentee mail-in ballot were different from those for absentee in person.

334.

Georgia voters were treated differently depending on how they voted (i.e., whether by mail or in person), where they voted, when they voted, and for whom they voted.

335.

An elector in one county casting a ballot would not have his or her ballot treated in a similar manner as a voter in a different county.

336.

Electors in the same county would not have their ballots treated in a similar manner as electors at different precincts.

337.

Electors in the same precinct would not have their ballots treated in a similar manner whose votes were tabulated using different tabulators.

338.

Respondents, jointly and severally, failed to establish uniform procedures for treating similarly situated electors similarly.

339.

Respondents' systemic failure to even attempt uniformity across the state is a flagrant violation of the Constitution of the State of Georgia.

340.

Such a violation of the rights of the Citizens of Georgia constitutes misconduct and irregularity by election officials sufficient to change or place in doubt the result of the Contested Election.

341.

As a result, there is substantial doubt as to the outcome of the Contested Election, and the Contested Election and any certification associated therewith should be enjoined, vacated, and nullified and either a new presidential election be immediately ordered that complies with Georgia

law or such other just and equitable relief is obtained so as to comport with the Constitution of the State of Georgia. *See* O.C.G.A. § 21-2-522.

COUNT III:

VIOLATIONS OF THE GEORGIA CONSTITUTION'S DUE PROCESS PROVISIONS

342.

Petitioners incorporate by reference and re-allege the paragraphs stated above.

343.

Pursuant to the Constitution of the State of Georgia, “No person shall be deprived of life, liberty, or property except by due process of law.” Ga. Const. art. I, § I, para. I.

344.

Moreover, “All citizens of the United States, resident in this state, are hereby declared citizens of this state; and it shall be the duty of the General Assembly to enact such laws as will protect them in the full enjoyment of the rights, privileges, and immunities due to such citizenship.” Ga. Const. art. I, § 1, para. VII.

345.

The right to vote is a fundamental right.

346.

When a fundamental right is allegedly infringed by government action, substantive due process requires that the infringement be narrowly tailored to serve a compelling state interest. *Old S. Duck Tours v. Mayor & Aldermen of City of Savannah*, 272 Ga. 869, 872, 535 S.E.2d 751, 754 (2000).

347.

By allowing illegal ballots to be cast and counted, Respondents diluted the votes of qualified Georgia electors.

348.

By allowing illegal ballots to be cast and counted, Respondents, by and through their misconduct, allowed the disenfranchisement of qualified Georgia electors.

349.

Respondents, jointly and severally, violated the Due Process protections of qualified Georgia Electors guaranteed by the Georgia State Constitution.

350.

As a result, there is substantial doubt as to the outcome of the Contested Election and any certification associated therewith should be enjoined, vacated, and nullified and either a new presidential election be immediately ordered that complies with Georgia law or such other just and equitable relief is obtained so as to comport with the Constitution of the State of Georgia.

COUNT IV:

DECLARATORY JUDGMENT AND RELIEF

351.

Petitioners incorporate by reference and re-allege the paragraphs stated above.

352.

This claim is an action for a declaratory judgment pursuant to O.C.G.A. §§ 9-4-1 et seq.

353.

An actual controversy is ripe and exists between Petitioners and Respondents with regard to the misconduct, fraud, and irregularities occurring in the Contested Election, specifically including but not limited to:

- a. The illegal and improper inclusion of unqualified voters on Georgia's voter list;
- b. allowing ineligible voters to vote illegally in the Contested Election;
- c. whether the Contested Election results are invalid;
- d. whether the results of the Contested Election are null and void.

354.

It is necessary and proper that the rights and status amongst the parties hereto be declared.

355.

This Honorable Court is a Court of Equity and therefore endowed with the authority to hear and the power to grant declaratory relief.

356.

As a result of the systemic misconduct, fraud, irregularities, violations of Georgia law, and errors occurring in the Contested Election and consequently in order to cure and avoid said uncertainty, Petitioners seek the entry of a declaratory judgment providing that:

- a. ineligible and unqualified individuals are unlawfully included on Georgia's voter role;
- b. unregistered, unqualified, and otherwise ineligible voters cast their votes during the Contested Election;
- c. the results of the Contested Election are null and void;

- d. any such other relief under the Election Code and which equity would otherwise require.

COUNT V:

**REQUEST FOR TEMPORARY RESTRAINING ORDER AND PRELIMINARY AND
PERMANENT INJUNCTIVE RELIEF**

357.

Petitioners incorporate by reference and re-allege the paragraphs stated above.

358.

Petitioners seek an temporary restraining order, as well as preliminary and permanent injunctive relief per O.C.G.A. § 9-11-65, to:

- a. Order expedited discovery and strict compliance with all open records requests;
- b. Order Respondents to respond to this Petition within 3 days;
- c. Require Respondents to immediately fulfill their obligations under the Election Code to properly maintain and update Georgia's list of registered voters to remove ineligible voters;
- d. Prevent Respondents from allowing unqualified, unregistered, and otherwise ineligible individuals from voting in Georgia elections, including but not limited to the upcoming January 5, 2021 run-off¹⁵;
- e. Require an immediate audit of the signatures on absentee ballot applications and ballots as described in Exhibit 16;
- f. Require the Secretary of State to decertify the results of the Contested Election and declare it a nullity;

¹⁵ To the extent ineligible voters have already voted absentee for the January 5, 2021, runoff, those votes should be put into a provisional status.

- g. Enjoin the Secretary of State from appointing the Electors to the Electoral College;
- h. Order a new Presidential Election to occur at the earliest opportune time; and
- i. For such other relief that this Court deems just and proper under the circumstances.

359.

In the absence of a temporary restraining order and preliminary and permanent injunctions, Petitioners (and the Citizens of Georgia and the United States) will suffer irreparable harm for which there is no adequate remedy at law, while injunctive relief will cause no harm to Respondents.

360.

Immediate and irreparable injury, loss, or damage will result to the Petitioners (as well as the Citizens of Georgia and the United States) if the requested injunctive relief is not granted.

361.

There will be immediate and irreparable damage to the Citizens of Georgia by allowing an illegal, improper, fraudulent, error-ridden presidential election to be certified, thereby improperly appointing Georgia's electors for Mr. Biden even though the Contested Election is in doubt.

362.

There will be irreparable damage to the Citizens of Georgia through their loss of confidence in the integrity of the election process by virtue of the illegal votes included in the tabulations of the Contested Election, which outweighs any potential harm to Respondents.

363.

Granting the requested relief will not disserve the public interest.

364.

Granting the requested relief does not violate public policy.

365.

Granting the requested relief is in the interest of public policy.

366.

Petitioners will be irreparably injured in the event the prayed for injunctive relief is not granted.

367.

The public will be irreparably injured in the event the prayed for injunctive relief is not granted.

368.

Petitioners are entitled to ascertain the true outcome of the Contested Election.

369.

Petitioners are entitled to ascertain whether the Contested Election was conducted in a manner that violated the law.

370.

The Citizens of the State of Georgia are entitled to ascertain the true outcome of the Contested Election.

371.

The Citizens of the State of Georgia are entitled to ascertain whether the Contested Election was conducted in a manner that violated the law.

372.

It is further in the public interest to grant Petitioner's request for injunctive relief so that Georgia voters can have confidence that the January 5, 2021, Senate election is conducted in accordance with the Election Code.

373.

As early as possible, notice to Respondents of Petitioners' motion for injunctive relief will be made via email and / or telephone.

374.

Petitioners are further entitled to the injunctive relief sought herein because there is a substantial likelihood of success on the merits.

375.

The damage to Petitioners is not readily compensable by money.

376.

The balance of equities favors entry of a temporary restraining order and injunctive relief against Respondents and would not be adverse to any legitimate public interest.

WHEREFORE, Petitioners respectfully pray as follows for relief as follows:

1. That this Court issue a declaratory judgment that systemic, material violations of the Election Code during the Contested Election for President of the United States occurred that has rendered the Contested Election null and void as a matter of law;

2. That this Court issue a declaratory judgment that systemic, material violations of the Election Code during the Contested Election violated the voters' due process rights under the Georgia Constitution have rendered the Contested Election null and void as a matter of law;
3. That this Court issue a declaratory judgment that systemic, material violations of the Election Code violated the voters' equal protection rights under the Constitution of the State of Georgia that have rendered the Contested Election null and void as a matter of law, and such other and further relief under the Election Code and as equity should dictate;
4. That the Court issue an injunction requiring all Respondents to decertify the results of the Contested Election;
5. That the Court order a new election to be conducted in the presidential race, in the entirety of the State of Georgia at the earliest date, to be conducted in accordance with the Election Code;
6. That the Court order expedited discovery and hearing, since time is of the essence, given the legal requirements that the presidential electors from the State of Georgia are to meet on December 14, 2020, and that the electoral votes from the State of Georgia are to be delivered to and counted by the United States Congress on January 6, 2021;
9. That the Court order Respondents to make available 10,000 absentee ballot applications and ballot envelopes from Respondents, as per Exhibit 16, and access to the voter registration database sufficient to complete a full audit, including but not limited to a comparison of the signatures affixed to absentee ballot applications and envelopes to those on file with the Respondents under O.C.G.A. § 21-2-225(a);

10. That the Court order the Secretary of State and other Respondents to release to Petitioners for inspection all records regarding the Contested Election pursuant to O.C.G.A. § 21-2-586;
11. That the Court order all Respondents to immediately identify and remove felons with uncompleted sentences, cross-county voters, out-of-state voters, deceased voters, and other ineligible persons from Respondents' voter rolls within the next 30 days;
14. That the Court declare that all rules adopted by the Respondents Secretary of State or the State Election Board in contravention of the Georgia Election Code be invalidated, specifically regarding the authentication and processing of absentee ballots, to wit: State Election Board Rule 183-1-14-0.9-.15;
15. That the Court order such other relief as it finds just and proper.

Respectfully submitted this 9th day of December, 2020.

Brad Raffensperger
214 State Capitol
Atlanta, GA. 30334

Dear Mr. Raffensperger,

The Coffee County Board of Elections and Registration cannot certify the electronic recount numbers given its inability to repeatably duplicate creditable election results. Any system, financial, voting, or otherwise, that is not repeatable nor dependable should not be used. To demand certification of patently inaccurate results neither serves the objective of the electoral system nor satisfies the legal obligation to certify the electronic recount.

I am enclosing a spread sheet which illuminates that the electronic recount lacks credibility. NO local election board has the ability to reconcile the anomalies reflected in the attached. Accordingly, the Coffee County Board of Elections and Registration have voted to certify the votes cast in the election night report. The election night numbers are reflected in the official certification of results submitted by our office.

Respectfully,
Coffee County Board of Elections and Registration

Ernestine Thomas-Clark

Chairperson

Signed by Chairperson by expressed permission and consent of 100% of the board.

DISCREPANCIES IN THE NOVEMBER 3, 2020 GENERAL ELECTION AND RECOUNTS

Date	Activity	Action #	Trump	Biden	Jorgensen	Write-IN*	No Vote*	Total Votes	Internal Delta	Total Delta	Net Discrepancy Between Total and Internal
11/3/2020	Election Day 1	1	10578	4511	125	23	40	15237			
11/17/2020	Hand Recount	2	10578	4511	126	NA	NA	15238			
	Compare 2 to 1		0	0	+1			+1	+1	+1	0
11/30/2020	Electronic Recount	3	10596	4518	13	0	15	15127			
	Compare 3 to 1		+18	+7	-112			-110	-87	-110	+23
	Compare 3 to 2		+18	+7	-112			-110	-88	-110	+22
11/30/2020	2nd uploaded 185 BALLOTS	4	NO CHANGE	NO CHANGE	NO CHANGE	0	74	NO CHANGE			
	The tabulated Electronic Recount revealed the above discrepancies										
	Investigation revealed we neglected to run 185 ballots: we then ran these ballots										
	we reviewed the results but there was No Change in Vote Count Despite 185 Ballots Added										
	The on Site Dominion Rep could not explain why system would not update votes										
	The Dominion Rep directed the Board of Elections to make a decision about what to do.										
	FOR SOME REASON NO WRITE-IN COLUMN PRINTED ON THE RECOUNT SUMMARY										
	THERE WAS NO EXPLANATION OR SOLUTION TO THIS PROBLEM										
12/2/2020	Prepare to Certify	5	10597	4520	136			15236			
	Compare 5 to 1		+19	+9	+9			-1	+37	+16	+21
	Compare 5 to 2		+19	+9	+9			-2	+38	+16	+22
	There is a discrepancy between Electronic Recount and total votes for both 1 & 2										
	Stated Differently after 3 counts a clear inconsistency exists as one compares the original election counts, the hand recount, and the electronic recount.										
	Anomalies in software recounts create irreconcilable difference in vote count which leaves the Board with no clear guidance as to which count to certify.										
	* Write-IN and NO Votes are NOT included in the Total Votes
